

Act No. 37, 1910.

BATHURST
SEWERAGE.
—

An Act to sanction the carrying out of a scheme
of Sewerage for the Municipality of Bathurst;
and for purposes consequent thereupon or
incidental thereto. [28th December, 1910.]

Preamble.

WHEREAS in accordance with the provisions of the Public Works Act, 1900, the Legislative Assembly did by resolution declare that it was expedient to carry out a certain work, namely, the carrying out of a scheme of sewerage for the municipality of Bathurst: And whereas, on the passing of the said resolution, a statutory

Bathurst Sewerage.

statutory duty was by the said Act imposed on the Secretary for Public Works to introduce a Bill into the said Assembly to sanction the carrying out of the said works: Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:—

1. This Act may be cited as the "Bathurst Sewerage Act, short title. 1910."
2. The carrying out of the works, more particularly described in the Schedule to this Act, is hereby sanctioned, and the Secretary for Public Works, or the member of the Executive Council for the time being performing the duties of the said Secretary, is hereby authorised to undertake and carry out the said works, subject to the provisions of this Act, and for that purpose shall be and shall have the powers and duties of a Constructing Authority within the meaning of the Public Works Act, 1900. Work sanctioned.
3. The plan of the said works is the plan marked "Bathurst Plan of work. Sewerage Works," signed by the Secretary for Public Works, and countersigned by the Chief Engineer for Irrigation and Drainage, and deposited in the public office of the said Secretary.
4. The cost of carrying out the said works, estimated at forty-Cost, and how defrayed. three thousand one hundred and forty-four pounds, may be defrayed from such loan votes as are now or may hereafter be applicable to that purpose, and shall not under any circumstances exceed the estimated cost by more than ten per centum.

SCHEDULE.

THE construction of 20 miles 67 chains, more or less, of main and reticulating sewers, varying in size from 6 to 18 inches in diameter, together with manholes, junctions, gullies, ventilating shafts, and pipes, penstocks, intercepting and flushing chambers, and all work incidental thereto and necessary for the proper completion thereof. The construction of pumping stations, rising mains, and works for the bacteriological treatment of sewage, near the Macquarie River.

The works above described are subject to such deviations and modifications, omissions, or extensions as may hereafter be deemed necessary to the Constructing Authority.
