**THREATENED SPECIES CONSERVATION ACT No 101**

**Notice of Final Determination and Amendment of Schedule 1 to Act**

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population in Part 2 of Schedule 1 to that Act and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Rhamnaceae

*Pomadouris prunifolia* Fenzl

*P. prunifolia* in the Parramatta, Auburn,  
Strathfield and Bankstown Local  
Government Areas

The final determination to insert this population in Schedule 1 has been made because the Scientific Committee is of the opinion that the population's numbers have been reduced to such a critical level and its habitat so drastically reduced, that it is in immediate danger of extinction. The population is also disjunct and at or near the limit of its geographic range and is of significant conservation value.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
National Parks & Wildlife Service  
43 Bridge Street  
HURSTVILLE NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 13th day of January 1999.

Dr Chris Dickman  
Chairperson  
Scientific Committee

---
