THREATENED SPECIES CONSERVATION ACT 1995 No 101

Notice of Final Determination and Amendment of Schedule 3 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following threatening process in Schedule 3 to that Act (Key threatening processes) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Invasion of native plant communities by *Chrysanthemoides monilifera*

The final determination to insert this process in Schedule 3 has been made because the Scientific Committee is of the opinion that the invasion of native plant communities by *Chrysanthemoides monilifera* adversely affects 2 or more threatened species, populations or ecological communities or could cause species, populations or ecological communities that are not threatened to become threatened.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 6th day of March 1999.

Dr Chris Dickman
Chairperson
Scientific Committee

Annexure "A"

Schedule 3 to the *Threatened Species Conservation Act 1995* is amended by inserting in alphabetical order the following matter:

Invasion of native plant communities by *Chrysanthemoides monilifera*
