**The Legislature of New South Wales enacts:**

**"passenger"** does not include the driver of a public passenger vehicle (or, where the vehicle is a vessel, the master or crew of the vessel);

**"private hire vehicle"** means a motor vehicle (other than a bus or taxi-cab) which is used to provide a public passenger service (other than a regular passenger service, a long-distance service or a tourist service);

**"public passenger service"** means the carriage of passengers for a fare or other consideration:

- (a) by motor vehicle along a public street; or
- (b) by vessel within any New South Wales waterway;

### **Objects**

4. The objects of this Act are:

- (a) to require the accreditation, by the Director-General, of the operators of and drivers involved in public passenger services; and
- (b) to dispense with the licensing of ferries and buses used to provide a public passenger service, providing instead for:
  - (i) ferry and bus services to be operated under fixed-term contracts entered into between the Director-General and operators; and
  - (ii) deregulation of long-distance and tourist services; and
  - (iii) regulation of government and non-government buses and ferries on a more equal basis; and
- (c) to encourage the provision of school bus services on a more commercial basis, without disregarding the reasonable expectations of traditional service operators; and
- (d) to consolidate and re-enact, with certain modifications, those provisions of the Transport Licensing Act 1931 that relate to the regulation of taxi-cabs and private hire vehicles and (without substantial alteration) the provisions of the Transfer of Public Vehicles (Taxation) Act 1969.

### **Crown bound by Act**

5. (1) This Act binds the Crown not only in right of New South Wales but also, in so far as the legislative power of Parliament permits, in all its other capacities.

(2) In particular, this Act, in so far as it applies to public passenger services, applies to any such services carried on by the State Transit Authority and the State Rail Authority.

### **Other public passenger vehicles**

6. (1) The regulations may declare that any specified class of vehicles, being vehicles used for the carriage of passengers for hire or for any consideration or in the course of any trade or business, are to be taken to be public passenger vehicles for the purposes of this Act.

(2) The regulations may apply all or any of the provisions of this Act (with or without modification) to any such class of vehicles.

## **PART 2—CREDENTIALS OF OPERATORS AND DRIVERS**

### **Division 1—Accreditation of operators**

#### **Accreditation**

7. (1) A person who:

- (a) carries on a public passenger service by means of a bus or other motor vehicle; or
  - (b) carries on a regular passenger service by means of a ferry,
- being in either case a service operating within, or partly within, New South Wales is guilty of an offence unless the person is an accredited service operator for that service.

Maximum penalty 100 penalty units.

(2) The purpose of accreditation under this Division is to attest:

- (a) that the accredited person is (or, in the case of an accredited corporation, the designated directors and managers of the corporation are) considered to be of good repute and in all other respects fit and proper to be responsible for the operation of a public passenger service; and
- (b) that the accredited person has demonstrated the capacity to meet the government's standards of:
  - (i) financial viability; and
  - (ii) safety of passengers and the public; and
  - (iii) vehicle maintenance,

to the degree and in the manner required in respect of services of the kind specified in the accreditation.

(3) Standards for the purposes of subsection (2) (b):

- (a) may be prescribed by the regulations; or
- (b) to the extent that they are not so prescribed, may be determined and published by the Director-General and made available to interested persons.

(4) Any person wishing to obtain from the Director-General a copy of a standard published under subsection (3) (b) must pay the fee (if any) prescribed by the regulations.

### **Procedure**

**8.** (1) Having regard to the purpose of accreditation, the Director-General may accredit persons applying for accreditation.

(2) For the purposes of this section:

- (a) a corporation may nominate, and the Director-General may accept the nomination of, any number of its directors and managers; and
- (b) further nominations may be made and accepted from time to time; and
- (c) a person so nominated becomes a designated director or manager, as referred to in section 7 (2) (a), only when the Director-General certifies acceptance of the nomination.

(3) Procedures for the purposes of this section may be settled by the Director-General, subject to any provision in that behalf made by the regulations.

### **Style of accreditation**

**9.** (1) Particulars of accreditation are to be given in writing by the Director-General to the accredited person.

(2) An accreditation may be given so as to be general or limited, that is to say

- (a) appropriate for all public passenger services; or
- (b) appropriate only for the service or services designated in the accreditation, or for a service or services having the scope or characteristics so designated.

### **Variation, suspension or cancellation of accreditation**

**10.** (1) Having regard to the purpose of accreditation, the Director-General may at any time vary, suspend or cancel any person's accreditation.

(2) The accreditation of a corporation is automatically cancelled when there is no designated director or manager for the purposes of section 7 (2) (a).

**Division 2—Drivers' authorities**

**Authorities**

**11.** (1) A person who drives a public passenger vehicle is guilty of an offence unless the person is the holder of an appropriate authority under this Division.

Maximum penalty 20 penalty units.

(2) The purpose of an authority under this Division is to attest:

- (a) that the authorised person is considered to be of good repute and in all other respects a fit and proper person to be the driver of a public passenger vehicle; and
- (b) that the authorised person is considered to have sufficient responsibility and aptitude to drive the vehicle or vehicles to which the authority relates:
  - (i) in accordance with the conditions under which a public passenger service is operated; and
  - (ii) in accordance with law and custom.

(3) The regulations may create categories or grades of authority.

**Criteria and procedure**

**12.** (1) Having regard to the purpose of an authority, the Director-General may grant authorities to persons applying for them.

(2) Applicants must meet any criteria set forth in the regulations and must satisfy the Director-General as to any matter the Director-General considers relevant.

(3) Procedures for the purposes of this section may be settled by the Director-General, subject to any provision in that behalf made by the regulations.

**Style of authority**

**13.** (1) An authority is to be given in writing by the Director-General to the person authorised.

(2) The authority must specify the kind or kinds of vehicles for which it is appropriate.

**Variation, suspension or cancellation of authority**

14. Having regard to the purpose of an authority, the Director-General may at any time vary, suspend or cancel any person's authority.

**Division 3—Fees**

**Fees**

15. An applicant for an accreditation or authority under this Part must pay any fee fixed by the regulations for consideration of the application.

**PART 3—REGULAR PASSENGER SERVICES**

**Service contracts**

16. (1) The terms and conditions on which any regular passenger service is to be carried on within, or partly within, New South Wales are to be set forth in a contract entered into between an accredited operator and the Director-General (on behalf of the Crown).

(2) The Director-General may invite contracts by tender or in such other manner as the Director-General thinks fit.

(3) A person who carries on a regular passenger service otherwise than under the authority of a service contract is guilty of an offence.

Maximum penalty: 100 penalty units.

(4) This section has effect subject to this Act and the regulations.

**Nature of contracts**

17. (1) A service contract must make provision with respect to:

- (a) the period for which it operates; and
- (b) the manner in which it may be terminated; and
- (c) standards of safety for passengers and the public, and of vehicle maintenance; and
- (d) any other matters required by this Act or the regulations to be specified in it,

(2) A service contract may make provision for or with respect to:

- (a) monetary or other penalties for breaches of the contract and the recovery of any such monetary penalties; and

- (b) bonds for the performance of any or any specified obligations under the contract; and
- (c) such other matters as the parties think fit to include in the circumstances of the case.

(3) The contract may provide for the periodic review, in a manner and at such periods as the contract may specify, of any matter for the time being determined by or under it.

### **Commercial and non-commercial contracts**

**18.** (1) For the purpose of determining the manner in which a contract holder is to be remunerated for the performance of services under the contract, a service contract may be classified as a "commercial" or a "non-commercial" contract.

(2) Under a commercial contract, the holder's remuneration is to be derived from revenue generated by passengers' fares.

(3) Under a non-commercial contract, the holder's remuneration is to be a contract price, or remuneration fixed at an agreed rate, payable by the Crown to the holder in the manner provided by the contract.

(4) A commercial contract is to be entered into for a term of 5 years.

(5) A non-commercial contract may be entered into for any term (subject, in the case of school bus services, to the regulations).

(6) Nothing in this section precludes the holder of a non-commercial contract from charging and collecting fares from passengers in accordance with the contract.

### **Fares**

**19.** (1) A commercial contract must fix a scale of maximum fares.

(2) The scale must be fixed at not less than the average level of fares for the time being prevailing in the industry for comparable services, and due allowance must be made for inflationary movements in the costs of providing the service.

(3) Maximum fares should be specified in terms of the distance for which a passenger, on payment of a fare, is entitled to be carried. For that purpose the contract may resort to terms of average or minimum distances, but it is not sufficient to describe distance in terms only of the intervals between stopping-places along a route.

(4) Under a non-commercial contract, provision may be made for adjustments in respect of any shortfall or surplus resulting from the difference between the agreed contract price and any revenue generated by fares.

### **Service levels**

**20.** (1) In this section, "service levels" means:

- (a) the periods of time during which services are to be operated; and
- (b) the frequency and extent of operation of services during any specified period of time.

(2) A service contract must fix a scale of minimum service levels.

(3) In fixing the scale for a service to be carried on under a commercial contract, regard should be had to:

- (a) the needs of the community to be served by the service; and
- (b) the average service levels for the time being prevailing in the industry with respect to communities which have similar population densities and which are in other respects comparable.

(4) For the purposes of subsection (3) (b), average service levels may be analysed with respect to significant time categories such as peak work-based journey periods, shopping off-peak hours, Sundays and holidays, and so forth.

### **Exclusive rights**

**21.** (1) A service contract must specify a region or route of operation.

(2) A route may proceed across land or water or both, and a region may consist of a geographical or navigational area or both.

(3) A commercial contract operating on a particular route is to confer on the holder the exclusive right to operate regular passenger services on that route.

(4) The right conferred on a holder by subsection (3) precludes the Director-General from subsequently entering into a contract with any other person for the operation of a similar service along a route sufficiently proximate that it would result in substantial competition with the service carried on by that holder.

- (5) A commercial contract operating in a region may either:
  - (a) confer on the holder the exclusive right to operate regular passenger services in the region; or
  - (b) confer on the holder a right to operate such services in the region, being a right that is an exclusive right except with respect to a route or routes specified in the contract or in a variation made to the contract.

### **Newservices**

**22.** (1) If, while a commercial contract is on foot with respect to a particular region or route:

- (a) the Director-General determines that., in the public interest, additional services should be provided in that region or on, or in proximity to, that route; and
- (b) the holder of the contract declines to vary the contract, or enter into a new contract, for the provision of those additional services,

the holder thereby waives the exclusive right to operate regular passenger services in that region or on that route, but only to the extent necessary to enable the operation of those additional services by someone else.

(2) The Director-General may propose the terms and conditions of any variation of the holder's contract or of any new contract to be offered to the holder.

(3) Subsection (1) does not apply if, considering the nature and extent of the proposed additional services, the terms and conditions proposed by the Director-General are unreasonable in light of the provisions of this Act and the regulations and the circumstances of the case.

(4) For the purposes of subsection (3), the average level of fares prevailing in the industry for comparable services must be considered, together with any other matters relevant to the circumstances of the case.

(5) In the event that additional services proposed by the Director-General affect the exclusive rights of two or more contract holders, it is the duty of all parties to endeavour to agree on a just compromise of their respective rights. Failing such an agreement, the exclusive rights of any one of them (called the "first holder") are, to the

extent necessary to enable the additional services to be performed by someone else, extinguished by this subsection when:

- (a) a variation of contract is effected, or a new contract is entered into, with another holder so affected, if the proposed additional services are likely to reduce patronage of the services operated by that other holder to a greater extent than they would reduce those of the first holder; or
- (b) a new contract is entered into jointly with two or more other holders, patronage of whose services is likely to be reduced to any such greater extent.

(6) Section 28 applies to subsection (5) as though all the holders affected were bound by a common agreement.

### **Renewal of commercial contracts**

**23.** (1) At the end of the term of a commercial contract, and thereafter from time to time at the end of each term for which the contract is renewed in accordance with this section, the holder is entitled to a renewal of the contract for a further term of 5 years, unless:

- (a) the holder's previous performance under the contract has been unsatisfactory in a manner and to an extent that would have enabled the contract to be cancelled during its term if the Director-General had taken steps to do so; or
- (b) the region or route of operation of the contract is varied in accordance with section 24.

(2) If a contract is renewed, it is to be renewed, with due regard to the provisions of this Part relating to fares and other matters, on the same basis as if it were an original contract, and in such a manner as to preserve the exclusive rights of the holder.

(3) If the region or route of operation of the contract is varied under section 24, the holder (unless otherwise disentitled) is entitled to a further contract if the variation consists of a minor extension or diminution of the region or route, or is otherwise of a sufficiently minor character that a further contract may be entered into in substantially the same terms as the previous contract.

(4) An entitlement under subsection (3) is to be regarded for the purposes of this Act as an entitlement to renewal of the previous contract.

(5) The rights of a holder under this section are to be taken to be satisfied if the holder declines to enter into a renewed contract, drawn up and duly tendered to the holder, whose terms meet all the requirements of this Part.

### **Variation of region or route**

**24.** (1) The region or route of operation of a service contract cannot be varied during the term of the contract except by consent of the parties.

(2) The region or route of a commercial contract offered pursuant to section 23 as a renewal of a previous contract must be the same as the region or route defined in respect of that previous contract except by consent of the parties or by a determination of the Director-General under this section.

(3) A renewal of contract may be offered in respect of a varied region or route if the variation:

- (a) is necessary to extend services in developing areas; or
- (b) is necessary as a result of altered traffic conditions or for reasons of public safety; or
- (c) is otherwise necessary for improvement of transport services in the public interest.

### **Assignment of benefit of service contracts**

**25.** (1) The benefit of a service contract may not be assigned by its holder without the consent of the Director-General.

(2) If the Director-General is satisfied:

- (a) that the person nominated is an accredited service operator of an appropriate kind; and
- (b) that adequate provision will be made by that person for the conduct of the service concerned,

the Director-General may, by instrument in writing, consent to such an assignment.

(3) When the benefit of a contract is assigned, the assignee is bound, by force of this subsection, to perform the obligations which the assignor was bound under the contract to perform.

(4) Any purported assignment in contravention of this section is void.

**Variation, suspension or cancellation of service contracts**

**26.** (1) A service contract may, at any time during its currency, be varied, suspended or cancelled by the Director-General if:

- (a) there has been a serious or persistent failure to observe the terms and conditions of the contract; or
- (b) the holder is convicted of an offence against this Act or the regulations 'with respect to the furnishing of information concerning the service.

(2) A service contract is automatically cancelled when the holder ceases to be an accredited service operator or ceases to be an accredited service operator of an appropriate kind.

(3) Nothing in this Act prevents the Director-General from making such arrangements as the Director-General thinks fit for the provision, by an accredited service operator, of temporary services in place of any regular passenger services for the time being discontinued by a variation, suspension or cancellation under this section.

**Fee for service contract**

**27.** (1) In addition to any other fee payable under this Act, a contract fee is payable to the Director-General when a service contract for a regular passenger service is first awarded or is subsequently renewed.

(2) The Director-General may determine the amount of the fee, subject to any maximum amount prescribed by the regulations.

(3) The fee should reflect the administrative costs associated with negotiating, preparing and entering into the contract and the estimated costs associated with subsequent monitoring by the Director-General of the holder's performance.

**Provisions of this Part form part of contract**

**28.** (1) Every contract entered into for the purposes of this Part is to be taken to include all the provisions of this Part (section 16 excepted) that confer or impose any rights, powers or duties on the parties, and any contravention of such a provision may be remedied at law or in equity as though the provision were one to which the parties had by contract agreed.

(2) In proceedings for any such remedy, every duty imposed on either party by any such provision is to be regarded as a duty performable for the benefit of the other party.

(3) To the extent that an adequate alternative remedy is provided by this section, no other proceedings by way of judicial review of any decision or action of the Director-General may be taken by or on behalf of the holder of a service contract.

## **PART 4—TAXI-CABS AND PRIVATE HIRE VEHICLES**

### **Division 1—Licensing requirements**

#### **Requirement for licences**

**29.** A person who carries on a public passenger service by means of a taxi-cab or private hire vehicle:

- (a) otherwise than under the authority of a licence for the taxi-cab or private hire vehicle issued to that person; or
- (b) otherwise than in accordance with the terms and conditions of such a licence,

is guilty of an offence.

Maximum penalty: 100 penalty units.

#### **Applications for licences or renewals**

**30.** An application for a licence, or the renewal of a licence, for a taxi-cab or private hire vehicle:

- (a) must be made to the Director-General in a form and manner approved by the Director-General; and
- (b) must be accompanied by the fee (if any) prescribed by the regulations.

#### **Issue and term of licences**

**31.** (1) The Director-General may issue or renew a licence for a taxi-cab or private hire vehicle to an applicant unless the Director-General is of the opinion:

- (a) that, in the public interest, the application should not be granted; or
- (b) that the applicant is not an accredited service operator of an appropriate kind; or

(c) that, in the circumstances of the case, the application does not warrant investigation.

(2) Every licence (other than a short-term licence granted under section 32) continues in force (unless sooner cancelled or surrendered) for a period determined by the Director-General and specified in the licence, and is renewable from time to time.

### **Short-term licences**

**32.** (1) If an applicant for a licence requests a short-term licence, the Director-General may grant the applicant a licence of 12 months' duration.

(2) Such a licence is not renewable and cannot be transferred except on the application of the holder's legal personal representative or of a trustee of the holder's estate.

### **Area of operation of licences**

**33.** (1) A licence for a taxi-cab or private hire vehicle may specify the area of operation of the taxi-cab or private hire vehicle.

(2) If no area is specified then the taxi-cab or private hire vehicle may be used to carry on a public passenger service anywhere in New South Wales.

(3) A licence for a taxi-cab or private hire vehicle does not confer on any person an exclusive right to operate a taxi-cab or private hire vehicle in the area of operation specified in the licence.

### **Conditions of licences**

**34.** (1) A licence for a taxi-cab or private hire vehicle may make provision for or with respect to:

- (a) any fares to be charged or other arrangements for remuneration to be made; and
- (b) such other conditions as the Director-General thinks fit to impose in the circumstances of the case.

(2) The fares to be charged, or other arrangements for remuneration to be made, in respect of a taxi-cab or private hire vehicle must be determined by the Director-General having regard to:

- (a) the public interest; and
  - (b) the general level of fares or other rates of remuneration applying to taxi-cabs or private hire vehicles.
- (3) Any provision made in a licence in accordance with this section is subject to the regulations.

### **Variation of terms and conditions**

**35.** (1) If the Director-General considers it to be in the public interest, the Director-General may, by notice in writing to the licensee, vary the area of operation or conditions of a licence for a taxi-cab or private hire vehicle at any time during its currency.

(2) A licensee may, on application made in writing and accompanied by the prescribed fee (if any), request a variation of the area of operation or conditions of the licence for a taxi-cab or private hire vehicle, and the Director-General, having regard to the public interest:

- (a) may grant the variation and may endorse the licence accordingly; or
- (b) may refuse to grant the variation.

(3) The conditions of the licence for a taxi-cab or private hire vehicle may, for the purposes of this section, be varied by the addition, substitution or deletion of one or more conditions.

### **Transfer of licences**

**36.** (1) The licence (not being a short-term licence) for a taxi-cab or private hire vehicle may not be transferred by the licensee, but the licensee or the licensee's legal personal representative may apply to the Director-General to transfer the licence, for the balance of its term, to a nominated person.

(2) If the person nominated is an accredited service operator of an appropriate kind, the Director-General must transfer the licence to that person for the balance of its term.

(3) The Director-General must, however, withhold approval of a transfer if the appropriate transfer tax under Division 2 has not been paid.

**Suspension or cancellation of licences**

**37.** The licence for a taxi-cab or private hire vehicle may, at any time during its currency, be suspended or cancelled by the Director-General if:

- (a) owing to the default of the licensee or the agents or employees of the licensee:
  - (i) the provisions of this Act or the regulations; or
  - (ii) the terms and conditions of the licence, have not been or are not being complied with; or
- (b) the service has been or is being conducted in such a manner as to cause danger to the public; or
- (c) the licensee is convicted of an offence against this Act or the regulations with respect to the furnishing of information concerning the public passenger service carried on under the authority of the licence; or
- (d) the licensee does not have a policy of insurance covering third-party property damage in respect of the taxi-cab or private hire vehicle, being a policy
  - (i) issued by the Government Insurance Office or any corporation authorised under the Insurance Act 1973 of the Commonwealth to carry on insurance business; and
  - (ii) providing cover which in the opinion of the Director-General is sufficient for the taxi-cab or private hire vehicle.

**Licence fee for ordinary licences**

**38.** (1) In addition to any application fee, a licence fee is payable to the Director-General when a licence (other than a short-term licence) is first issued.

(2) The amount of the licence fee must be determined by inviting applicants for the licence to bid for it at a public auction or to submit sealed tenders for it or by using such other method chosen by the Director-General as will, in the Director-General's opinion, yield as the fee for the licence an amount equivalent to its current value on the open market.

(3) The Director-General may, in circumstances specified in the regulations, fix the licence fee at less than the current value of the

licence on the open market or decide not to impose a licence fee for the licence.

(4) The licence fee is payable by the person to whom the licence is issued in the manner determined by the Director-General.

### **Licence fee for short-term licences**

**39.** (1) The fee for a short-term licence is an amount determined by the Director-General.

(2) The amount determined should reflect the Director-General's estimate of what such a licence would be worth on the open market if it were transferable.

### **Stand-by taxi-cabs**
