

New South Wales

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population of plant in Part 2 of Schedule 1 to that Act (Endangered populations) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Plants

Sterculiaceae

Keraudrenia corrolata var. *denticulata* (Steetz) Druce

Keraudrenia
corrolata var.
denticulata in the
Hawkesbury Local
Government Area

The final determination to insert this population in Part 2 of Schedule 1 has been made because the Scientific Committee is of the opinion that the population's habitat has been so drastically reduced that it is in immediate danger of extinction, that it is not a population of a species already listed in Schedule 1, and that it is disjunct and at or near the limit of its geographic range.

Copies of the final determination may be inspected at:

The Information Centre (Level 1)
National Parks & Wildlife Service
43 Bridge Street
Hurstville NSW 2220

and at all District Offices of the National Parks and Wildlife Service during business hours.

2000 No 603

Threatened Species Conservation Act 1995 No 101—Final Determination

Signed at Sydney, this 18th day of August 2000.

Dr Chris Dickman
Chairperson
Scientific Committee

Annexure “A”

Schedule 1 to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 2 in alphabetical order under the heading “Plants” the matter:

Sterculiaceae

Keraudrenia corrolata var. *denticulata* (Steetz) Druce

Keraudrenia
corrolata var.
denticulata in the
Hawkesbury Local
Government Area
