

# Threatened Species Conservation Act 1995 No 101

## Notice of Final Determination and Amendment of Schedule 3 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following matter in Schedule 3 to that Act (Key threatening processes) and, accordingly, that Schedule is amended as set out in Annexure “A” to this Notice:

Predation by the Feral Cat *Felis catus* (Linnaeus, 1758)

The final determination to insert this matter in Schedule 3 has been made because the Scientific Committee is of the opinion that predation by the Feral Cat *Felis catus* (Linnaeus, 1758) adversely affects two or more threatened species and could cause species that are not threatened to become threatened.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)  
National Parks & Wildlife Service  
43 Bridge Street  
Hurstville NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 7th day of March 2000.

Dr CHRIS DICKMAN,  
Chairperson,  
Scientific Committee
