**THREATENED SPECIES CONSERVATION ACT 1995 No 101**  
**Notice of Final Determination and Amendment of Schedule 3 to Act**

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following matter in Schedule 3 to that Act (Key threatening processes) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Predation by the European Red Fox *Vulpes Vulpes* (Linnaeus, 1758)

The final determination to insert this matter in Schedule 3 has been made because the Scientific Committee is of the opinion that predation by the European Red Fox *Vulpes Vulpes* adversely affects more than two threatened species and could cause species and populations that are not threatened to become threatened.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
National Parks & Wildlife Service  
43 Bridge Street  
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 3rd day of March 1998

Dr Chris Dickman  
Chairperson  
Scientific Committee
