

New South Wales

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population of mammals in Part 2 of Schedule 1 to that Act (Endangered populations) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Mammals

Phascolarctidae

<i>Phascolarctos cinereus</i> (Goldfuss, 1817)	Koala, Hawks Nest and Tea Gardens population
--	--

The final determination to insert this population in Part 2 of Schedule 1 has been made because the Scientific Committee is of the opinion that the population has been reduced to such a critical level and its habitat has been so drastically reduced that it is in immediate danger of extinction, and that it is of significant conservation value.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
Hurstville NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 30th day of July 1999.

Dr Chris Dickman

Chairperson

1999 No 424

Threatened Species Conservation Act 1995 No 101—Final Determination

Scientific Committee

Annexure “A”

Schedule 1 to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 2 in alphabetical order under the heading “Animals” and the sub-headings “Vertebrates”, “Mammals” and “Phascolarctidae” the matter.

<i>Phascolarctos cinereus</i> (Goldfuss, 1817)	Koala, Hawks Nest and Tea Gardens population
