## THREATENED SPECIES CONSERVATION ACT 1995 No 101

### Notice of Final Determination and Amendment of Schedules 1 and 2 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination:

- (a) to insert the following species of plant in Part 1 of Schedule 1 to that Act (Endangered species) and
- (b) as a consequence, to omit reference to that species of plant from Schedule 2 to that Act (Vulnerable species),

and, accordingly, those Schedules are amended as set out in Annexure "A" to this Notice:

#### Plants

##### Orchidaceae

\**Phaius australis* F. Muell.

This species is currently listed as *Phaius australis* in Part 1 of Schedule 1 to the *Endangered Species Protection Act 1992* of the Commonwealth, and, consequently, under section 6 of the *Threatened Species Conservation Act 1995*, should be inserted in Schedule 1 to that Act with an asterisk.

The final determination to insert this species in Schedule 1 has been made because the Scientific Committee is of the opinion that this species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
National Parks & Wildlife Service  
43 Bridge Street  
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 29th day of May 1998.

Dr Chris Dickman  
Chairperson  
Scientific Committee
