## **Motor Traffic Amendment (Law Revision) Regulation 1998**

under the  
Traffic Act 1909

His Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Traffic Act 1909*.

CARL SCULLY, M.P.,  
Minister for Transport

### **Explanatory note**

The object of this Regulation is to remove certain provisions of the principal Regulation relating to registration, inspections and vehicle standards of vehicles. These amendments are consequential on the commencement of the *Road Transport (Vehicle Registration) Act 1997* and the *Road Transport (Vehicle Registration) Regulation 1998*, both of which will regulate registration, inspections and vehicle standards of vehicles.

The Regulation also makes other amendments by way of law revision. For example, the Regulation makes amendments to Regulations 61 and 8 1A of the *Motor Traffic Regulations 1935* to ensure that those provisions will continue to extend to trailers after the commencement of the *Traffic Legislation Amendment Act 1997* (which will commence at the same time as this Regulation). The Regulation also replaces Regulation 32C exempting certain golf vehicles from section 6 (1) of the *Traffic Act 1909* with a provision that is consistent with the new terminology concerning roads and road related areas to be inserted in that Act on the commencement of the *Traffic legislation Amendment Act 1997*.

This Regulation is made under the Traffic Act 1909, including section 3 (1) (the general regulation-making power).

**1998 No 332**
