**THREATENED SPECIES CONSERVATION ACT 1995 No 101**  
**Notice of Final Determination and Amendment of Schedules 1 and 2 to Act**

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination:

- (a) to insert the following species of bird in Part 1 of Schedule 1 to that Act (Endangered species), and
- (b) as a consequence, to omit reference to that species of bird from Schedule 2 to that Act,

and, accordingly, those Schedules are amended as set out in Annexure "A" to this Notice:

**Birds**

Procellariidae

*\*Pterodroma leucoptera leucoptera*      Gould's Petrel  
 (Gould, 1844)

Gould's Petrel is currently listed as *Pterodroma leucoptera leucoptera* in Part 1 of Schedule 1 to the *Endangered Species Protection Act 1992* of the Commonwealth, and, consequently, under section 6 of the *Threatened Species Conservation Act 1995*, should be inserted in Schedule 1 to that Act with an asterisk.

The final determination to insert this species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that the species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival cease to operate.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
 National Parks & Wildlife Service  
 43 Bridge Street  
 HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 23rd day of January 1998

Dr Chris Dickman  
 Chairperson  
 Scientific Committee
