(2) The Authority is, for the purposes of any Act, a statutory body representing the Crown.

(3) In any Act or instrument, the Authority may be referred to as the Electricity Transmission Authority or the NSW Electricity Transmission Authority.

Ministerial control

5. (1) The Minister may give the Board written directions in relation to the exercise of the Authority’s functions.

(2) Subject to this section, the Board and the Chief Executive must ensure that the Authority complies with any such direction.

(3) The Board may request the Minister to review a direction if they consider that:

(a) the Authority would suffer a significant financial loss as a result of complying with the direction; and

(b) the direction is not in the commercial interests of the Authority.

(4) A request for a review is to contain an estimate of the financial loss the Board considers the Authority would suffer and must be made within 7 days after the direction is given or within such other reasonable period as the Minister determines.

(5) If the Board requests a review, the direction need not be complied with until the Board is notified of the Minister’s decision following the review.

(6) Following the review, the Minister may confirm or revoke the direction.

(7) For the purposes of this section, the amount of the financial loss that the Authority suffers as a result of complying with a direction includes the amount of expenditure that the Authority incurs, and the amount of revenue that the Authority forgoes, as a result of complying with the direction which it would not otherwise incur or forgo.
