## THREATENED SPECIES CONSERVATION ACT 1995 No 101

### Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee constituted under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population of plants in Schedule 1 to that Act and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

#### Dilleniaceae

<i>Hibbertia incana</i> (Lindley) Toelken	<i>Hibbertia incana</i> in the local government area of Baulkham Hills
---	---

The final determination to insert this population in Schedule 1 has been made because the Scientific Committee is of the opinion that the population is disjunct and at the limit of its geographical range, is of significant conservation value as it occurs in habitat not associated with granite outcrops, and its habitat has been so drastically reduced that it is in immediate danger of extinction.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
National Parks & Wildlife Service  
43 Bridge Street  
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 30th day of October 1997.

Dr Chris Dickman  
Chairperson  
Scientific Committee

**Annexure “A”**

Schedule 1 to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 2 in alphabetical order under the heading “Plants” the matter:

**Dilleniaceae**

<i>Hibbertia incana</i> (Lindley) Toelken	<i>Hibbertia incana</i> in the local government area of Baulkham Hills
---	---
