

## GLEN INNES WATER SUPPLY ACT.

---

Act No. 53, 1915.

George V, An Act to sanction the carrying out of a scheme  
No. 53. of water supply for the municipality of Glen  
Innes; and for purposes consequent thereon  
and incidental thereto. [Assented to, 21st  
December, 1915.]

**Preamble.**

**W**HEREAS in accordance with the provisions of the Public Works Act, 1912, the Legislative Assembly did by resolution declare that it was expedient to carry out a certain work, namely, the carrying out of a scheme of water supply for the Municipality of Glen Innes: And whereas, on the passing of the said resolution, a statutory duty was by the said Act imposed on the Minister to introduce a Bill into the said Assembly to sanction the carrying out of the said works: Be it therefore enacted by the King's Most Excellent Majesty, by and with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:—

**Short title.**

**1.** This Act may be cited as the "Glen Innes Water Supply Act, 1915."

**Works  
sanctioned.**

**2.** The carrying out of the works (more particularly described in the Schedule to this Act) is hereby sanctioned; and the Minister for Public Works, or the member of the Executive Council for the time being performing the duties of the said Minister, is hereby authorised to undertake and carry out the said works, subject to the provisions of this Act, and for that purpose shall be, and shall have the powers of a Constructing Authority within the meaning of the Public Works Act, 1912.

**3.**

**3.** The plan of the said works is the plan marked **George V,** "The Glen Innes Water Supply Works," signed by the **No. 53.** Minister for Public Works and countersigned by the **The plan.** Chief Engineer for Water Supply and Sewerage, and deposited in the public office of the said Minister.

**4.** The cost of carrying out the said works, estimated **Cost, and** at thirty-eight thousand nine hundred pounds (exclusive **how to be** of land resumption), may be defrayed from such **defrayed.** **Loan** Votes as are now or may hereafter be applicable to the purpose, or from appropriations of the Public Works Fund, or partly from such votes and partly from such appropriations, and shall not, under any circumstances, exceed the estimated cost by more than ten per centum.

#### SCHEDULE.

THE scheme comprises:—

1. A weir across the Beardy River near the Grafton-road crossing, in the parish of Beardy Plains, and channels cut through the bars in the river.
2. Pumping machinery in duplicate, engine-house and pump well.
3. Electric transmission line, including crossings over public and private roads.
4. Suction and rising mains, about  $2\frac{1}{2}$  miles long, delivering the water to two settling tanks.
5. Two settling tanks of capacity 300,000 gallons each, and clear water tank of 50,000 gallons capacity.
6. Filters, coagulant and aerating plants.
7. Service main and reticulation.
8. Telephone and electric indicator lines.
9. Water troughs, fencing and gates, and provision for diverting stormwater at Grafton-road.

The whole to be subject to such alterations and modifications as the Constructing Authority may think necessary.
