An Act to regulate the supply of gas; and for other purposes.
Part 1  Preliminary

1  Name of Act
   This Act is the Gas Supply Act 1996.

2  Commencement
   (1)  This Act commences on a day or days to be appointed by proclamation.
   (2)  (Repealed)

3  Objects
   (1)  The objects of this Act are as follows:
         (a)  to encourage the development of a competitive market in gas, so as to promote the thermally efficient use of gas and to deliver a safe and reliable supply of gas in compliance with the principles of ecologically sustainable development contained in section 6 (2) of the Protection of the Environment Administration Act 1991,
         (b)  to regulate gas reticulation and gas supply, so as to protect the interests of customers and to promote customer choice in relation to gas supply,
         (b1)  to facilitate the continuity of supply of natural gas to customers,
         (c)  to promote the safe use of gas.
   (2)  For the purpose of enabling the objects of this Act to be achieved, the Minister, the Tribunal and any review panel each have the duties set out in subsections (3)–(6).
   (3)  In relation to licensed distributors involved in the reticulation of gas, the duties are as follows:
         (a)  to ensure that such persons satisfy, so far as it is economical for them to do so, all reasonable demands for the conveyance of gas,
         (b)  to take proper account of the business interests of such persons and the ability of such persons to finance the provision of gas reticulation services,
         (c), (d)  (Repealed)
         (e)  to take proper account of the interests of gas users in respect of transportation tariffs and other terms of service.
   (3A)  In relation to authorised reticulators and licensed distributors involved in the distribution or reticulation of gas, the duties are as follows:
         (a)  to consider the development of efficient and safe gas distribution pipelines and gas distribution systems,
(b) to promote the efficient and safe operation of gas distribution pipelines and gas distribution systems.

(4) In relation to persons involved in the supply of gas (authorised suppliers and licensed distributors), the duties are as follows:
   (a) to ensure that the public receives the benefit of a competitive gas market,
   (b) to take proper account of the interests of small retail customers in respect of gas pricing and other terms of gas supply,
   (c) to take proper account of the business interests of persons supplying gas to small retail customers,
   (d) to promote a competitive gas market.

(5) In relation to gas users, the duties are to promote the efficient and safe use of gas.

(6) Nothing in this section permits or requires this Act to be construed in a way that is inconsistent with the National Gas (NSW) Law or the National Gas (NSW) Regulations.

(7) Nothing in subsections (2)–(6) gives rise to, or can be taken into account in, any civil cause of action.

4 Definitions

Expressions used in this Act that are defined in the Dictionary at the end of this Act have the meanings set out in the Dictionary.
Part 2  Natural gas authorisations and pricing orders

Division 1  Authorisations

5  Prohibition of unauthorised gas reticulation and gas supply

(1) A person must not:
   (a) operate a distribution pipeline for the purpose of conveying natural gas to any other person, or
   (b) supply natural gas to any other person by means of a distribution pipeline, otherwise than under the authority of an authorisation.

   Maximum penalty: 500 penalty units (in the case of a corporation) and 50 penalty units (in any other case).

(2) A person does not operate a distribution pipeline for the purpose of conveying natural gas to another person merely because the person supplies natural gas to that other person by means of a distribution pipeline.

(3) A person does not supply natural gas to another person merely because the person operates a distribution pipeline for the purpose of conveying natural gas to that other person.

6  Authorisations

Subject to any conditions imposed by or under this Act:

(a) a reticulator’s authorisation authorises its holder, and any other person specified in the authorisation, to operate the distribution pipeline so specified for the purpose of conveying natural gas to other persons, and

(b) a supplier’s authorisation authorises its holder, and any other person specified in the authorisation, to supply natural gas to other persons by means of a distribution pipeline.

7  Applications

(1) An application for an authorisation or for the transfer of an authorisation:
   (a) must be accompanied by such fee as may be determined by the Minister, and
   (b) must contain such information as may be determined by the Minister, and
   (c) must be lodged at the office of the Tribunal.
(2) Such an application, if made in relation to a reticulator’s authorisation, may only be made on behalf of a person who is a body corporate.

8 Public consultation

(1) Before determining an application for an authorisation or for the transfer of an authorisation, the Minister must cause notice of the application to be published in the Gazette and in a daily newspaper circulating throughout New South Wales.

(2) The notice must indicate:
   (a) the nature of the authorisation to which the application relates, and
   (b) the identity of the proposed holder of the authorisation, and
   (c) the district in which the authorisation, if granted or transferred, would operate, and
   (d) where submissions on the application should be lodged, and
   (e) the time (being at least 40 days from the date on which the notice is first published) within which any such submissions should be lodged, and
   (f) such other matters as may be prescribed by the regulations.

(3) The Minister must give due consideration to matters arising from any submissions under this section.

9 Determination of applications

(1) The Minister may determine an application for an authorisation or for the transfer of an authorisation by granting or transferring the authorisation (either unconditionally or subject to conditions of the kind referred to in section 11) or by refusing the application.

(2) An application may be refused on any of the following grounds:
   (a) that the proposed holder of the authorisation fails to satisfy such technical or prudential criteria as have been adopted by the Minister to determine whether a person is able to operate a viable business as an authorised reticulator or authorised supplier, as the case may be,
   (b) such grounds as may be prescribed by the regulations,
   (c) such grounds as the Minister considers relevant, having regard to the interests of consumers and the need to promote a competitive market for natural gas, to prevent misuse of market power and to ensure the security and reliability of the New South Wales supply system for natural gas.
(3) The Minister must endeavour to determine an application within 6 months after it is made.

10 Duration of authorisations

Subject to the conditions imposed on it, an authorisation remains in force until it is cancelled.

11 Conditions of authorisations

(1) An authorisation is subject to the following conditions:

(a) the conditions imposed by this Act and the regulations,

(b) such other conditions (not inconsistent with those imposed by this Act and the regulations) as the Minister may from time to time impose in relation to the authorisation.

(2) Without limitation, the Minister may impose the following kinds of conditions on an authorisation:

(a) a condition specifying the period for which the authorisation is to remain in force,

(b) a condition requiring the holder of the authorisation to exercise its functions under this Act in accordance with specified guidelines or subject to specified restrictions, including conditions as to:

(i) the district within which those functions may be exercised, and

(ii) the implementation of Government policy on community service obligations to small retail customers,

(c) a condition requiring the holder of the authorisation to continue to satisfy such technical or prudential criteria as have been adopted by the Minister to determine whether a person is able to operate a viable business as an authorised reticulator or authorised supplier, as the case may be,

(d) a condition requiring the holder of the authorisation to maintain specified insurance cover in respect of specified risks,

(e) a condition requiring the holder of the authorisation:

(i) to prepare, and submit to the Minister for approval, a plan setting out (in accordance with guidelines established by the Minister) the holder’s policies, practices and procedures with respect to the conduct of its affairs under the authorisation, and

(ii) to conduct its affairs under the authorisation in accordance with the plan as so approved,
(f) a condition requiring the holder of the authorisation to furnish to the Minister (at such times and in respect of such periods as the Minister may determine) such information as the Minister may determine to enable the Minister to ascertain whether or not the holder is complying with the conditions imposed on the authorisation by this Act or the regulations or by the Minister,

(g) a condition requiring the holder of the authorisation to develop and implement a strategy promoting the adoption of thermally efficient appliances and efficient energy-use practices.

(3) The Minister may not impose conditions on an authorisation with respect to:

(a) the terms on which an authorised reticulator grants access to its distribution pipelines, or

(b) the price at which an authorised supplier supplies natural gas to its customers.

(4) The Minister may not impose a condition on an authorisation of the kind referred to in subsection (2) (b) (ii) unless the Minister has entered into an undertaking, on behalf of the State, to indemnify the holder of the authorisation with respect to the costs incurred by the holder in complying with the requirements of the condition.

12 Variation of conditions of authorisations

(1) The Minister may vary the conditions of an authorisation, either on his or her own motion or on the application of the holder of the authorisation.

(2) In the case of an application to vary the conditions of an authorisation so as to extend a distribution district, section 8 applies to the application in the same way as it applies to an application for an authorisation.

(3) An application to vary the conditions of an authorisation so as to extend a distribution district must be accompanied by such fee as may be determined by the Minister.

13 Enforcement of authorisations by the Minister

(1) The Minister may do either or both of the following:

(a) the Minister may impose a monetary penalty not exceeding $100,000 on the holder of an authorisation,

(b) the Minister may cancel an authorisation.

(2) Action may be taken under this section only if the holder of the authorisation has knowingly contravened:

(a) the requirements of this Act or the regulations, or
(b) the conditions of the authorisation.

(3) Nothing in this section prevents an authorisation from being cancelled at the request of its holder.

13A Enforcement of authorisations by Tribunal

(1) The Tribunal may impose a monetary penalty on the holder of an authorisation.

(2) The Tribunal may, instead of imposing a monetary penalty, require the holder of the authorisation to take such action as the Tribunal considers appropriate in the circumstances, including (for example) requiring the sending of information to customers or the publication of notices in newspapers.

(3) The Tribunal may not require action to be taken under subsection (2) by the holder of an authorisation if the cost of that action would exceed the monetary penalty that the Tribunal could impose under this section on the holder.

(4) If the Tribunal requires information to be sent to a customer under subsection (2), the holder of the authorisation may satisfy that requirement by sending the information to the customer with the next account or bill to be sent to the customer by the holder or, if the holder is sending other information to that customer before the next account or bill, with that other information.

(5) Action may be taken under this section only if the holder of the authorisation has knowingly contravened the conditions of the authorisation.

(6) The monetary penalty that the Tribunal may impose under this section must not exceed $10,000 for the first day on which the contravention concerned occurs and a further $1,000 for each subsequent day (not exceeding 30 days) on which the contravention continues.

(7) The Tribunal must not take action under this section unless:

(a) the Tribunal has considered whether the contravention has been or is likely to be the subject of any other penalty or action or any claim for compensation, and is satisfied that it is nevertheless appropriate to take action under this section, and

(b) the Tribunal has considered the action that the holder of the authorisation has taken or is likely to take in respect of the contravention and the cost to the holder in taking that action, and is satisfied that it is nevertheless appropriate to take action under this section.
(8) The Tribunal is required to consider the seriousness of the contravention concerned in determining to impose a monetary penalty under this section.

(9) The Tribunal must not take action under this section in respect of a contravention if the Minister has already taken action under section 13 in respect of the contravention.

(10) Nothing in this section affects the Minister’s powers under section 13 in respect of a contravention, whether or not the Tribunal has already taken action under this section in respect of the contravention.

14 Holder of authorisation to be notified of proposed action

(1) The Minister must not take action under section 11, 12 or 13, or the Tribunal must not take action under section 13A, unless:

(a) notice of the proposed action has been given to the holder of the authorisation, and

(b) the holder of the authorisation has been given a reasonable opportunity to make submissions with respect to the proposed action, and

(c) the Minister or Tribunal has given due consideration to any such submissions.

(2) In addition, the Minister must not take action under section 13, or the Tribunal must not take action under section 13A, in respect of any contravention referred to in that section unless:

(a) notice of the contravention has been given to the holder of the authorisation, and

(b) the holder of the authorisation has been given a reasonable opportunity to discontinue the contravention and take such steps (if any) as are specified in the notice to remedy the effects of the contravention, and

(c) the holder of the authorisation has failed to discontinue the contravention or take those steps.

(3) Subsection (1) does not apply to action taken at the request of the holder of the authorisation.

15 Annual authorisation fees

(1) The Minister may require the holder of an authorisation to pay to the Minister such amount, by way of an annual authorisation fee, as the Minister may from time to time determine on the advice of the Treasurer.
(2) The amount of an annual authorisation fee must be determined in such a manner that the amount payable by the holder of the authorisation for a particular year is equivalent to the amount estimated by the Treasurer as being the cost to the State of administering this Act and the National Gas (NSW) Law during that year (or the cost of doing so during any previous year to the extent to which that cost has not previously been taken into consideration in any estimate under this section) in relation to that holder.

(3) It is a condition of an authorisation that the holder of the authorisation must comply with all relevant requirements under this section.

(4) For the purposes of this section, the cost to the State of administering this Act and the National Gas (NSW) Law during any year in relation to the holder of an authorisation includes such proportion of the State’s retail competition implementation costs as the Minister determines, in accordance with the regulations, should be borne by the holder of that authorisation.

(5) In subsection (4), the State’s retail competition implementation costs means the costs or expenses incurred by the State during that year:

(a) for the purpose of implementing retail competition in the market for natural gas, and

(b) for any other purpose (being a purpose that is ancillary to the purpose of implementing retail competition in the market for natural gas) prescribed by the regulations.

(c) a decision varying the conditions of an authorisation,

(d) a decision refusing an application for the transfer of an authorisation,

(e) a decision imposing a monetary penalty on the holder of an authorisation.

(2) An appeal is to be by way of a new hearing and fresh evidence, or evidence in addition to or in substitution for the evidence on which the original decision was made, may be given on the appeal.
(3) For the purposes of an appeal, the Minister may certify in writing that a specified policy applies to the subject matter of the appeal.

(4) In deciding an appeal to which such a certificate relates, the Supreme Court is required to apply the policy so certified, except to the extent to which the application of that policy would be contrary to law.

(5) The decision of the Supreme Court in respect of an appeal is taken to be the decision of the Minister and is to be given effect to accordingly.

17A Review of certain decisions concerning authorisations

(1) The holder of an authorisation who is aggrieved by a decision of the Tribunal to take action under section 13A in relation to the holder of the authorisation may apply to the Administrative Decisions Tribunal for a review of the decision.

(2) Section 53 (Internal reviews) of the Administrative Decisions Tribunal Act 1997 does not apply to such a decision of the Tribunal.

18 Register of authorisations

(1) A register of authorisations is to be kept at the office of the Tribunal.

Division 3 Gas pricing orders

27 Tribunal may make gas pricing orders

(1) The Tribunal may, by order published in the Gazette, establish a pricing mechanism according to which the following tariffs, fees, charges and other payments are to be fixed in relation to the supply of natural gas to small retail customers under standard form customer supply contracts (a gas pricing order):

(a) tariffs for natural gas,
(b) security deposits and other payments in the nature of security deposits,
(c) fees and charges in relation to late or dishonoured payments,
(d) fees and charges in relation to the establishment or maintenance of accounts,
(e) fees and charges in relation to the disconnection from, or the reconnection to, a distribution pipeline,
(f) such other fees, charges and payments as are prescribed by the regulations.

(2) The Minister may give the Tribunal a written referral requiring the Tribunal to make a gas pricing order within a time specified in the referral and, in that event, the Tribunal must take all reasonable steps to comply with the requirements of the referral.

(3) Before making a gas pricing order, the Tribunal must notify the Minister of its intention to do so (except in the case of an order given pursuant to a referral under subsection (2)).

27A Gas pricing orders generally

(1) A gas pricing order:

(a) may fix tariffs, fees, charges and other payments, or the methodology by which tariffs, fees, charges and other payments are to be calculated, either generally or in relation to any specified class of small retail customers, and
(b) may prohibit the imposition of any specified fees, charges or other payments, or any class of fees, charges or other payments for any specified service or class of services, provided to small retail customers either generally or in relation to any specified class of small retail customers.

(2) A gas pricing order takes effect on the date on which it is published in the Gazette or on such later date as may be specified in the order in that regard, and continues to have effect until it is superseded by a further gas pricing order.

(3) At any time after the expiry of 12 months from the date on which the current gas pricing order is published in the Gazette, an authorised supplier may apply to the Tribunal for a new gas pricing order on the basis that changes in circumstances (such as general inflationary trends) mean that the current gas pricing order is out of date.

(4) It is a condition of a standard supplier’s authorisation that the supplier, in imposing tariffs, fees, charges and other payments on a small retail customer in relation to the supply of natural gas under a standard form
customer supply contract, must do so in accordance with any relevant gas pricing order.

(5) Section 42 of the Interpretation Act 1987 applies to and in respect of a gas pricing order in the same way as it applies to and in respect of a statutory rule within the meaning of that Act.

28 Review of gas pricing orders

(1) An authorised supplier who is aggrieved by a gas pricing order may apply to the Minister for a review of that order.

(2) An authorised supplier who is aggrieved by the Tribunal’s decision not to make a new gas pricing order as a result of an application made by the supplier under section 27A (3) may apply to the Minister for a review of that decision.

(3) An application under this section must be made within 28 days after the date on which notice of the decision to which the application relates was given to the applicant.

(4) The regulations may make provision for or with respect to the procedure for making an application under this section and, in particular, may require the payment of fees in connection with the making of such an application.

(5) An application under this section does not affect the gas pricing order to which it relates, and that order continues to have effect unless and until it is revoked or amended by a review panel.

Division 4 Review panels

29 Establishment of review panel

(1) The Minister is to establish a review panel to review a matter in respect of which an application for review has been made under this Part.

(2) A review panel is to consist of 3 persons appointed by the Minister, of whom one is to be appointed as the chairperson.

(3) Subject to this Act, the regulations may make provision for or with respect to the members and procedure of a review panel and, in particular, for or with respect to the payment of costs of proceedings before a review panel.

30 Determinations by review panel

(1) A review panel is to review the matter in respect of which it has been established.

(2) In considering the matter under review, the review panel:
Section 32  Gas Supply Act 1996 No 38

(a) may conduct investigations, and
(b) may have regard to such evidence as it considers relevant including, in particular, any submissions made by persons who are (or who may be) affected by the matter.

(3) Except to the extent to which the regulations otherwise provide, Division 7 of Part 3 of the Independent Pricing and Regulatory Tribunal Act 1992 applies to an investigation under this section in the same way as it applies to an investigation under that Act, and so applies as if a reference in that Division to the Tribunal were a reference to a review panel.

(4), (5) (Repealed)

(6) The decision of the review panel on the matter under review:
(a) takes effect on the day on which it is given, or on such later day as may be specified in the decision, and
(b) has effect as if it were a decision or order, as the case requires, of the person by whom the original decision or order was made, and
(c) does not affect any access agreement or access determination that is in force when it takes effect.

Division 5  General

31  (Repealed)

32  Investigations by Tribunal

(1) The Tribunal may conduct investigations for the purpose of enabling it to exercise its functions under this Part.

(2) Except to the extent to which the regulations otherwise provide, Division 7 of Part 3 of the Independent Pricing and Regulatory Tribunal Act 1992 applies to an investigation under this section in the same way as it applies to an investigation under that Act.

(3), (4) (Repealed)

33  Maintenance of records

(1) The Tribunal may, by order in writing, direct the holder of an authorisation:
(a) to keep specified records, and
(b) to furnish specified information to the Tribunal,
for the purpose of enabling the Tribunal to ascertain whether or not the holder of the authorisation is complying with the requirements of this Act.
(2) It is a condition of an authorisation that its holder must comply with the requirements of any such direction.

(3) It is the duty of the Tribunal to notify the Minister if it becomes aware of any contravention of this Part by the holder of an authorisation.

(4) In this section, a reference to the holder of an authorisation extends (in the case of a body corporate) to any of its related bodies corporate within the meaning of the Corporations Act 2001 of the Commonwealth.
Part 2A  Operation of natural gas wholesale and retail market

Division 1  Standard suppliers

33A  Endorsements on suppliers’ authorisations (cf section 33A of Electricity Supply Act 1995)

(1) One or more of the following endorsements may be attached to a supplier’s authorisation:
   (a) a standard supplier’s endorsement,
   (b) such other categories of endorsements as the Minister determines.

(2) A standard supplier’s endorsement consists of:
   (a) a condition that designates the endorsement as a standard supplier’s endorsement in respect of a specified supply district, and
   (b) the condition referred to in section 33C (5), and
   (c) any other condition imposed by the Minister or the regulations.

(3) Other categories of endorsements have such designations and are subject to such conditions as the Minister thinks fit or as are imposed by the regulations.

(4) A supplier’s authorisation may have no endorsements, or one or more endorsements, attached to it.

33B  Transfer of endorsements (cf section 33B of Electricity Supply Act 1995)

(1) Subject to the regulations, the provisions of this Act that apply to the transfer of authorisations extend to the transfer of endorsements referred to in section 33A.

(2) The regulations may make provision for or with respect to the transfer of endorsements between holders of suppliers’ authorisations.

(3) When approving the transfer of an endorsement, or of an authorisation together with an endorsement:
   (a) the Minister may impose such additional conditions on the authorisation as the Minister considers appropriate, including conditions imposed for the purpose of ensuring that the transferee will comply with the conditions comprised in the endorsement, and
   (b) the Minister may impose a condition transferring specified small retail customers or classes of small retail customers, and
(c) the Minister may amend a condition describing the supply district of a standard supplier by varying the supply district, whether by way of reducing or increasing its size, or may revoke such a condition.

(4) Without limitation, the supply district of a standard supplier may be varied by the addition of the whole or a part of the supply district of another standard supplier or former standard supplier.

(5) The regulations may make provision for or with respect to the conditions that may be imposed by the Minister under subsection (3).

Division 2 Gas supply

33C Right to supply of gas from standard supplier for small retail customers
(cf section 34 of Electricity Supply Act 1995)

(1) A small retail customer who owns or occupies premises:
(a) that are within a standard supplier’s supply district, and
(b) that are connected to a distribution pipeline in accordance with the regulations,
may apply to the standard supplier to be supplied with natural gas at those premises under a standard form customer supply contract.

(2) Such an application may be made by any person on behalf of a small retail customer referred to in subsection (1).

(3) If a small retail customer referred to in subsection (1) makes such an application, the standard supplier is under an obligation:
(a) to supply natural gas to the applicant’s premises under a standard form customer supply contract, or
(b) to ensure that natural gas is so supplied.

(4) The right that a person has under this section to be supplied with natural gas to premises is subject to:
(a) any provision of this Act or the regulations that authorises the refusal, suspension or discontinuance of the supply of natural gas, and
(b) the capacity of the connection of the premises to the distribution pipeline, having regard to the need to maintain the safety and reliability of the pipeline.

(5) It is a condition of a standard supplier’s authorisation that the supplier must fulfil the obligations imposed on the supplier by this section.

(6) The regulations may make provision for or with respect to applications under this section, including provisions for or with respect to the
supply of gas by suppliers (cf section 37 of Electricity Supply Act 1995)

(1) A supplier may, but is not required to, supply natural gas to the premises of any customer.

(2) Without limitation, a standard supplier may, but is not required to, supply natural gas to the premises of any customer within or outside the supplier’s supply district.

(3) However, this section does not affect any obligation that a supplier has as the holder of an endorsement under section 33A (including, for example, the obligations of a standard supplier under section 33C).

Division 3 Resolution of customer disputes

33E Internal review of certain decisions disputed by customers (cf section 96 of Electricity Supply Act 1995)

(1) A small retail customer may apply to a supplier for a review of a decision of the supplier in relation to any matter arising under a customer supply contract or any other matter prescribed by the regulations for the purposes of this subsection.

(2) Without limiting subsection (1), a person may apply to a supplier for a review of a decision of the supplier to classify the person as being or as not being a small retail customer.

(3) The regulations may make provision for or with respect to the following matters:

(a) the procedures for making an application and for dealing with an application that are to be contained in standard form customer supply contracts,

(b) imposing conditions on suppliers’ authorisations relating to the provision and implementation of procedures for dealing with an application.

(4) The regulations may treat a failure to make a decision within a specified period as a decision of a particular kind.

(5) An application made and dealt with under this section is to be free of charge to the applicant.

33F Review of certain decisions under gas industry ombudsman scheme (cf section 96A of Electricity Supply Act 1995)

(1) A small retail customer, and any other person of a class prescribed by the regulations, may apply to the gas industry ombudsman under an
approved gas industry ombudsman scheme for review of a decision in a
dispute or complaint to which the scheme relates.

(2) Except as provided by the scheme or by the regulations, a person does
not have a right of review under this section in respect of a decision for
which a review may be sought under section 33E unless the decision has
been the subject of review under that section.

(3) A review under this section is to be free of charge to small retail
customers and to other persons of such classes as are prescribed by the
regulations.

(4) This section does not affect any jurisdiction that the Fair Trading
Tribunal has under the Consumer Claims Act 1998 or the Residential
Tribunal has under the Residential Tribunal Act 1998.

(5) The gas industry ombudsman may decline to deal with a matter if it has
been, is being or should be dealt with by another person or tribunal or
there are, in the ombudsman's opinion, not sufficient grounds for
further investigation.

(6) Without limiting subsection (5), the gas industry ombudsman may deal
with a matter by making arrangements for it to be referred to another
person or tribunal.

33G Gas industry ombudsman scheme (cf section 96B of Electricity Supply Act
1995)

(1) The Minister may approve a gas industry ombudsman scheme for the
purposes of this Act, being a scheme that provides for the appointment
of a gas industry ombudsman to deal with:

(a) disputes and complaints under customer supply contracts entered
into with small retail customers, and

(b) disputes between small retail customers and gas marketers
(within the meaning of Division 5) and complaints by small retail
customers about gas marketers, and

(b1) disputes between small retail customers and reticulators and
complaints by small retail customers about reticulators, and

(c) any other disputes and complaints of such classes (whether or not
under contracts referred to in paragraph (a)) as are prescribed by
the regulations.

(2) Before approving such a scheme, the Minister must be satisfied that the
scheme meets the following objectives:

(a) that all suppliers and reticulators who are required to be members
of the scheme are members of the scheme, have agreed to be
bound by decisions of the gas industry ombudsman under the
scheme and, as members, are so bound,
(b) that the scheme has satisfactory arrangements in place to deal with all disputes and complaints referred to in subsection (1),

(c) that the gas industry ombudsman will be able to operate independently of all suppliers and reticulators in exercising functions under the scheme,

(d) that the scheme will be accessible to small retail customers and other customers prescribed by the regulations,

(e) that membership of the scheme will be accessible to all potential members and will provide appropriate representation for all members in relation to the scheme’s governing body,

(f) that, without limiting any other application of the scheme, the scheme will apply to all disputes and complaints arising under customer supply contracts relating to small retail customers,

(g) that the scheme will operate expeditiously and without cost to small retail customers and to other persons of such classes as are prescribed by the regulations,

(h) that the scheme will allow customers to choose whether or not they wish to be bound by determinations under the scheme,

(i) that the scheme will satisfy best practice benchmarks for schemes of a similar kind, both in terms of its constitution and procedure and in terms of its day to day operations,

(j) that the scheme will provide for a monetary limit on claims covered by the scheme of an amount or amounts approved by the Minister,

(k) that the scheme will maintain the capacity of the gas industry ombudsman, where appropriate, to refer disputes or complaints to other forums,

(l) that the scheme will require the gas industry ombudsman to inform the Minister of substantial breaches of authorisation conditions, the Marketing Code of Conduct (within the meaning of Division 5) or of the Act of which the ombudsman becomes aware,

(m) such other objectives as are prescribed by the regulations.

(3) A scheme may treat a failure to make a decision within a specified period as a decision of a particular kind.

(4) The Minister may at any time revoke an approval under this section.

(5) If a dispute or complaint involving a gas marketer (within the meaning of Division 5) or person other than a supplier or reticulator is prescribed as a dispute or complaint to which an approved scheme may apply, the regulations may make it an offence for the gas marketer or person to fail
to comply with a decision of the gas industry ombudsman under the scheme.

(6) Notice of any approval given by the Minister under this section, and of the revocation of any such approval, is to be published in the Gazette.

(7) Subject to this section, the same scheme may be approved for the purposes of both this Act and any other Act or law.

33H Authorisation conditions relating to approved gas industry ombudsman schemes (cf section 96C of Electricity Supply Act 1995)

(1) It is a condition of a reticulator’s authorisation and of any supplier’s authorisation under which a supplier supplies natural gas to small retail customers that:

(a) the authorisation holder must be a member of an approved gas industry ombudsman scheme, and

(b) the authorisation holder is bound by, and must comply with, any decision of the gas industry ombudsman under the scheme relating to a dispute or complaint involving the authorisation holder and a small retail customer.

(2) This section does not apply in respect of an authorised reticulator if the authorised reticulator is exempt from the requirement to be a member of an approved gas industry ombudsman scheme.

(3) The Minister may, by order in writing, exempt an authorised reticulator from the requirement to be a member of an approved gas industry ombudsman scheme if of the opinion that the authorised reticulator is not currently engaging in any activities for which an authorisation is required.

33I Other kinds of review (cf section 96D of Electricity Supply Act 1995)

Nothing in this Act prevents provision being made in negotiated customer supply contracts for the resolution of disputes with persons not covered by either or both of sections 33E and 33F.

33R Small retail customers (cf section 92 of Electricity Supply Act 1995)

(1) For the purposes of this Act, a small retail customer is:

(a) a person who consumes or is expected to consume natural gas at premises at a rate that is less than the prescribed rate, determined in accordance with any relevant provisions of the regulations, or
(b) a person who consumes or is expected to consume natural gas at premises used for a purpose prescribed by the regulations, or
(c) a person who is treated in accordance with any relevant provisions of the regulations as a small retail customer, even though the person is not a person described in paragraph (a) or (b).

(2) The regulations may make provision for or with respect to determining whether or not a person consumes or is expected to consume natural gas at a rate that is less than the prescribed rate for the purposes of subsection (1) (a).

(3) The regulations may make provision for or with respect to:
   (a) treating a person who consumes or may consume natural gas at a rate that is the prescribed rate per year or more, or
   (b) treating a person who consumes or may consume natural gas at premises used for a purpose referred to in subsection (1) (b), as a small retail customer.

(4) Subject to the regulations, this section applies separately in relation to each premises at which a person consumes or is expected to consume natural gas.

(5) Without limiting any other provision of this section, a regulation made for the purposes of this section may apply to a person only in respect of the consumption of natural gas at certain premises (in which case the regulation does not apply to that person in respect of the person’s consumption of natural gas at other premises).

(6) In this Act, a reference to a small retail customer extends only to the supply of natural gas to premises in relation to which the person is such a customer and does not extend to the supply of natural gas to any other premises for which the person is not a small retail customer.

(7) In this section:

   prescribed rate means the rate, expressed as a number of gigajoules per year or in any other manner, specified in the regulations.

33S Declaration of ancillary market activities and ancillary market participants

(1) The Minister may, by order published in the Gazette, declare any activity that is ancillary to the supply of natural gas, or that facilitates the supply of natural gas, to be an ancillary market activity.

(2) The Minister may, by order in writing served on any person who, in the Minister’s opinion, is involved in the conduct of an ancillary market activity, declare that person to be an ancillary market participant in relation to that activity for the purposes of this Act.
33T One document may serve several purposes (cf section 99 of Electricity Supply Act 1995)

Nothing in this Act or the Electricity Supply Act 1995 prevents a contract under this Act and a contract under that Act from being embodied in a single document.
Part 3  Liquefied petroleum gas and other gases

34  Prohibition of unlicensed distribution of LPG and other gases

A person must not operate a distribution system for the purpose of conveying to any other person:

(a) liquefied petroleum gas, or

(b) any other gas (other than natural gas) prescribed by the regulations for the purposes of this section, otherwise than under the authority of a distributor’s licence.

Maximum penalty: 500 penalty units (in the case of a corporation) and 50 penalty units (in any other case).

35  Licences

Subject to any conditions imposed by or under this Act, a distributor’s licence authorises its holder, and any other person specified in the licence, to operate the distribution system so specified for the purpose of conveying to other persons any gas so specified.

36  Applications

An application for a licence or for the transfer of a licence:

(a) must be accompanied by such fee as may be determined by the Minister, and

(b) must contain such information as may be determined by the Minister, and

(c) must be lodged at the office of the Tribunal.

37  Public consultation

(1) Before determining an application for a licence or for the transfer of a licence, the Minister must cause notice of the application to be published in the Gazette and in a daily newspaper circulating throughout New South Wales.

(2) The notice must indicate:

(a) the nature of the licence to which the application relates, and

(b) the identity of the proposed holder of the licence, and

(c) the district in which the licence, if granted or transferred, would operate, and

(d) where submissions on the application should be lodged, and
(e) the time (being at least 40 days from the date on which the notice is first published) within which any such submissions should be lodged, and

(f) such other matters as may be prescribed by the regulations.

(3) The Minister must give due consideration to matters arising from any submissions under this section.

38 Determination of applications

(1) The Minister may determine an application for a licence or for the transfer of a licence by granting or transferring the licence (either unconditionally or subject to conditions of the kind referred to in section 40) or by refusing the application.

(2) An application may be refused on any of the following grounds:

(a) that the proposed holder of the licence fails to satisfy such technical or prudential criteria as have been adopted by the Minister to determine whether a person is able to operate a viable business as a licensed distributor,

(b) such grounds as may be prescribed by the regulations,

(c) such grounds as the Minister considers relevant, having regard to the interests of consumers and the need to promote a competitive market for the gas concerned, to prevent misuse of market power and to ensure the security and reliability of the New South Wales supply system for gas (other than natural gas).

(3) The Minister must endeavour to determine an application within 6 months after it is made.

39 Duration of licences

Subject to the conditions imposed on it, a licence remains in force until it is cancelled.

40 Conditions of licences

(1) A licence is subject to the following conditions:

(a) the conditions imposed by this Act and the regulations,

(b) such other conditions (not inconsistent with those imposed by this Act and the regulations) as the Minister may from time to time impose in relation to the licence.

(2) Without limitation, the Minister may impose the following kinds of conditions on a licence:

(a) a condition specifying the period for which the licence is to remain in force,
(b) a condition requiring the holder of the licence to exercise its functions under this Act in accordance with specified guidelines or subject to specified restrictions, including conditions as to:
   (i) the district within which those functions may be exercised, and
   (ii) the implementation of Government policy on community service obligations to small retail customers,

(c) a condition requiring the holder of the licence to continue to satisfy such technical or prudential criteria as have been adopted by the Minister to determine whether a person is able to operate a viable business as a licensed distributor,

(d) a condition requiring the holder of the licence to maintain specified insurance cover in respect of specified risks,

(e) a condition requiring the holder of the licence:
   (i) to prepare, and submit to the Minister for approval, a plan setting out (in accordance with guidelines established by the Minister) the holder’s policies, practices and procedures with respect to the conduct of its affairs under the licence, and
   (ii) to conduct its affairs under the licence in accordance with the plan as so approved,

(f) a condition requiring the holder of the licence to furnish to the Minister (at such times and in respect of such periods as the Minister may determine) such information as the Minister may determine to enable the Minister to ascertain whether or not the holder is complying with the conditions imposed on the licence by this Act or the regulations or by the Minister.

(3) The Minister may not impose a condition on a licence of the kind referred to in subsection (2) (b) (ii) unless the Minister has entered into an undertaking, on behalf of the State, to indemnify the holder of the licence with respect to the costs incurred by the holder in complying with the requirements of the condition.

41 Variation of conditions of licences

(1) The Minister may vary the conditions of a licence, either on his or her own motion or on the application of the holder of the licence.

(2) In the case of an application to vary the conditions of a licence so as to extend a distribution district, section 37 applies to the application in the same way as it applies to an application for a licence.
(3) An application to vary the conditions of a licence so as to extend a distribution district must be accompanied by such fee as may be determined by the Minister.

42 Enforcement of licences by the Minister

(1) The Minister may do either or both of the following:
   (a) the Minister may impose a monetary penalty not exceeding $100,000 on the holder of a licence,
   (b) the Minister may cancel a licence.

(2) Action may be taken under this section only if the holder of the licence has knowingly contravened:
   (a) the requirements of this Act or the regulations, or
   (b) the conditions of the licence.

(3) Nothing in this section prevents a licence from being cancelled at the request of its holder.

42A Enforcement of licences by Tribunal

(1) The Tribunal may impose a monetary penalty on the holder of a licence.

(2) The Tribunal may, instead of imposing a monetary penalty, require the holder of the licence to take such action as the Tribunal considers appropriate in the circumstances, including (for example) requiring the sending of information to customers or the publication of notices in newspapers.

(3) The Tribunal may not require action to be taken under subsection (2) by the holder of a licence if the cost of that action would exceed the monetary penalty that the Tribunal could impose under this section on the holder.

(4) If the Tribunal requires information to be sent to a customer under subsection (2), the holder of the licence may satisfy that requirement by sending the information to the customer with the next account or bill to be sent to the customer by the holder or, if the holder is sending other information to that customer before the next account or bill, with that other information.

(5) Action may be taken under this section only if the holder of the licence has knowingly contravened the conditions of the licence.

(6) The monetary penalty that the Tribunal may impose under this section must not exceed $10,000 for the first day on which the contravention concerned occurs and a further $1,000 for each subsequent day (not exceeding 30 days) on which the contravention continues.
(7) The Tribunal must not take action under this section unless:
   (a) the Tribunal has considered whether the contravention has been or is likely to be the subject of any other penalty or action or any claim for compensation, and is satisfied that it is nevertheless appropriate to take action under this section, and
   (b) the Tribunal has considered the action that the holder of the licence has taken or is likely to take in respect of the contravention and the cost to the holder in taking that action, and is satisfied that it is nevertheless appropriate to take action under this section.

(8) The Tribunal is required to consider the seriousness of the contravention concerned in determining to impose a monetary penalty under this section.

(9) The Tribunal must not take action under this section in respect of a contravention if the Minister has already taken action under section 42 in respect of the contravention.

(10) Nothing in this section affects the Minister’s powers under section 42 in respect of a contravention, whether or not the Tribunal has already taken action under this section in respect of the contravention.

43 Holder of licence to be notified of proposed action

(1) The Minister must not take action under section 40, 41 or 42, or the Tribunal must not take action under section 42A, unless:
   (a) notice of the proposed action has been given to the holder of the licence, and
   (b) the holder of the licence has been given a reasonable opportunity to make submissions with respect to the proposed action, and
   (c) the Minister or Tribunal has given due consideration to any such submissions.

(2) In addition, the Minister must not take action under section 42, or the Tribunal must not take action under section 42A, in respect of any contravention referred to in that section unless:
   (a) notice of the contravention has been given to the holder of the licence, and
   (b) the holder of the licence has been given a reasonable opportunity to discontinue the contravention and take such steps (if any) as are specified in the notice to remedy the effects of the contravention, and
   (c) the holder of the licence has failed to discontinue the contravention or take those steps.
(3) Subsection (1) does not apply to action taken at the request of the holder of the licence.

44 Annual licence fees

(1) The Minister may require the holder of a licence to pay to the Minister such amount, by way of an annual licence fee, as the Minister may from time to time determine on the advice of the Treasurer.

(2) The amount of an annual licence fee must be determined in such a manner that the amount payable by the holder of the licence for a particular year is equivalent to the amount estimated by the Treasurer as being the cost to the State of administering this Act during that year in relation to that holder.

(3) It is a condition of a licence that the holder of the licence must comply with all relevant requirements under this section.

45 Appeals against decisions concerning licences

(1) A person aggrieved by any of the following decisions of the Minister may appeal to the Supreme Court against the decision:
   (a) a decision cancelling a licence,
   (b) a decision imposing a condition on a licence (other than a condition imposed when the licence is granted),
   (c) a decision varying the conditions of a licence,
   (d) a decision refusing an application for the transfer of a licence,
   (e) a decision imposing a monetary penalty on the holder of a licence.

(2) An appeal is to be by way of a new hearing and fresh evidence, or evidence in addition to or in substitution for the evidence on which the original decision was made, may be given on the appeal.

(3) For the purposes of an appeal, the Minister may certify in writing that a specified policy applies to the subject matter of the appeal.

(4) In deciding an appeal to which such a certificate relates, the Supreme Court is required to apply the policy so certified, except to the extent to which the application of that policy would be contrary to law.

(5) The decision of the Supreme Court in respect of an appeal is taken to be the decision of the Minister and is to be given effect to accordingly.

45A Review of certain decisions concerning licences

(1) The holder of a licence who is aggrieved by a decision of the Tribunal to take action under section 42A in relation to the holder of the licence
Section 46  Gas Supply Act 1996 No 38

may apply to the Administrative Decisions Tribunal for a review of the decision.

(2)  Section 53 (Internal reviews) of the Administrative Decisions Tribunal Act 1997 does not apply to such a decision of the Tribunal.

46  Register of licences

(1)  A register of licences is to be kept at the office of the Tribunal.

(2)  The register is to contain details of all licences that are granted or transferred, including details concerning the conditions imposed on them by the Minister, and is also to contain details of all determinations made by the Minister with respect to licences and their conditions.

(3)  The register is to be kept available for inspection by members of the public, free of charge, during normal office hours.

(4)  Copies of entries in the register are to be made available to members of the public, at cost, during normal office hours.
Part 4  Gas works

Division 1  Powers and duties relating to gas works

47  Erection and placement of gas works

(1) This section applies to work connected with the erection, installation, extension, alteration, maintenance and removal of gas works.

(2) For the purposes of this Act, a network operator:
(a) may carry out work to which this section applies, and
(b) in particular, may carry out any such work on a public road.

(3) Work to which this section applies is exempt from the requirement for an approval under the Local Government Act 1993 except in relation to buildings.

(4) However, no such work (other than routine connections, repairs or maintenance work) may be carried out unless:
(a) notice of the proposal to carry out the work has been given to the local council, and
(b) the local council has been given a reasonable opportunity (being at least 40 days from the date on which the notice was given) to make submissions to the network operator in relation to the proposal, and
(c) the network operator has given due consideration to any submissions so made.

(5) Subsection (4) does not apply to the carrying out of any such work to cope with emergencies.

48  Damage to be made good

(1) If a public road or public reserve is damaged by any work carried out by a network operator, the local council or roads authority may require the network operator to make good the damage without delay.

(2) If the network operator fails to carry out appropriate work in accordance with any such requirement, the local council or roads authority may carry out the work itself.

(3) The cost of carrying out the work may be recovered by the local council or roads authority in a court of competent jurisdiction as a debt owed to it by the network operator.

49  Altering position of conduits

(1) A network operator may serve a written notice on a person if:
(a) the network operator needs an alteration to be made in the position of a conduit owned by the person, and
(b) the alteration would not permanently damage the conduit or adversely affect its operation.

(2) The notice:
(a) must specify the work to be carried out, and
(b) must specify a reasonable time within which the work is to be carried out, and
(c) must include an undertaking by the network operator to pay the reasonable cost of carrying out the work.

(3) If the work is not carried out as required by the notice, the network operator may carry out the work in a manner that does not permanently damage the conduit or adversely affect its operation.

(4) In this section, conduit means anything that is in or under a public road (or any other land on which no building or other structure is located) and is used for the conveyance of a substance, energy or signals.

50 Obstruction of gas works

(1) This section applies if a network operator has reasonable cause to believe that any structure of thing placed in, on or near its gas works is destroying, damaging or interfering with those works.

(2) In those circumstances, a network operator:
(a) may serve a written notice on the person having control of the structure or thing requiring that person to modify or remove it, or
(b) in an emergency, may, at its own expense, modify or remove the structure or thing itself.

(3) A notice under subsection (2) (a):
(a) must specify the work to be carried out, and
(b) must specify a reasonable time within which the work is to be carried out.

(4) If the person fails to carry out the work in accordance with the requirement, the network operator may carry out the work itself.

(5) The costs of:
(a) carrying out the work, and
(b) repairing any damage done to the network operator’s gas works by the structure or thing,
may be recovered by the network operator in a court of competent jurisdiction as a debt owed to it by the person.
(6) A network operator may apply for an injunction to prevent a structure or thing being placed in, on or near its gas works.

50A Excavation work affecting gas works

(1) This section applies if a network operator has reasonable cause to believe that the carrying out or proposed carrying out of excavation work in, on or near its gas works:
   (a) could destroy, damage or interfere with those works, or
   (b) could make those works become a potential risk to public safety.

(2) In those circumstances, a network operator may serve a written notice on the person carrying out or proposing to carry out the excavation work requiring the person:
   (a) to modify the excavation work, or
   (b) not to carry out the excavation work, but only if the network operator is of the opinion that modifying the excavation work will not be effective in preventing the destruction or damage of, or interference with, the gas works concerned or in preventing those works becoming a potential risk to public safety.

(3) A notice under subsection (2) must specify the excavation work that is to be modified or not carried out.

(4) A network operator may recover the following costs in a court of competent jurisdiction as a debt owed to it by a person who carried out excavation work the subject of a notice under subsection (2):
   (a) the costs incurred in replacing any of the network operator’s gas works destroyed by the excavation work,
   (b) the costs incurred in repairing any damage to the network operator’s gas works caused by the excavation work,
   (c) the costs incurred in remediying or mitigating any interference with the network operator’s gas works caused by the excavation work.

(5) A network operator may apply for an injunction to prevent the carrying out of excavation work in, on or near its gas works.

(6) A network operator may take action under this section even if the person carrying out the excavation work owns or occupies the land in, on or over which the network operator’s gas works are situated.

51 Charges for placement of gas works

No annual or other periodic or special charge is payable by a network operator to a local council or roads authority in respect of any gas works.
located in a public reserve or public road or in respect of the space in a public reserve or public road that is occupied by any such works.

52 Ownership of gas works

(1) A network operator is the owner of its gas works, whether or not the land in, on or over which they are situated is owned by the network operator.

(2) A network operator’s gas works are not to be taken in execution of any judgment against a person other than the network operator under any process of a court.

(3) The provisions of this section have effect despite anything contained in section 42 of the Real Property Act 1900.

53 Interruption to gas supply for maintenance

A network operator may interrupt the supply of gas to a customer, at such reasonable times as the network operator determines:

(a) for the purpose of inspecting, testing or carrying out repairs or maintenance work on its gas works, or

(b) for such other purpose as the network operator considers necessary for the safe and efficient operation of its gas works.

54 Liability for failure of gas supply

A network operator is not liable for any loss suffered by any person as a consequence of any failure to supply gas, or of any defect in that supply, if the failure or defect arises from causes beyond the network operator’s control.

Division 2 Powers of entry

55 Powers of entry

(1) A gas industry inspector may enter any premises for the purpose of exercising any function conferred or imposed on a network operator by or under this Act, including:

(a) carrying out preliminary investigations in connection with the proposed installation or extension of gas works, or

(b) installing, extending, maintaining, repairing or removing gas works, or

(c) reading gas meters, or

(d) checking if the network operator’s conditions relating to tariffs and the use of gas are being complied with, or
(e) ascertaining whether an offence against this Act or the regulations has been committed, or
(f) monitoring any excavation work in accordance with regulations under section 64C, or
(g) exercising any function conferred on the network operator by section 50 or 50A.

(2) A government inspector may enter any premises for the purpose of ascertaining whether an offence against this Act or the regulations has been committed.

(2A) A person appointed under section 18 of the Fair Trading Act 1987 as an investigator for the purposes of any provision of this Act that is administered by the Minister for Fair Trading (or any regulations made under such a provision):
(a) may enter any premises for the purpose of ascertaining whether an offence against the provision (or the regulations made under the provision) has been committed, and
(b) is taken to be an inspector for the purposes of this Act (except section 77).

(3) Except in emergencies, the power of entry may be exercised only during daylight hours.

56 Notice of entry

(1) Before an inspector exercises a power of entry under this Division, the network operator must give the owner or occupier of the land written notice of the intention to enter the land.

(2) The notice must specify the day on which the inspector intends to enter the land and must be given before that day.

(3) This section does not require notice to be given:
(a) if entry to the land is made with the consent of the owner or occupier of the land, or
(b) if entry is required for the sole purpose of reading a gas meter, or
(c) if entry is required in an emergency.

57 Use of force

(1) Reasonable force may be used for the purpose of gaining entry to any land (other than such part of a building as is being used for residential purposes) under a power conferred by this Division, but only if authorised by the network operator in accordance with this section.

(2) The authority:
(a) must be in writing, and
(b) must be given in respect of the particular entry concerned, and
(c) must specify the circumstances that must exist before force may be used.

58 Notification of use of force or urgent entry

(1) An inspector:
   (a) who uses force for the purpose of gaining entry to land, or
   (b) who enters land in an emergency without giving written notice to
       the owner or occupier of the land,
       must promptly advise the network operator of that fact.

(2) The network operator must give notice of the entry to such persons or authorities as appear to the network operator to be appropriate in the circumstances.

59 Care to be taken

(1) In the exercise of a power under this Division, an inspector must do as little damage as possible.

(2) As far as practicable, entry onto fenced land is to be made through an existing opening in the enclosing fence or, if entry through an existing opening is not practicable, through a new opening.

(3) Any new opening is to be properly closed when the need for entry ceases.

(4) If, in the exercise of a power under this Division, any pit, trench, hole or bore is made, the network operator must, if the owner or occupier of the land so requires:
   (a) fence it and keep it securely fenced so long as it remains open or not sufficiently sloped down, and
   (b) without unnecessary delay, fill it up or level it or sufficiently slope it down.

60 Recovery of cost of entry and inspection

If an inspector enters any land for the purpose of making an inspection and, as a result of the inspection, the network operator requires any work to be carried out on the land, the network operator may recover the reasonable costs of the entry and inspection from the owner or occupier of the land.
61 Compensation

The network operator must pay compensation to the owner of any land in respect of which a power has been exercised under this Division for any loss or damage arising from the exercise of the power, but is not so liable to the extent to which the loss or damage arises from work done for the purposes of an inspection which reveals that there has been a contravention by the owner of any provision of this Act or the regulations.

62 Certificates of authority to enter land

(1) A power of entry under this Division may not be exercised by an inspector unless the inspector:
   (a) is in possession of a certificate of authority issued by the network operator, and
   (b) produces the certificate when required to do so by the owner or occupier of the land.

(2) The certificate of authority:
   (a) must state that it is issued under this Act, and
   (b) must give the name of the person to whom it is issued, and
   (c) must describe the nature of the powers conferred and the source of those powers, and
   (d) must state the date (if any) on which it expires, and
   (e) must describe the kind of land to which the power extends, and
   (f) must be under the seal of the network operator or must bear the signature of the principal officer of the network operator, of a prescribed officer of the network operator or of an officer belonging to a prescribed class of officers of the network operator.

63 Entry to residential premises

A power of entry conferred by this Division is not exercisable in relation to such part of a building as is used for residential purposes except:
   (a) with the consent of the occupier of that part of the premises, or
   (b) for the sole purpose of reading a gas meter, or
   (c) under the authority conferred by a warrant of entry.

64 Warrants of entry

(1) The network operator may apply to an authorised officer for a warrant of entry if it is of the opinion that it is necessary for an inspector to enter
and inspect any land (including any building used for residential purposes) for the purposes of this Act.

(2) An authorised officer to whom such an application is made may, if satisfied that there are reasonable grounds for doing so, issue a warrant of entry authorising an inspector named in the warrant to enter and inspect the land for the purposes of this Act.

(3) Division 4 of Part 5 of the *Law Enforcement (Powers and Responsibilities) Act 2002* applies to a warrant of entry under this section in the same way as it applies to a search warrant under that Act.

(4) In this section: *authorised officer* has the same meaning as it has in the *Law Enforcement (Powers and Responsibilities) Act 2002*. 
Part 4A Protection of underground gas pipelines

(b) if another person or body is prescribed by the regulations for the purposes of this definition, that other person or body.

64B Provision of information on underground gas pipelines by network operators

(1) It is a condition of a distributor’s licence that the distributor must:

(a) be a member of the designated information provider, and

(b) comply with any obligations imposed by that membership.

(2) It is a condition of a reticulator’s authorisation that the reticulator must:

(a) be a member of the designated information provider, and

(b) comply with any obligations imposed by that membership.

64C Requirements in relation to carrying out of certain excavation work

(1) A person must not commence to carry out excavation work to which this section applies, or authorise such excavation work to be commenced, unless the person has first:

(a) contacted the designated information provider and requested information as to the location and type of any underground gas pipelines in the vicinity of the proposed work, and

(b) complied with any reasonable procedures of the designated information provider as to the manner of contacting the designated information provider and the information to be provided by the person in connection with the person’s request for information, and

(c) allowed a reasonable period for the requested information to be provided.

Maximum penalty: 20 penalty units.

(2) Subsection (1) does not require a person to whom that subsection applies to comply with the requirements of that subsection in relation to
excavation work if another person to whom that subsection applies has already complied with those requirements in relation to that excavation work.

(3) A person must not carry out excavation work to which this section applies, or authorise such excavation work to be carried out, unless the person has ensured that any requirements of the regulations in relation to the carrying out of the work are complied with.

Maximum penalty: 20 penalty units.

(4) The regulations may make provision for or with respect to the following:

Maximum penalty: 20 penalty units.

(2) The regulations may make provision for the manner in which a person must notify for the purposes of subsection (1).

(3) Subsection (1) does not require a person to notify the network operator of the damage concerned if another person to whom that subsection applies has already notified the network operator of the damage.

64E Orders for costs, expenses and compensation at time offence proved

(1) This section applies where a court convicts a person of an offence against this Part or section 66.

(2) The court may, if it appears to the court that a network operator has, by reason of the commission of the offence:
(a) suffered loss or damage to its gas works, or
(b) incurred costs and expenses in preventing or mitigating, or in attempting to prevent or mitigate, any such loss or damage, order the offender to pay to the network operator the costs and expenses so incurred, or compensation for the loss or damage so suffered, as the case may be, in such amount as is fixed by the order.

(3) A court may not make an order under subsection (2) for the payment of an amount that exceeds the amount for which an order may be made by the court when exercising jurisdiction under the Civil Procedure Act 2005.
