# Sydney Water Catchment Management (General) Regulation 2000

under the

Sydney Water Catchment Management Act 1998

His Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Sydney Water Catchment Management Act 1998*.

CARMEL TEBBUTT, M.L.C.,

Minister for the Environment

## Explanatory note

The *Sydney Water Catchment Management Act 1998* constituted the Sydney Catchment Authority to manage and protect certain catchment areas and catchment infrastructure works that affect the supply of water. Previously, the management and protection of those areas and works was the sole responsibility of the Sydney Water Corporation and was facilitated by a regulation made under the *Sydney Water Act 1994*, namely the *Sydney Water Corporation Limited (Catchment Management) Regulation 1995*.

The *Sydney Catchment Management (Transitional Arrangements) Regulation 1999* applied the *Sydney Water Corporation Limited (Catchment Management) Regulation 1995* as a regulation under the *Sydney Water Catchment Management Act 1998*.

The object of this Regulation is repeal the *Sydney Catchment Management (Transitional Arrangements) Regulation 1999* and remake, in substantially the same form, the applied provisions of the *Sydney Water Corporation Limited (Catchment Management) Regulation 1995*.
