# **Education Reform Amendment (Publication of Results) Regulation 1997**

under the  
**Education Reform Act 1990**

His Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Education Reform Act 1990*.

JOHN AQUILINA, M.P.,  
Minister for Education and Training

## **Explanatory note**

The object of this Regulation is to prevent the results of School Certificate and Higher School Certificate examinations and related assessments and basic skills testing being publicly revealed. The prohibition will be subject to exceptions to permit results to be revealed in the following circumstances:

- (a) to or with the consent of the student concerned, to the student's parents and to school principals,
- (b) where the results are results of students who have achieved outstanding results in School Certificate or Higher School Certificate examinations and related assessments and the results are released by or with the approval of the Board of Studies.

The prohibition will not prevent the public release of results where the school concerned has not published an annual report of school performance by the required date.

The new provision replaces an existing provision that prevents the public release of the results of basic skills testing only.

This Regulation is made under the *Education Reform Act 1990*, including section 18A (Publication of results of certain tests) and section 130 (the general regulation making power).
