

New South Wales

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 3 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following matter in Schedule 3 to that Act (Key threatening processes) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Predation by the Ship Rat *Rattus rattus* on Lord Howe Island

The final determination to insert this matter in Schedule 3 has been made because the Scientific Committee is of the opinion that predation by the Ship Rat *Rattus rattus* on Lord Howe Island adversely affects two threatened species and could cause species or populations that are not threatened to become threatened.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
Hurstville NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 1st day of May 2000.

Assoc. Prof. Paul Adam

Deputy Chairperson
Scientific Committee

2000 No 195

Threatened Species Conservation Act 1995 No 101—Final Determination

Annexure "A"

Schedule 3 to the *Threatened Species Conservation Act 1995* is amended by inserting in alphabetical order the matter:

Predation by the Ship Rat *Rattus rattus* on Lord Howe Island
