# Threatened Species Conservation Act 1995 No 101

## Notice of Final Determination and Amendment of Schedule 3 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following threatening process in Schedule 3 to that Act (Key threatening process) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

### Anthropogenic Climate Change

The final determination to insert this threatening process in Schedule 3 has been made because the Scientific Committee is of the opinion that the process adversely affects 2 or more threatened species or could cause species, populations or ecological communities that are not threatened to become threatened.

Copies of the final determination may be inspected at:

The National Parks Centre  
102 George Street  
The Rocks  
SYDNEY NSW 2000

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 14th day of October 2000.

Dr Chris Dickman

Chairperson  
Scientific Committee

## **2000 No 662**

Threatened Species Conservation Act 1995 No 101—Final Determination

---

### **Annexure “A”**

**Schedule 3** to the *Threatened Species Conservation Act 1995* is amended by inserting in alphabetical order:

Anthropogenic Climate Change
