

New South Wales

Public Health Act Amendment (Notifiable Diseases) Regulation 1996

under the

Public Health Act 1991

His Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Public Health Act 1991*.

Andrew Refshauge

Minister for Health

Explanatory note

The object of this Regulation is to amend the *Public Health Act 1991*:

- (a) to include Botulism, lead poisoning, Cryptosporidiosis and Verotoxin-producing *Escherichia coli* infection in the list of medical conditions in Schedule 1 that must be notified by laboratories and to remove Hydatid disease from that list, and
- (b) to include Botulism and Haemolytic Uraemic Syndrome in the list of diseases in Schedule 3 that must be notified by hospitals and to remove Hydatid disease from that list.

This Regulation is made under the *Public Health Act 1991*, including section 82 (the general regulation-making power) and section 80.

1996 No 528
