New South Wales

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 2 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of plants in Schedule 2 to that Act (Vulnerable species) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Plants

Epacridaceae

  Epacris purpurascens var. *purpurascens* R. Br.

Fabaceae

  Swainsona sericea (A. Lee) J. Black ex H. Eichler

Myrtaceae

  Callistemon linearifolius (Link) DC.

The final determination to insert these species in Schedule 2 has been made because the Scientific Committee is of the opinion that these species are likely to become endangered unless the circumstances and factors threatening their survival or evolutionary development cease to operate.

Copies of the final determination may be inspected at:
    The Information Centre (Level 1)
    National Parks & Wildlife Service
    43 Bridge Street
    Hurstville NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

1999 No 712

Threatened Species Conservation Act 1995 No 101—Final Determination

Signed at Sydney, this 3rd day of December 1999.

Assoc. Prof. Paul Adam

Deputy Chairperson
Scientific Committee

Annexure "A"
