## THREATENED SPECIES CONSERVATION ACT 1995 No 101

### Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population of plant in Part 2 of Schedule 1 to that Act (Endangered populations) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

#### Plants

##### Rutaceae

*Zieria smithii* Jackson

Low growing form of *Z. smithii*,  
Diggers Head

The final determination to insert this population in Part 2 of Schedule 1 has been made because the Scientific Committee is of the opinion that the population has been reduced to such a critical level and its habitat so drastically reduced that it is in immediate danger of extinction, that it is likely to be genetically distinct, and that it is of significant conservation value as it is morphologically distinct from other *Zieria smithii* plants and other species of *Zieria*.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
National Parks & Wildlife Service  
43 Bridge Street  
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 4th day of September 1998.

Dr Chris Dickman  
Chairperson  
Scientific Committee

1998 No 555

Threatened Species Conservation Act 1995 No 101—Final Determination

## **Annexure “A”**

**Schedule 1** to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 2 in alphabetical order under the heading "Plants" the matter:

## Rutaceae

*Zieria smithii* Jackson Low growing form of *Z. smithii*,  
Diggers Head
