# **Petroleum (Onshore) Amendment (Description of Land) Regulation 2000**

under the

**Petroleum (Onshore) Act 1991**

His Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Mining Act 1992*.

EDWARD OBEID, M.L.C.,

Minister for Mineral Resources

## **Explanatory note**

At present, clause 5 (2) of the *Petroleum (Onshore) Regulation 1997* requires a map or a plan accompanying an application for any petroleum title (other than a petroleum exploration licence) under the *Petroleum (Onshore) Act 1991*, or otherwise prepared for the purposes of that Act, to be drawn on or overlay one of 3 maps, one of which is required to show “the co-ordinates (by reference to Integrated Survey Grid co-ordinates) of all points where there is a change in direction of the boundaries of the land”.

The object of this Regulation is to amend clause 5 (2) so as to require, instead, that the co-ordinates be shown by reference to Map Grid of Australia co-ordinates.

This Regulation is made under the *Petroleum (Onshore) Act 1991* and, in particular, under section 138 (the general regulation-making power).
