(a) the aggregate unit entitlement of all lots, whether or not development lots; and

(b) apportioned on the basis of land value (within the meaning of the Valuation of Land Act 1916) and so as to total that aggregate unit entitlement:

- the proposed unit entitlement of each development lot; and

(2) A plan intended to be registered under this section as a strata plan of subdivision must include, as sheets of the plan:

- (b) a floor plan; and
- (c) a schedule of unit entitlement.

(3) The location plan must be endorsed with:

- (b) a certificate given by a registered surveyor in the approved form certifying that each applicable requirement of Schedule 1A has been met (but which need not certify any matter relating to a lot boundary that was certified in the strata plan or a previous strata plan of subdivision).

The location plan must also identify any encroachment by the building (whether or not on to a public place).

(4) The schedule of unit entitlement must show as whole numbers:

(6) Part 2, Division 2A:

Omit the Division, insert instead:

Division 2A—Staged Development**Explanation of staged development**

28A. (1) The purpose of this Division is to facilitate the development in stages of a parcel that is subject to a strata scheme.

(2) The development contemplated consists of:

- the progressive improvement of the parcel by the construction of buildings or the carrying out of works (or both) on a lot or lots reserved for future development (“development lots”); and
- the subsequent subdivision under this Act of each such lot and the consequential adjustment of unit entitlements within the scheme.

(3) Development lots may be situated wholly or partly above, below or alongside the building to which the strata scheme initially relates, but must be identified as such in the strata plan for the scheme when that plan is registered.

(4) The staged development of a parcel will be carried out subject to a strata development contract that describes separately:

- (a) any proposed development that the developer for the development lot concerned warrants will be carried out and may be compelled to carry out (“**warranted development**”); and
- (b) any other proposed development that the developer will be authorised but cannot be compelled to carry out (“**authorised proposals**”).

Warranted development and authorised proposals are referred to as “permitted development” because the body corporate for the strata scheme and other persons having estates or interests in lots included in the parcel must allow it to be carried out in accordance with the contract.

(5) This Division is not intended to prevent the development of a parcel otherwise than in accordance with this Division.

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—
continued

Obligations of consent authorities

28B. (1) A consent authority must not, at the same time, grant development consent for the subdivision of land by a strata plan and the subsequent subdivision of a lot in that plan by a strata plan of subdivision unless:

- (a) the lot intended to be subdivided is identified in the proposed strata plan as a development lot; and
- (b) the development application is accompanied by a proposed strata development contract.

(2) When a consent authority grants such a consent, it must certify in the approved form that carrying out the permitted development would not contravene:

- (a) any condition subject to which the consent was granted; or
- (b) the provisions of any environmental planning instrument that were in force when the consent was granted, except to the extent (if any) specified in the certificate.

(3) A development consent that purports to have been granted in contravention of this section is invalid.

Form and content of strata development contract

28C. (1) A strata development contract and any amendment of such a contract must be in the approved form.

(2) A strata development contract must include a concept plan and a description:

- (a) of the land comprising the parcel, identifying separately the development lot or lots to which it relates; and
- (b) of any land proposed to be added to that parcel at a later time; and
- (c) of so much (if any) of the proposed development as the developer is permitted by the contract to carry out and may be compelled to carry out (identified in the contract as “**warranted development—proposed development** subject to a warranty”); and

Strata Titles (Staged Development) Amendment Act 1993 No. 12

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—
continued

(d) of so much (if any) of the proposed development as the developer is permitted by the contract to carry out but cannot, merely because it is described in the contract, be compelled to carry out (identified in the contract as “**authorised proposals**— proposed development *not* subject to a warranty”).

(3) A strata development contract must include such other documents, particulars and information as may be required by the regulations.

(4) A strata development contract cannot provide for the subdivision of common property without the consent, by special resolution, of the body corporate.

Concept plan

28D. (1) A concept plan must illustrate, in the manner approved by the Registrar-General, the sites proposed for and the nature of the buildings and works that would result from the carrying out of all permitted development under the strata development contract of which the plan forms part.

(2) A concept plan must separately illustrate, in the manner approved by the Registrar-General, the sites proposed for and the nature of such of those buildings and works (if any) as would result from the carrying out of all warranted development.

(3) The Registrar-General may refuse to register an amendment of a strata development contract if it does not include a revised concept plan so that this section will be complied with after the amendment has been registered.

Variation of liability for common property expenses

28E. (1) A strata development contract may apportion the liability for expenses relating to the use or maintenance of the common property of the strata scheme concerned differently from the way that liability would otherwise be apportioned by the schedule of unit entitlement applicable to lots under the scheme.

(2) An apportionment under this section has effect despite the current schedule of unit entitlement, but does not apply to any liability that relates to the use or maintenance of the common property after the development scheme is concluded.

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—
*continued***Signing of strata development contract and amendments**

28F. (1) The Registrar-General may register a strata development contract relating to a development lot in a strata plan or an amendment of such a contract only if the contract or amendment is signed by:

- (a) the developer for the development lot; and
- (b) each registered mortgagee, chargee, covenant chargee and lessee of the development lot; and
- (c) each registered mortgagee and chargee of a lease of the development lot.

(2) A strata development contract must be accompanied by the certificate (if any) required to be given by section 28B (Obligations of consent authorities).

(3) The Registrar-General may refuse to register a strata development contract or an amendment of such a contract if there have not been lodged in the office of the Registrar-General written consents to the registration of the contract or amendment signed by (or by an agent authorised by) such one or more of the following as the Registrar-General determines:

- (a) the judgment creditor under any writ recorded in the folio for the development lot concerned or for any lease of that lot;
- (b) the lessee under any lease of the common property of the strata scheme concerned;
- (c) the caveator under a caveat affecting any estate or interest of any person required to sign the contract because of that estate or interest or under a caveat affecting any such common property.

(4) Nothing prevents the same person from being more than one of the parties to a strata development contract.

28G. (1) The Registrar-General may register a strata development contract and any amendment of such a contract by making such recordings in the Register as the Registrar-General considers appropriate.

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—
continued

(2) The Registrar-General may refuse to register an amendment of a strata development contract if the certificate of title for the body corporate of the strata scheme concerned and the common property (if any) has not been produced to the Registrar-General.

(3) The Registrar-General must refuse to register a strata development contract or any amendment of such a contract that contravenes any requirement made of it by this Division.

Notice of strata development contract and amendments

28H. When a strata development contract is registered, the Registrar-General must record in the folio of the Register relating to the body corporate of the strata scheme concerned and the common property (if any):

- (a) the existence of the contract and of any subsequent amendment of it that is registered from time to time; and
- (b) such information relating to the contract and any amendment of the contract as the Registrar-General considers appropriate.

Effect of strata development contract

- (c) a registered or enrolled mortgagee, chargee, covenant chargee or lessee, or an occupier⁹ of a lot.

(2) The contract ceases to have effect:

- (a) in relation to a person described in subsection (1) (a), (b) or (c), on that person ceasing to be a person so described; and
- (b) in relation to all of the persons described in subsection (1), when the development scheme to which the contract relates is concluded,

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—
continued

This subsection does not affect any obligation that was incurred by a person, or any right that accrued to a person, under the contract before it ceased to have effect in relation to the person.

(3) A strata development contract does not permit development to be carried out in contravention of this or any other Act or any other law.

(4) A lessee entitled under a lease to immediate possession of a development lot is taken to be the developer, and the person who would otherwise be the developer is taken not to be the developer, for the purposes of this Act, the regulations and the strata development contract concerned.

(5) A mortgagee, chargee or covenant chargee in possession of a development lot is taken to be the developer, and the person who would otherwise be the developer is taken not to be the developer, for the purposes of this Act, the regulations and the strata development contract concerned.

(6) A provision in any other contract or instrument under which a strata development contract is excluded, modified or restricted is void.

(7) A covenant entered into under a strata development contract does not merge on transfer of a lot,

(8) Nothing in this section affects any right or remedy a person may have apart from a right or remedy under a strata development contract, with the exception that Part 5 does not apply to matters arising under any such contract,

Amendment of strata development contract

28J. (1) A strata development contract may be amended by the developer, but any such amendment has effect only if:

- (a) this section has been complied with in relation to the amendment; and
- (b) the amendment is registered.

(2) A proposed amendment that involves a change in the basic architectural or landscaping design of the development, or in its essence or theme, may be made only if it is:

Strata Titles (Staged Development) Amendment Act 1993 No. 12

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—

- (a) approved by the consent authority (if any); and
- (b) except where the developer is the only proprietor of lots in the strata scheme concerned, supported by a unanimous resolution of the body corporate of the strata scheme concerned.

(3) An amendment proposed in order to give effect to a change in the law or a change in the requirements of a consent authority (but that does not involve a change in the basic architectural or landscaping design of the development, or in its essence or theme) may be made only if it is:

- (a) approved by the consent authority (if any); and
- (b) notified to:
 - the body corporate of the strata scheme concerned; and
 - the proprietor of each lot in that scheme (other than the developer); and
 - each registered or enrolled mortgagee, chargee, covenant chargee and lessee of a lot in that scheme.

(4) Any other proposed amendment that would require a change in the terms of a development consent may be made only if it is:

- (a) approved by the consent authority; and
- (b) supported by a special resolution of the body corporate of the strata scheme concerned.

(5) Any other proposed amendment that would not require a change in the terms of a development consent may be made only if:

- (a) it is supported by an ordinary resolution of the body corporate of the strata scheme concerned; and
- (b) the application for registration, or the contract as intended to be amended, is accompanied by a certificate, given in the approved form by the consent authority (if any), to the effect that a change in the terms of my development consent is not required.

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—
continued

(6) A consent authority that approves an amendment of a strata development contract must provide the applicant for the approval with a copy of the instruments, plans and drawings that describe and illustrate the amendment and a certificate in the approved form to the effect:

- (a) that the copy describes and illustrates the approved amendment; and
- (b) that the contract, if amended as approved by the authority, would not be inconsistent with any related development consent.

Approval of amendments by Land and Environment Court

28K. (1) An amendment of a strata development contract is not required to be supported by a resolution of a body corporate if the amendment is approved by the Land and Environment Court.

(2) Such an approval may be given only if the Court is satisfied:

- (a) that a motion supporting the amendment has been defeated; or
 - (b) that the notice of intention to move such a motion has been given but a meeting to consider the motion has not been held within a reasonable time after the giving of the notice; or
 - (c) that the consent to the amendment of a mortgagee, chargee or covenant chargee or of a lessee has been sought but has been refused.
- (3) An application for such an approval must be served on:

(4) Each person entitled to be served with notice of the application is entitled to appear and be heard in proceedings relating to the application.

Use of common property and development lot by developer

28L. (1) When carrying out permitted development under a strata development contract, a developer is entitled to use any common property or development lot to which the contract relates:

- (a) to the extent necessary to carry out the development; or
- (b) to such other extent as may be specified in the contract, which may confer on the developer an exclusive (or any lesser) right to occupy specified common property

(2) A right conferred by this section may be exercised despite any other provision of this Act or any provision of the by-laws or of an order under section 121, but must be exercised in a manner that does not cause unreasonable inconvenience to the occupier of any lot,

(3) Any provisions of a strata development contract that relate to the maintenance or upkeep of common property to which the contract relates have effect despite any provision of the by-laws or of an order under section 121.

Adding land to a parcel subject to a strata development contract

28M. (1) Land may be added to a parcel containing a development lot by registration of a strata plan of subdivision in accordance with the regulations.

(2) A strata plan of subdivision that adds land may be registered only if:

- (a) the land consisting of the former parcel and the additional land could be the subject of a strata plan had the land in the former parcel not already been subdivided under this Act; and
- (b) the strata development contract, as in force when the strata plan of subdivision is registered, provides for the land to be added to the parcel and states whether, on its being added to the parcel, the land will become

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—

common property, a further development lot or an addition to an existing development lot, or any specified combination of them; and

- (c) a plan showing as a single lot the additional land and the former parcel has been lodged in the office of the Registrar-General for registration under the Conveyancing Act 1919.

(3) On registration of such a strata plan of subdivision, the land becomes common property, a further development lot or an addition to an existing development lot, or any specified combination of them, as provided by the strata development contract.

Right to complete permitted development

28N. (1) The vote of a developer who is permitted to carry out development because it is included in a strata development contract is sufficient to pass or defeat a motion included in the notice for a meeting of the body corporate or of the council of the body corporate if the passing or defeat of the motion would have the effect of making a decision about a development concern.

(2) It is not necessary for a decision about a development concern to be supported by a special or unanimous resolution of a body corporate, despite any other provision of this Act.

(3) A dealing, plan or other instrument may be executed either by the body corporate or by a developer on behalf of the body corporate for the purpose of giving effect to a decision about a development concern.

(4) The regulations may impose requirements for the execution of dealings, plans and other instruments by bodies corporate and developers and may require verification by statutory declaration of the circumstances in which they were executed.

(5) For the purpose only of allowing development permitted by a strata development contract to be carried out, a developer (or, if the developer is a corporation, the company nominee of the corporation) may exercise such of the other functions of a body corporate bound by the contract or of any other person having functions under the strata scheme concerned as may be prescribed by the regulations.

(6) This section has effect despite any other provision of this Act.

**SCHEDULE 1BA—COVENANTS IMPLIED IN
STRATA DEVELOPMENT CONTRACTS**

(Sec. 28I)

Warranted development

1. The developer agrees with the other parties jointly, and with each of them severally:

- that the developer must carry out the development (if any) described and identified as “warranted development—proposed development subject to a warranty” in the strata development contract; and
- that the developer must carry out any such development in accordance with the covenants set out and implied in the contract.

Permission to carry out warranted development and authorised proposals

2. The parties, other than the developer, jointly and severally agree with the developer that the developer is permitted to carry out, in accordance with the covenants set out or implied in the contract:

- the warranted development (if any); and
- such other development as is described and identified as “authorised proposals—proposed development not subject to a warranty” in the contract.

Body corporate expenses

3. The developer agrees with the body corporate that the developer will pay the reasonable expenses incurred by the body corporate:

- in repairing damage to the common property caused in carrying out the permitted development, except damage due to normal wear and tear; and
- for any water, sewerage, drainage, gas, electricity, oil, garbage, conditioned air or telephone service (and any other service prescribed by the regulations) used in carrying out that development; and

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—

- for additional administrative costs connected with that development, such as the cost of giving notice of and holding any meeting required to obtain approval of a strata plan of subdivision.

Standard of development

4. The developer agrees with the other parties that:
- the standard of materials used, finishes effected, common property improvements, landscaping, roadways and paths; and
 - the heights of buildings, other structures and works and the density of development,

in all development permitted to be carried out by the contract must not be inferior to or substantially different from those of the completed buildings and other structures and works forming part of the parcel, except to the extent (if any) that the contract specifies.

Unauthorised use of the parcel

5. The developer agrees with the other parties that the developer will not use any part of the parcel or cause any part of the parcel to be used except:

- to the extent necessary to carry out the development permitted to be carried out by the strata development contract; or
- to such other extent as may be specified in the contract.

Restoration of common property

6. The developer agrees with the other parties to make good, as soon as is practicable, any damage to the common property arising out of performance of the contract, whether or not the contract contemplates or permits the damage.

SCHEDULE 1—AMENDMENT OF STRATA TITLES ACT 1973—
continued

For the purposes of this covenant, “**damage**” does not include damage necessarily resulting from having carried out (in accordance with the contract) development that is permitted by the contract to be carried out.

Additional covenants for vertical staged development

8. If the contract permits development to be carried out within a development lot that is wholly or partly directly above or below a part of the parcel that is not a development lot, the developer agrees with the other parties:

- to minimise any disruption caused to other occupiers of the parcel by the carrying out of permitted development or otherwise; and
- to ensure that, while permitted development is being carried out, shelter and subjacent and lateral support, consistent with proper engineering and building practices, are provided to such other parts of the parcel as are capable of being sheltered or of enjoying that support; and
- to keep the developer insured, while permitted development is being carried out, under a policy of indemnity (that complies with the regulations) with an insurer approved for the purposes of Division 5 of Part 4 against claims for damage to property, or for death or personal injury, arising out of or resulting from the carrying out of permitted development.
