Marine Parks Regulation 1999

under the

Marine Parks Act 1997

His Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Marine Parks Act 1997*.

BOB MARTIN, M.P.,

Minister for the Environment, and Minister for Fisheries

Explanatory note

The object of this Regulation is to make provision for or with respect to the following matters under the *Marine Parks Act 1997*:

- (a) the management, protection and conservation of marine parks,
- (b) regulating and prohibiting the carrying out of certain activities in marine parks,
- (c) the classification of areas within marine parks for different uses by means of zoning plans.

Part 2 of the Regulation provides for four zones in marine parks (the sanctuary zone, the habitat protection zone, the general use zone and the special purpose zone), and sets out the objects of those zones and the special provisions applying in those zones. For instance, the sanctuary zone attracts the highest level of protection, and activities that result in harm to fish, animals or habitat are prohibited. Schedule 1 to the Regulation is to contain the zoning plans for individual marine parks. Zoning plans may contain more specific provisions relating to the use of marine parks, for example, a zoning plan might regulate methods of fishing or the use of vessels or vehicles in a particular marine park. No zoning plans are included in this Regulation at the commencement of this Regulation.

1999 No 102

Marine Parks Regulation 1999

Explanatory note

Part 3 of the Regulation prohibits certain activities in marine parks except with the consent of the Marine Parks Authority. These activities include damaging moorings and other facilities in a marine park, bringing exotic animals or plants into a marine park, organising or conducting sporting and recreational activities in a marine park and camping in a marine park.

Part 3 also enables the Authority to prohibit, on a temporary basis, the carrying out of certain activities in a marine park by means of a notification published in the Gazette (this will be known as a marine park closure).

Part 4 of the Regulation includes miscellaneous provisions relating to the functions of the Authority, and provides that certain offences under the Regulation (as specified in Schedule 2) may be dealt with by way of penalty notice. Schedule 2 also sets out the penalties for offences that are dealt with by way of penalty notice.

The *Protection of the Environment Operations Act 1997* sets out various offences that are also applicable to marine parks, such as the offence of polluting waters (see section 120 of that Act). That Act also allows a public authority such as the Marine Parks Authority to be given power to enforce certain provisions of that Act.

This Regulation is made under the *Marine Parks Act 1997*, including sections 15, 16, 17 and 48 (the general regulation-making power) and clause 2 of Schedule 3.
