**EXPLANATORY NOTE**

Under the repealed Mines Rescue Act 1925, the owners of coal mines were required to contribute certain amounts to the Mines Rescue Board for payment into the Central Mines Rescue Fund. These contributions were payable in respect of each calendar year (see Gazette No. 19 of 14 January 1994 at pp. 136 and 137 for the 1994 calendar year contributions).

Under the Mines Rescue Act 1994, contributions towards the cost of meeting the expense incurred by the Board in exercising its principal functions are payable by owners of coal mines into the Mines Rescue Fund (which is the continuation of the old Fund). These contributions are payable in respect of each financial year of the Board (i.e. 1 July to 30 June). However, in order to facilitate the changeover from a calendar year to a financial year basis, it is necessary to prescribe the contributions payable in respect of the 6-month period between 1 January 1995 and 30 June 1995. The contributions for the 1995/1996 financial year and subsequent financial years will be prescribed by further regulations under the Act.

This Regulation is made under the Mines Rescue Act 1994, including clause 2 (Savings and transitional provisions) of Schedule 3, and comprises matters of a transitional nature.
