**Firefighters death and incapacity benefits**

The trust deed and rules may contain provisions that apply or reduce benefits under the Principal Act in cases where a death or incapacity benefit is payable to or in respect of firefighters or former firefighters who are or were members of the First State Superannuation Fund. This, and other regulation-making powers relating to the payment of benefits, will enable the benefits so applied or reduced to be offset against the death or incapacity benefit. Provision may also be able to be made as to the effect on existing coverage under the Principal Act for a death or invalidity benefit if a member or former member is covered for a death or incapacity benefit under a firefighters award.

**Transfer of deferred or preserved benefits**

---

Items [2]–[6] make a person whose deferred or preserved benefits are transferred to the First State Superannuation Fund under the proposed Part a member of the Fund and enable rules to be made as to the account of any such person in the Fund, as well as inserting a savings provision.
