

New South Wales

State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (Amendment No 3)

under the

Environmental Planning and Assessment Act 1979

Her Excellency the Governor, with the advice of the Executive Council, has made the following State environmental planning policy under the *Environmental Planning and Assessment Act 1979* in accordance with the recommendation made by the Minister for Planning. (S07/02145/PC)

KRISTINA KENEALLY, M.P.,
Minister for Planning

State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (Amendment No 3)

under the

Environmental Planning and Assessment Act 1979

1 Name of Policy

This Policy is *State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (Amendment No 3)*.

2 Aim of Policy

The aim of this Policy is to amend *State Environmental Planning Policy (Sydney Region Growth Centres) 2006*:

- (a) to specify development controls for land in the North Kellyville Precinct within the North West Growth Centre, and
- (b) to make other minor and consequential amendments.

3 Land to which Policy applies

This Policy applies to the land to which *State Environmental Planning Policy (Sydney Region Growth Centres) 2006* applies.

4 Amendment of State Environmental Planning Policy (Sydney Region Growth Centres) 2006

State Environmental Planning Policy (Sydney Region Growth Centres) 2006 is amended as set out in Schedule 1.

5 Replacement of maps

The following maps adopted by *State Environmental Planning Policy (Sydney Region Growth Centres) 2006* are declared by this Policy to be replaced by the maps specified below, as approved by the Minister on the making of this Policy:

- (a) the Sydney Region Growth Centres Development Control Map—North West Growth Centre is replaced by the State Environmental Planning Policy (Sydney Region Growth Centres) 2006—North West Growth Centre Development Control Map (*Edition 2*),

-
- (b) the Sydney Region Growth Centre Zoning Map—North West Growth Centre is replaced by the State Environmental Planning Policy (Sydney Region Growth Centres) 2006—North West Growth Centre Land Zoning Map (*Edition 2*),
 - (c) the Sydney Region Growth Centres Precinct Boundaries Map—North West Growth Centre is replaced by the State Environmental Planning Policy (Sydney Region Growth Centres) 2006—North West Growth Centre Precinct Boundary Map (*Edition 2*).

Schedule 1 Amendments

(Clause 4)

[1] Clause 3 Interpretation

Omit “Sydney Region Growth Centres Precinct Boundaries Map—North West Growth Centre” wherever occurring in the definitions of *growth centre* and *growth centre precinct* in clause 3 (1).

Insert instead “North West Growth Centre Precinct Boundary Map (*Edition 2*)”.

[2] Clause 3 (1), definition of “growth centre structure plan”

Omit the definition. Insert instead:

growth centre structure plan means:

- (a) in relation to the North West Growth Centre, the structure plan for the growth centre, being the explanatory notes identified by the Minister on the commencement of “*State Environmental Planning Policy (Sydney Region Growth Centres) 2006*” and the map identified by the Minister on the commencement of “*State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (Amendment No 3)*”, and
- (b) in relation to the South West Growth Centre, the structure plan for the growth centre (including the maps and explanatory notes) identified by the Minister on the commencement of “*State Environmental Planning Policy (Sydney Region Growth Centres) 2006 (Amendment No 1)*”.

[3] Clause 3 (1), definition of “transitional land”

Omit “Sydney Region Growth Centres Development Control Map—North West Growth Centre”.

Insert instead “North West Growth Centre Development Control Map (*Edition 2*)”.

[4] Clause 3 (4)

Omit the subclause. Insert instead:

- (4) Notes in this Policy are provided for guidance and do not form part of this Policy.

[5] Clause 4 Consent authority

Omit “Precinct Policy”. Insert instead “Precinct Plan”.

[6] Clause 6A Maps

Insert after clause 6A (3):

- (3A) For the purposes of this Policy, a map may be in, and may be kept and made available in, electronic or paper form, or both.

[7] Clause 7

Omit the clause. Insert instead:

7 Controls applying to precincts after finalisation of precinct planning process

The provisions applying to the carrying out of development in a precinct are those specified in the Appendix listed in Column 2 of the Table to this clause opposite the precinct listed in Column 1 of that Table.

Table

Column 1	Column 2
Precinct and Growth Centre	Appendix
Oran Park and Turner Road Precincts, South West Growth Centre	Appendix 1
North Kellyville Precinct, North West Growth Centre	Appendix 2

Note. The *Environmental Planning and Assessment Regulation 2000* (clauses 275 and 276) makes provision with respect to the staged release of precincts for urban development in the Sydney Region (including with respect to development assessment during the precinct planning process). On completion of the planning process for a precinct, land use and other development controls are to be specified in the relevant Appendix listed in the Table to this clause.

[8] Clause 8 Application of Part and of other planning instruments

Omit “Precinct Policy” from clause 8 (3). Insert instead “Precinct Plan”.

[9] Clauses 16 (1) and 17 (1)

Omit “Appendix 1 or” from clauses 16 (1) and 17 (1) wherever occurring. Insert instead “a Precinct Plan or in”.

[10] Clause 21 Land to which Part applies

Insert after clause 21 (3):

- (4) Despite subclause (1), this Part does not apply to land in the North Kellyville Precinct as shown on the North West Growth Centre Precinct Boundary Map (*Edition 2*).

[11] Appendix 1

Omit "Precinct" from clause 11 where lastly occurring.

[12] Appendix 2

Insert after Appendix 1:

Appendix 2

Part 1 Preliminary

Note. The *Standard Instrument (Local Environmental Plans) Order 2006* sets out matters to be included in standard local environmental plans. While this Precinct Plan is not a standard local environmental plan, it is generally consistent with standard plans. A number of clauses from the *Standard Instrument (Local Environmental Plans) Order 2006* have been included in this Precinct Plan and the clause numbering from that order has been retained. This means that the numbering in this Precinct Plan may contain some gaps. Additional provisions have been inserted and are numbered accordingly.

1.1 Name of Precinct Plan

This Plan is the *North Kellyville Precinct Plan 2008*.

1.2 Aims of Precinct Plan

The aims of this Precinct Plan are:

- (a) to make development controls for land in the North Kellyville Precinct within the North West Growth Centre that will ensure the creation of a quality environment and good design outcomes, and
- (b) to protect and enhance the environmentally sensitive areas and natural and cultural heritage of the Precinct, and
- (c) to promote employment, residential and recreational opportunities in the Precinct, and
- (d) to promote housing choice and affordability in the Precinct, and
- (e) to provide for the sustainable development of the Precinct.

1.3 Land to which Precinct Plan applies

This Precinct Plan applies to land within the North Kellyville Precinct.

1.4 Definitions

In this Precinct Plan, *Council* means the Council of the Shire of Baulkham Hills.

Note. The Dictionary at the end of this State Environmental Planning Policy defines words and expressions for the purposes of this Precinct Plan, including the relevant maps.

1.6 Consent authority

The consent authority for the purposes of this Precinct Plan is (subject to the Act) the Council.

1.8 Repeal of other local planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Precinct Plan applies are repealed.
- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Precinct Plan applies and to other land cease to apply to the land to which this Precinct Plan applies.
- (2A) This clause does not affect the operation of other provisions of this State Environmental Planning Policy.

1.9 Application of SEPPs and REPs

- (1) This Precinct Plan is subject to the provisions of any State environmental planning policy and any regional environmental plan that prevail over this State Environmental Planning Policy as provided by section 36 of the Act.

Note. Section 36 of the Act generally provides that SEPPs prevail over REPs and LEPs and that REPs prevail over LEPs. However, a LEP may (by an additional provision included in the LEP) displace or amend a SEPP or REP to deal specifically with the relationship between this Precinct Plan and the SEPP or REP.

- (2) The following State environmental planning policies and regional environmental plans (or provisions) do not apply to the land to which this Precinct Plan applies:

State Environmental Planning Policy No 1—Development Standards

2008 No 631

State Environmental Planning Policy (Sydney Region Growth Centres) 2006
(Amendment No 3)

Schedule 1 Amendments

State Environmental Planning Policy No 4—Development Without Consent and Miscellaneous Exempt and Complying Development (clause 6 and Parts 3 and 4)

State Environmental Planning Policy No 60—Exempt and Complying Development

- (2A) Subject to section 74 (1) of the Act, in the event of an inconsistency between this Precinct Plan and another environmental planning instrument whether made before or after the commencement of this Precinct Plan, this Precinct Plan prevails to the extent of the inconsistency.

Note. This State Environmental Planning Policy also contains provisions applying development controls to the North West Growth Centre, including the North Kellyville Precinct.

1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land within any zone to be carried out in accordance with this Precinct Plan or with a consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply:
 - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
 - (b) to any prescribed instrument within the meaning of section 183A of the *Crown Lands Act 1989*, or
 - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
 - (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
 - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
 - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Pursuant to section 28 of the Act, before the making of this clause, the Governor approved of subclauses (1)–(3).

Part 2 Permitted or prohibited development

2.1 Land use zones

The land use zones under this Precinct Plan are as follows:

Residential Zones

- R1 General Residential
- R2 Low Density Residential
- R3 Medium Density Residential

Business Zones

- B1 Neighbourhood Centre
- B2 Local Centre

Special Purpose Zones

- SP2 Infrastructure

Recreation Zones

- RE1 Public Recreation

Environment Protection Zones

- E3 Environmental Management
- E4 Environmental Living

2.2 Zoning of land to which Precinct Plan applies

For the purposes of this Precinct Plan, land is within the zones shown on the Land Zoning Map.

2.3 Zone objectives and land use table

- (1) The Land Use Table at the end of this Part specifies for each zone:
 - (a) the objectives for development, and
 - (b) development that may be carried out without consent, and
 - (c) development that may be carried out only with consent, and
 - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part:
 - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and

2008 No 631

State Environmental Planning Policy (Sydney Region Growth Centres) 2006
(Amendment No 3)

Schedule 1 Amendments

- (b) a reference to a type of building or other thing does not include (despite any definition in this Precinct Plan) a reference to a type of building or other thing referred to separately in the Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Part.

Notes.

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 The North Kellyville Precinct Development Control Plan sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the Land Use Table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.
- 3 The North Kellyville Precinct Development Control Plan sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

2.3A Demolition

The demolition of a building or work may be carried out only with consent.

Note. The demolition of certain buildings and works is identified in the North Kellyville Precinct Development Control Plan as exempt or complying development.

2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with consent.
- (2) Before granting consent, the consent authority:
 - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
 - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out:
 - (a) with consent, or

- (b) if the Schedule so provides—without consent,
in accordance with the conditions (if any) specified in that
Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land
Use Table at the end of this Part or other provision of this Precinct
Plan.

2.6 Subdivision—consent requirements

- (1) Land to which this Precinct Plan applies may be subdivided, but
only with consent.
- (2) However, consent is not required for a subdivision for the
purpose only of any one or more of the following:
- (a) widening a public road,
 - (b) a minor realignment of boundaries that does not create:
 - (i) additional lots or the opportunity for additional
dwellings, or
 - (ii) lots that are smaller than the minimum size shown
on the Lot Size Map in relation to the land
concerned,
 - (c) a consolidation of lots that does not create additional lots
or the opportunity for additional dwellings,
 - (d) rectifying an encroachment on a lot,
 - (e) creating a public reserve,
 - (f) excising from a lot land that is, or is intended to be, used
for public purposes, including drainage purposes, rural fire
brigade or other emergency service purposes or public
toilets.

Note. If a subdivision is exempt development, the Act enables the
subdivision to be carried out without consent.

Land Use Table

Zone R1 General Residential

1 Objectives of zone

- To provide for the housing needs of the community.
- To provide for a variety of housing types and densities.
- To enable other land uses that provide facilities or services to
meet the day to day needs of residents.

Part 3 Exempt and complying development

3.1 Exempt development

- (1) Development of minimal environmental impact listed in the North Kellyville Precinct Development Control Plan is *exempt development*, despite any other provision of this Precinct Plan.
- (2) Development is exempt development only if it complies with the development standards and other requirements applied to the development by this Part and by the North Kellyville Precinct Development Control Plan.

3.2 Complying development

- (1) Development listed in the North Kellyville Precinct Development Control Plan is *complying development* if:
 - (a) it is local development of a kind that can be carried out with consent on the land on which it is proposed, and
 - (b) it is not an existing use, as defined in section 106 of the Act.
- (2) Development is complying development only if it complies with the development standards and other requirements applied to the development by this Part and by the North Kellyville Precinct Development Control Plan.
- (3) A complying development certificate issued for any complying development is to be subject to the conditions for the development specified in the North Kellyville Precinct Development Control Plan.

3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause:
environmentally sensitive area for exempt or complying development means any of the following:
 - (a) the coastal waters of the State,
 - (b) a coastal lake,
 - (c) land to which *State Environmental Planning Policy No 14—Coastal Wetlands* or *State Environmental Planning Policy No 26—Littoral Rainforests* applies,

2008 No 631

State Environmental Planning Policy (Sydney Region Growth Centres) 2006
(Amendment No 3)

Schedule 1 Amendments

- (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
- (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
- (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
- (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
- (h) land reserved as a state conservation area under the *National Parks and Wildlife Act 1974*,
- (i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
- (j) land identified as being critical habitat under the *Threatened Species Conservation Act 1995* or Part 7A of the *Fisheries Management Act 1994*,
- (k) land within the curtilage of a heritage item:
 - (i) that is subject to an interim heritage order under the *Heritage Act 1977* or that is listed on the State Heritage Register under that Act, or
 - (ii) that is identified as such an item in an environmental planning instrument,
- (l) land that is shown as:
 - (i) a native vegetation retention area or an existing native vegetation area on the Native Vegetation Protection Map, or
 - (ii) a riparian protection area on the Riparian Protection Area Map,
- (m) bush fire prone land under section 146 of the Act.

Part 4 Principal development standards

4.1 Minimum subdivision lot size

- (1) The objectives of this clause are as follows:
 - (a) to ensure that the minimum size for lots is sufficient for the provision of usable areas for building and open space,

-
- (b) to facilitate and encourage a range of residential lot types, in particular, small lot housing,
 - (c) to encourage the efficient use of land for residential purposes.
- (2) This clause applies to a subdivision of any land shown on the Lot Size Map that requires development consent and that is carried out after the commencement of this Precinct Plan.
 - (3) The size of any lot resulting from any such subdivision of land to which this clause applies is not to be less than the minimum size shown on the Lot Size Map in relation to that land.
 - (4) This clause does not apply in relation to the subdivision of individual lots in a strata plan.

4.1A Minimum lot sizes for other development

Development must not be carried out on a lot in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential, Zone B1 Neighbourhood Centre or Zone B2 Local Centre for any of the following purposes, if the area of the lot is less than the area specified below in relation to those purposes:

- (a) secondary dwelling—450 square metres,
- (b) dual occupancy—600 square metres,
- (c) semi-detached dwelling—600 square metres,
- (d) multi dwelling housing—1,500 square metres,
- (e) attached dwellings—1,500 square metres,
- (f) residential flat building—4,000 square metres.

4.1B Residential density—North Kellyville Precinct

- (1) The objective of this clause is to make provision with respect to the delivery of 4,500 new dwellings in the North Kellyville Precinct.
- (2) Development consent must not be granted to the subdivision of land intended to be used for residential purposes within the North Kellyville Precinct unless the consent authority is satisfied that:
 - (a) a development control plan has been prepared providing for not less than 4,500 new dwellings within the Precinct and containing provisions to encourage a mix of dwelling types to be provided, and
 - (b) the granting of consent would not preclude or impede that number of dwellings within the Precinct.

4.3 Height of buildings

- (1) The objectives of this clause are as follows:
 - (a) to preserve the amenity of adjoining development in terms of solar access to dwellings, private open space and bulk and scale,
 - (b) to provide for a range of residential building heights in appropriate locations that provide a high quality urban form,
 - (c) to facilitate higher density neighbourhood and town centres while minimising impacts on adjacent residential areas,
 - (d) to provide appropriate height controls for commercial development,
 - (e) to restrict the height of buildings within the curtilage of heritage items.
- (2) Except as provided by this clause, the height of a building on any land is not to exceed the maximum height shown for the land on the Height of Buildings Map.
- (2A) The consent authority may grant development consent for development for the purpose of an attached dwelling, a dwelling house, dual occupancy, multi dwelling housing, place of public worship or school on land in Zone R1 General Residential or Zone R2 Low Density Residential, or a dwelling house on land in Zone E4 Environmental Living, that exceeds 9 metres in height above finished ground level, if the consent authority is satisfied that the development:
 - (a) is located:
 - (i) on a prominent street corner, or
 - (ii) adjacent to land in Zone B1 Neighbourhood Centre or Zone B2 Local Centre or that is a public open space, or
 - (iii) on land with a finished ground level slope equal to or more than 15%, and
 - (b) is not likely to have an adverse impact on the existing or future amenity of any adjoining land on which residential development is permitted, having regard to over shadowing, visual impact and any impact on privacy.

4.4 Floor space ratio

- (1) The objectives of this clause are as follows:
 - (a) to control the bulk and scale of future development in the North Kellyville Precinct,
 - (b) to ensure that control of the bulk and scale in the business zones does not restrict the provision of shop top housing.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the Floor Space Ratio Map.
- (2A) Despite any other provision of this Precinct Plan, any part of a building in Zone B1 Neighbourhood Centre or Zone B2 Local Centre used for residential accommodation is not to be included in the calculation of floor space ratio.

4.5 Calculation of floor space ratio and site area

(1) Objectives

The objectives of this clause are as follows:

- (a) to define *floor space ratio*,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:
 - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
 - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
 - (iii) require community land and public places to be dealt with separately.

(2) Definition of “floor space ratio”

The *floor space ratio* of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) Site area

In determining the site area of proposed development for the purpose of applying a floor space ratio, the *site area* is taken to be:

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or

- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) **Exclusions from site area**

The following land must be excluded from the site area:

- (a) land on which the proposed development is prohibited, whether under this Precinct Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) **Strata subdivisions**

The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) **Only significant development to be included**

The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) **Certain public land to be separately considered**

For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) **Existing buildings**

The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) **Covenants to prevent “double dipping”**

When consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) **Covenants affect consolidated sites**

If:

- (a) a covenant of the kind referred to in subclause (9) applies to any land (*affected land*), and
- (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Precinct Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) **Definition**

In this clause, *public place* has the same meaning as it has in the *Local Government Act 1993*.

4.5A Business, office and retail floor area

- (1) The objectives of this clause are to provide for the equitable distribution of business, office and retail floor area:
 - (a) between land in Zone B1 Neighbourhood Centre and Zone B2 Local Centre, and
 - (b) between land in the northern and southern areas of Zone B1 Neighbourhood Centre, and
 - (c) between land in the northern and southern areas of Zone B2 Local Centre.
- (2) The total gross floor area used for the purposes of business, office and retail premises on all land:
 - (a) in Zone B1 Neighbourhood Centre must not exceed 4,000 square metres, and
 - (b) in Zone B2 Local Centre must not exceed 15,000 square metres.

State Environmental Planning Policy (Sydney Region Growth Centres) 2006
(Amendment No 3)

Schedule 1 Amendments

- (3) Development consent must not be granted to development on land in Zone B1 Neighbourhood Centre or Zone B2 Local Centre unless the consent authority has considered the objectives of this clause.

4.6 Exceptions to development standards

- (1) The objectives of this clause are:
 - (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development, and
 - (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:
 - (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
 - (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Consent must not be granted for development that contravenes a development standard unless:
 - (a) the consent authority is satisfied that:
 - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
 - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
 - (b) the concurrence of the Director-General has been obtained.

- (5) In deciding whether to grant concurrence, the Director-General must consider:
 - (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
 - (b) the public benefit of maintaining the development standard, and
 - (c) any other matters required to be taken into consideration by the Director-General before granting concurrence.
- (6) Consent must not be granted under this clause for a subdivision of land within Zone E4 Environmental Living if:
 - (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
 - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.
- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).
- (8) This clause does not allow consent to be granted for development that would contravene any of the following:
 - (a) a development standard for complying development,
 - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which *State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004* applies or for the land on which such a building is situated listed in the table to this clause,
 - (c) clauses 4.1A, 4.1B, 5.4, 6.2 and 6.4 of this Precinct Plan.

Part 5 Miscellaneous provisions

5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public

2008 No 631

State Environmental Planning Policy (Sydney Region Growth Centres) 2006
(Amendment No 3)

Schedule 1 Amendments

purposes if the land is required to be acquired under Division 3 of Part 2 of the *Land Acquisition (Just Terms Compensation) Act 1991 (the owner-initiated acquisition provisions)*.

Note. If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the *Land Acquisition (Just Terms Compensation) Act 1991* requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the Land Reservation Acquisition Map (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone SP2 and marked "Local Road Widening"	Council
Zone SP2 and marked "School"	Minister administering the <i>Education Act 1990</i>
Zone SP2 and marked "Trunk Drainage"	Sydney Water Corporation
Zone RE1 and marked "Local Open Space"	Council

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

5.1A Development on land intended to be acquired for public purposes

- (1) The objective of this clause is to protect land that is intended to be acquired for a public purpose.
- (2) Development consent must not be granted to development on land shown on the Land Reservation Acquisition Map that has not yet been acquired for a public purpose unless the consent authority is satisfied that the development is likely to be consistent with that public purpose as marked on the map.

5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of the *Local Government Act 1993*.

Note. Under the *Local Government Act 1993*, “public land” is generally land vested in or under the control of a council (other than roads, Crown reserves and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Precinct Plan to discharge trusts on which public reserves are held if the land is reclassified under this Precinct Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4:
- (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
 - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:
- (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
 - (b) any reservations that except land out of the Crown grant relating to the land, and
 - (c) reservations of minerals (within the meaning of the *Crown Lands Act 1989*).

Note. In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

5.3 Development near zone boundaries

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.
- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 20 metres.
- (3) This clause does not apply to:
 - (a) land zoned B1 Neighbourhood Centre, B2 Local Centre, RE1 Public Recreation, E1 National Parks and Nature Reserves, E2 Environmental Conservation, E3 Environmental Management, E4 Environmental Living or W1 Natural Waterways or
 - (b) land within the coastal zone, or
 - (c) land proposed to be developed for the purpose of sex services or restricted premises.
- (4) Despite the provisions of this Precinct Plan relating to the purposes for which development may be carried out, consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that:
 - (a) the development is not inconsistent with the objectives for development in both zones, and
 - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (5) The clause does not prescribe a development standard that may be varied under this Precinct Plan.

5.4 Controls relating to miscellaneous permissible uses

- (1) **Bed and breakfast accommodation**

If development for the purposes of bed and breakfast accommodation is permitted under this Precinct Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

(2) **Home businesses**

If development for the purposes of a home business is permitted under this Precinct Plan, the carrying on of the business must not involve the use of more than 50 square metres of floor area.

(3) **Home industries**

If development for the purposes of a home industry is permitted under this Precinct Plan, the carrying on of the light industry must not involve the use of more than 100 square metres of floor area.

(4) **Industrial retail outlets**

If development for the purposes of an industrial retail outlet is permitted under this Precinct Plan, the retail floor area must not exceed:

- (a) 40% of the combined gross floor area of the industrial retail outlet and the building or place on which the relevant industry is carried out, or
- (b) 400 square metres,

whichever is the lesser.

(5) **Farm stay accommodation**

If development for the purposes of farm stay accommodation is permitted under this Precinct Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

(6) **Kiosks**

If development for the purposes of a kiosk is permitted under this Precinct Plan, the gross floor area must not exceed 10 square metres.

(7) **Neighbourhood shops**

If development for the purposes of a neighbourhood shop is permitted under this Precinct Plan, the retail floor area must not exceed 80 square metres.

(8) **Roadside stalls**

If development for the purposes of a roadside stall is permitted under this Precinct Plan, the gross floor area must not exceed 20 square metres.

(9) **Secondary dwellings**

If development for the purposes of a secondary dwelling is permitted under this Precinct Plan, the total floor area of the

dwelling (excluding any area used for parking) must not exceed whichever of the following is the greater:

- (a) 60 square metres,
- (b) 20% of the total floor area of both the self-contained dwelling and the principal dwelling.

5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by New South Wales Fire Brigades or by a private service provider.
- (2) The following development may be carried out, but only with consent:
 - (a) converting a fire alarm system from connection with the alarm monitoring system of New South Wales Fire Brigades to connection with the alarm monitoring system of a private service provider,
 - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
 - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of:
 - (a) internal alterations to a building, or
 - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause:
private service provider means a person or body that has entered into an agreement that is in force with New South Wales Fire Brigades to monitor fire alarm systems.

5.9 Preservation of trees or vegetation

- (1) The objective of this clause is to preserve the amenity of the area through the preservation of trees and other vegetation.
- (2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Director-General.
Note. A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.
- (3) A person must not ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree or other vegetation to which any such development control plan applies without the authority conferred by:
 - (a) development consent, or
 - (b) a permit granted by the Council.
- (4) The refusal by the Council to grant a permit to a person who has duly applied for the grant of the permit is taken for the purposes of the Act to be a refusal by the Council to grant consent for the carrying out of the activity for which a permit was sought.
- (5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.
- (6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.
- (7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:
 - (a) that is or forms part of a heritage item, or
 - (b) that is within a heritage conservation area.**Note.** As a consequence of this subclause, the activities concerned will require development consent. The heritage provisions of clause 5.10 will be applicable to any such consent.
- (8) This clause does not apply to or in respect of:
 - (a) the clearing of native vegetation that is authorised by a development consent or property vegetation plan under the *Native Vegetation Act 2003* or that is otherwise permitted under Division 2 or 3 of Part 3 of that Act, or
 - (b) the clearing of vegetation on State protected land (within the meaning of clause 4 of Schedule 3 to the *Native Vegetation Act 2003*) that is authorised by a development

2008 No 631

State Environmental Planning Policy (Sydney Region Growth Centres) 2006
(Amendment No 3)

Schedule 1 Amendments

consent under the provisions of the *Native Vegetation Conservation Act 1997* as continued in force by that clause, or

- (c) trees or other vegetation within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or
- (d) action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993* or the *Surveying Act 2002*, or
- (e) plants declared to be noxious weeds under the *Noxious Weeds Act 1993*, or
- (f) existing native vegetation areas to which clause 6.2 of this Precinct Plan applies, or
- (g) native vegetation retention areas or riparian protection areas to which clause 6.3 of this Precinct Plan applies.

5.10 Heritage conservation

Note. Heritage items, heritage conservation areas and archaeological sites (if any) are shown on the Heritage Map. The location and nature of any such item, area or site is also described in Schedule 5.

(1) Objectives

The objectives of this clause are:

- (a) to conserve the environmental heritage of the North Kellyville Precinct, and
- (b) to conserve the heritage significance of heritage items and heritage conservation areas including associated fabric, settings and views, and
- (c) to conserve archaeological sites, and
- (d) to conserve places of Aboriginal heritage significance.

(2) Requirement for consent

Development consent is required for any of the following:

- (a) demolishing or moving a heritage item or a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item or a building, work, relic, tree or place within a heritage conservation area, including (in the case of a building) making changes to the detail, fabric, finish or appearance of its exterior,
- (c) altering a heritage item that is a building by making structural changes to its interior,

-
- (d) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
 - (e) disturbing or excavating a heritage conservation area that is a place of Aboriginal heritage significance,
 - (f) erecting a building on land on which a heritage item is located or that is within a heritage conservation area,
 - (g) subdividing land on which a heritage item is located or that is within a heritage conservation area.

(3) When consent not required

However, consent under this clause is not required if:

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:
 - (i) is of a minor nature, or is for the maintenance of the heritage item, archaeological site, or a building, work, relic, tree or place within a heritage conservation area, and
 - (ii) would not adversely affect the significance of the heritage item, archaeological site or heritage conservation area, or
- (b) the development is in a cemetery or burial ground and the proposed development:
 - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
 - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to a place of Aboriginal heritage significance, or
- (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
- (d) the development is exempt development.

(4) Effect on heritage significance

The consent authority must, before granting consent under this clause, consider the effect of the proposed development on the

heritage significance of the heritage item or heritage conservation area concerned. This subclause applies regardless of whether a heritage impact statement is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

(5) Heritage impact assessment

The consent authority may, before granting consent to any development on land:

- (a) on which a heritage item is situated, or
- (b) within a heritage conservation area, or
- (c) within the vicinity of land referred to in paragraph (a) or (b),

require a heritage impact statement to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.

(6) Heritage conservation management plans

The consent authority may require, after considering the significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

(7) Archaeological sites

The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council of its intention to grant consent, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(8) Places of Aboriginal heritage significance

The consent authority must, before granting consent under this clause to the carrying out of development in a place of Aboriginal heritage significance:

- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place, and

-
- (b) notify the local Aboriginal communities (in such way as it thinks appropriate) about the application and take into consideration any response received within 28 days after the notice is sent.

(9) **Demolition of item of State significance**

The consent authority must, before granting consent for the demolition of a heritage item identified in Schedule 5 as being of State significance (other than an item listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council about the application, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(10) **Conservation incentives**

The consent authority may grant consent to development for any purpose of a building that is a heritage item, or of the land on which such a building is erected, even though development for that purpose would otherwise not be allowed by this Precinct Plan, if the consent authority is satisfied that:

- (a) the conservation of the heritage item is facilitated by the granting of consent, and
- (b) the proposed development is in accordance with a heritage conservation management plan that has been approved by the consent authority, and
- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage conservation management plan is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, and
- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without consent.

Note. The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Precinct Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out without consent under the *State Environmental Planning Policy (Infrastructure) 2007*.
- (2) This Precinct Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

Part 6 Additional local provisions

6.1 Public utility infrastructure

- (1) The consent authority must not grant development consent to development on land to which this Precinct Plan applies unless it is satisfied that any public utility infrastructure that is essential for the proposed development is available or that adequate arrangements have been made to make that infrastructure available when required.
- (2) In this clause, *public utility infrastructure* includes infrastructure for any of the following:
 - (a) the supply of water,
 - (b) the supply of electricity,
 - (c) the disposal and management of sewage.
- (3) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing any public utility infrastructure referred to in this clause.

6.2 Development controls—existing native vegetation areas

- (1) The objective of this clause is to manage existing native vegetation areas in accordance with the relevant biodiversity measures under Part 7 of Schedule 7 to the *Threatened Species Conservation Act 1995*.
- (2) This clause applies to land within an existing native vegetation area as shown on the Native Vegetation Protection Map.
- (3) This clause does not apply to any vegetation declared to be noxious weeds under the *Noxious Weeds Act 1993*.
- (4) The consent authority must not grant development consent for development on land to which this clause applies unless the

consent authority is satisfied that the proposed development will not result in the clearing of any existing native vegetation (within the meaning of the relevant biodiversity measures under Part 7 of Schedule 7 to the *Threatened Species Conservation Act 1995*).

6.3 Development controls—native vegetation retention areas and riparian protection areas

- (1) The objective of this clause is to prevent the clearing of certain native vegetation.
- (2) This clause applies to land:
 - (a) within a native vegetation retention area as shown on the Native Vegetation Protection Map, or
 - (b) within a riparian protection area as shown on the Riparian Protection Area Map.
- (3) This clause does not apply to any native vegetation that the consent authority is satisfied:
 - (a) is dying or dead and is not required as the habitat of native fauna, or
 - (b) is a risk to human life or property.
- (4) This clause does not apply to any native vegetation:
 - (a) within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or
 - (b) declared to be noxious weeds under the *Noxious Weeds Act 1993*.
- (5) A person must not clear native vegetation on land to which this clause applies without:
 - (a) approval under Part 3A of the Act, or
 - (b) development consent.

Note. A consent of the relevant consent authority required under this clause for the clearing of native vegetation is in addition to any development consent required or granted under the *Native Vegetation Act 2003* in respect of that clearing.
- (6) Development consent under this clause is not to be granted unless the consent authority is satisfied of the following in relation to the disturbance of native vegetation:
 - (a) that there is no reasonable alternative available to the disturbance of the native vegetation,
 - (b) that as little native vegetation as possible will be disturbed,

- (c) that the disturbance of the native vegetation will not increase soil salinity,
 - (d) that native vegetation disturbed for the purposes of construction will be reinstated where possible on completion of construction,
 - (e) that the loss of remnant native vegetation caused by the disturbance will be compensated by revegetation on or near the land to avoid any net loss of remnant native vegetation,
 - (f) that no more than 0.5 hectare of native vegetation will be cleared unless the clearing is essential for a previously permitted use of the land.
- (7) The consent authority must, when determining a development application in respect of the clearing of native vegetation on land within a zone under this Precinct Plan, have regard to the objectives for development in that zone.
- (8) This clause does not apply to or in respect of action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993*, the *Sydney Water Act 1994* or the *Surveying Act 2002*.

6.4 Development on land in Zone E3 Environmental Management

- (1) This clause applies to land in Zone E3 Environmental Management that is within an existing native vegetation area or native vegetation retention area as shown on the Native Vegetation Protection Map.
- (2) The consent authority must not grant development consent to development on land to which this clause applies unless the consent authority is satisfied that the proposed development:
 - (a) will be undertaken in a manner that is not inconsistent with the North Kellyville Precinct Environmental Management Plan, and
 - (b) will not result in the clearing of any native vegetation.

6.5 Subdivision of land in Zone E4 Environmental Living

- (1) The objectives of this clause are as follows:
 - (a) to provide for residential development that takes account of the special values of land in Zone E4 Environmental Living,
 - (b) to encourage development that will ensure the land is managed and conserved in a holistic and sensitive manner,

-
- (c) to promote high quality residential amenity in the urban environment,
 - (d) to encourage an innovative and contemporary approach to building design and location that is appropriate to the special values of the land.
- (2) This clause applies to land in Zone E4 Environmental Living.
- (3) The consent authority may grant development consent for the subdivision of land to which this clause applies, only if:
- (a) the land is subdivided in accordance with the *Community Land Development Act 1989* for a neighbourhood scheme, and
 - (b) each lot, other than a lot comprising neighbourhood property, to be created by the subdivision will have an area of not less than 600 square metres, and
 - (c) the subdivision will not result in more than 7.5 development lots per hectare.
