

New South Wales

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination:

- (a) to insert the following species of plant in Part 1 of Schedule 1 to that Act (Endangered Species), and
- (b) as a consequence, to omit reference to that species of plant from Part 4 of Schedule 1 to that Act (Species presumed extinct),

and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Plants

Brassicaceae

Lepidium peregrinum Thell.

The final determination to insert this species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that the species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival cease to operate.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
Hurstville NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

2000 No 357

Threatened Species Conservation Act 1995 No 101—Final Determination

Signed at Sydney, this 23rd day of June 2000.

Assoc. Prof. Paul Adam
Deputy Chairperson
Scientific Committee

Annexure “A”

Schedule 1 to the *Threatened Species Conservation Act 1995* is amended as follows:

- (a) by inserting in Part 1 in alphabetical order under the heading “Plants” and the sub-heading “Brassicaceae” the matter:
Lepidium peregrinum Thell.
- (b) by omitting from Part 4 the following matter under the heading “Plants” and the sub-heading “Brassicaceae”:
* *Lepidium peregrinum* Thell.
