THREATENED SPECIES CONSERVATION ACT 1995 No 101

Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of insect in Part 1 of Schedule 1 to that Act (Endangered species) and, accordingly, that Schedule is amended as set out in Annexure “A” to this Notice:

Odonata

Petaluridae

Petalura gigantea (Leach, 1815) Giant Dragonfly

The final determination to insert this species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that the numbers of the species have been reduced to such a critical level, and its habitats have been so drastically reduced, that it is in immediate danger of extinction.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 23rd day of January 1998

Dr Chris Dickman
Chairperson
Scientific Committee

Annexure “A”

Schedule 1 to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 1 in alphabetical order under the heading “Animals” and the sub-heading “Insecta” the matter:

Odonata

Petaluridae

<i>Petalura gigantea</i> (Leach, 1815)	Giant Dragonfly
