(2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Council.  

\textbf{Note.} A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.

(a) development consent, or

(b) a permit granted by the Council.

(5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.

(6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.

(7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:

(a) that is or forms part of a heritage item or that is within a heritage conservation area, or

(b) that is or forms part of an Aboriginal object or that is within an Aboriginal place of heritage significance, unless the Council is satisfied that the proposed activity:

(c) is of a minor nature or is for the maintenance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or heritage conservation area, and

(d) would not adversely affect the heritage significance of the heritage item, Aboriginal object, Aboriginal place of heritage significance or heritage conservation area.

(e) disturbing or excavating a heritage conservation area that is a place of Aboriginal heritage significance,
(f) erecting a building on land on which a heritage item is located or that is within a heritage conservation area,

(g) subdividing land on which a heritage item is located or that is within a heritage conservation area.

(2) **When consent is not required**

However, consent under this clause is not required if:

(a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:

   (i) is of a minor nature, or is for the maintenance of the heritage item, or a building, work, relic, tree or place within the heritage conservation area, and

   (ii) would not adversely affect the significance of the heritage item, archaeological site or heritage conservation area, or

(b) the development is in a cemetery or burial ground and the proposed development:

   (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving and repairing monuments or grave markers, and

   (ii) would not cause a disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to a place of Aboriginal heritage significance, or

(c) the development is limited to the removal of a tree or other vegetation that the consent authority is satisfied is a risk to human life or property, or

(d) the development is exempt development.

(3) **Effect on heritage significance**

The consent authority must, before granting consent under this clause, consider the effect of the proposed development on the heritage significance of the heritage item or heritage conservation area concerned. This subclause applies regardless of whether a heritage impact statement is prepared under subclause (4) or a heritage conservation management plan is submitted under subclause (5).
(4) **Heritage impact assessment**

The consent authority may, before granting consent to any development on land:

(a) on which a heritage item is situated, or

(b) within a heritage conservation area, or

(c) within the vicinity of land referred to in paragraph (a) or (b),

require a heritage impact statement to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.

(5) **Heritage conservation management plans**

The consent authority may require, after considering the significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

153 Relevant acquisition authority

(1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the Land Acquisition (Just Terms Compensation) Act 1991 (the owner-initiated acquisition provisions).

Note. If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the Land Acquisition (Just Terms Compensation) Act 1991 requires the authority to acquire the land.

(2) The authority of the State that will be the relevant authority to acquire land, if the land is to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the Land Reservation Acquisition Map (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Pending the designation of the acquiring authority for that land, the acquiring authority is to be the authority determined by order of the Minister for Planning and Infrastructure (see section 21 of the Land Acquisition (Just Terms Compensation) Act 1991).

(3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.
154 Suspension of covenants, agreements and instruments

(1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Part or with a development consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.

(2) This clause does not apply:
   (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
   (b) to any prescribed instrument within the meaning of section 183A of the Crown Lands Act 1989, or
   (c) to any conservation agreement within the meaning of the National Parks and Wildlife Act 1974, or
   (d) to any Trust agreement within the meaning of the Nature Conservation Trust Act 2001, or
   (e) to any property vegetation plan within the meaning of the Native Vegetation Act 2003, or
