Table of Public Acts

Notes about this table

Classification and administration of Acts

Public Acts are Acts that passed through Parliament as Public Bills and are classified in the table in two categories:

- Public General Acts are principal Acts which would normally be expected to be accessed in an up-to-date form and which are regularly reprinted. These Acts are printed in bold type.
- Public Special Acts include amending Acts, Appropriation Acts, and local Acts. They are rarely amended and generally do not require updating and reprinting. Special Acts are generally subject to systematic repeal under the Statute Law Revision program. These Acts are printed in normal type.

Private Acts are listed separately in the table of Private Acts.

The Minister administering an Act is shown indented and in italic type under the Act name—for those Acts where an allocation of the administration has been Gazetted.

For further information regarding the allocation of administration of Acts see List of Principal Statutory Instruments.

Acts involving the application of laws made in other jurisdictions are cross-referenced to the table of applied laws and other governmental instruments.

Currency and commencements

This table includes all Public Acts in force as at **1 January 2005**.

Public Acts in force, for the purposes of this table, are all Public Acts that have been assented to and not subsequently repealed, irrespective of whether they have commenced.

Acts or provisions that have not commenced because they are awaiting proclamation are noted as being “unproclaimed” under the Act name (see also the table of unproclaimed and tied legislation at the end of this publication). Other Acts or provisions may have not commenced because the date fixed for their commencement is a future date.

For more comprehensive and up-to-date information about the currency and status of legislation please check the NSW Legislation Website: www.legislation.nsw.gov.au

Amendments, reprints and repeals

Amendments to an Act since its last print are shown indented immediately below it in year and Act number format or as a Gazette reference.

Unproclaimed or uncommenced amendments that are included in a reprint have been noted as such. Similarly, unproclaimed or uncommenced amendments that are **not** included in a reprint are also noted.

For full details of amendments included in a reprint, see the notes at the end of the reprint concerned.

Acts which are subject to repeal are shown in italic type.

For details of Acts repealed since 1986, see the table of Acts repealed.

Reprints and electronic versions

The date of reprint is the date certified under the Reprints Act 1972.

A diamond (◊) next to an Act means that it is available on-line at www.legislation.nsw.gov.au
