

Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of plant in Part 1 of Schedule 1 to that Act (Endangered species) and, accordingly, that Schedule is amended as set out in Annexure “A” to this Notice:

Plants

Sapindaceae

Dodonaea stenozyga F. Muell.

The final determination to insert this species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that the species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Copies of the final determination may be inspected at:

The National Parks Centre
102 George St
The Rocks
Sydney

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 25th day of January 2001.

Dr Chris Dickman
Chairperson
Scientific Committee

2001 No 138

Threatened Species Conservation Act 1995 No 101—Final Determination

Annexure “A”

Schedule 1 to the *Threatened Species Conservation Act 1995* is amended by inserting in Part 1 in alphabetical order under the heading “Plants” and the sub-heading “Sapindaceae” the matter:

Dodonaea stenozyga F. Muell.
