Clause 1.1 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 1 Preliminary

---

# Waverley Local Environmental Plan (Bondi Junction Centre) 2010

under the

Environmental Planning and Assessment Act 1979

## Part 1 Preliminary

**Note.** The *Standard Instrument (Local Environmental Plans) Order 2006* sets out matters to be included in standard local environmental plans. While this Plan is not a standard local environmental plan, standard clauses have been included in this Plan and the clause numbering from that Order has been retained. This means that the numbering in this Plan may contain some gaps. If additional provisions have been inserted they are numbered accordingly.

### 1.1 Name of Plan

This Plan is *Waverley Local Environmental Plan (Bondi Junction Centre) 2010*.

### 1.1A Commencement

This Plan commences on the day on which it is published on the NSW legislation website.

### 1.2 Aims of Plan

- (1) This Plan aims to make local environmental planning provisions for land in Bondi Junction Centre generally in accordance with the relevant standard environmental planning instrument under section 33A of the Act.
- (2) The particular aims of this Plan are as follows:
  - (a) to maintain and reinforce Bondi Junction Centre as the primary commercial and cultural centre in Sydney's eastern suburbs,
  - (b) to promote a range of commercial, retail, residential, tourist, entertainment, cultural and community uses to service the local and wider community and achieve a vibrant and active centre during the day and evening,
  - (c) to promote mixed use development on the edge of Zone B3 Commercial Core to ensure an appropriate transition between commercial and residential development,
  - (d) to consolidate land zoned for retail and commercial development in Bondi Junction,

- (e) to protect and conserve the cultural heritage of Bondi Junction Centre,
- (f) to achieve a high level of physical integration between land use and transport that facilitates sustainable forms of transport to and from Bondi Junction Centre by means other than by private car,
- (g) to improve built form and building design in Bondi Junction Centre, appropriate to a major centre.

### 1.3 Land to which Plan applies

This Plan applies to the land identified on the Land Application Map.

### 1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

### 1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

### 1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

### 1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name:
  - (a) approved by the Minister when the map is adopted, and
  - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the Minister when the instruments are made.
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

**Note.** The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements*

## 2010 No 180

Clause 1.8 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 1 Preliminary

---

*for LEP maps and Standard requirements for LEP GIS data which are available on the Department of Planning's website.*

### 1.8 Repeal of other local planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.
- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

#### 1.8A Savings provision relating to development applications

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

### 1.9 Application of SEPPs

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 36 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies:

*State Environmental Planning Policy No 1—Development Standards*

*State Environmental Planning Policy No 4—Development Without Consent and Miscellaneous Exempt and Complying Development (clause 6 and Parts 3 and 4)*

*State Environmental Planning Policy No 60—Exempt and Complying Development*

#### 1.9A Suspension of covenants, agreements and instruments

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a development consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply:
  - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
  - (b) to any prescribed instrument within the meaning of section 183A of the *Crown Lands Act 1989*, or

- 
- (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or
  - (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
  - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
  - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
  - (g) to any planning agreement within the meaning of Division 6 of Part 4 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 28 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

## 2010 No 180

Clause 2.1 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 2 Permitted or prohibited development

---

## Part 2 Permitted or prohibited development

### 2.1 Land use zones

The land use zones under this Plan are as follows:

#### **Residential Zones**

R3 Medium Density Residential

R4 High Density Residential

#### **Business Zones**

B3 Commercial Core

B4 Mixed Use

#### **Special Purpose Zones**

SP2 Infrastructure

#### **Recreation Zones**

RE1 Public Recreation

### 2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the Land Zoning Map.

### 2.3 Zone objectives and land use table

- (1) The Land Use Table at the end of this Part specifies for each zone:
  - (a) the objectives for development, and
  - (b) development that may be carried out without consent, and
  - (c) development that may be carried out only with consent, and
  - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part:
  - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
  - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Table in relation to the same zone.

- (4) This clause is subject to the other provisions of this Plan.

**Notes.**

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

**2.4 Unzoned land**

- (1) Development may be carried out on unzoned land only with consent.
- (2) Before granting consent, the consent authority:
  - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
  - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

**2.5 Additional permitted uses for particular land**

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out:
  - (a) with consent, or
  - (b) if the Schedule so provides—without consent,in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

**2.6 Subdivision—consent requirements**

- (1) Land to which this Plan applies may be subdivided, but only with consent.
- (2) However, consent is not required for a subdivision for the purpose only of any one or more of the following:
  - (a) widening a public road,

## 2010 No 180

Clause 2.6A Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 2 Permitted or prohibited development

---

- (b) a minor realignment of boundaries that does not create additional lots or the opportunity for additional dwellings,
- (c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
- (d) rectifying an encroachment on a lot,
- (e) creating a public reserve,
- (f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

**Note.** If a subdivision is exempt development, the Act enables the subdivision to be carried out without consent.

### 2.6A Demolition requires consent

The demolition of a building or work may be carried out only with consent.

**Note.** If the demolition of a building or work is identified in this Plan or a State Environmental Planning Policy, such as *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without consent.

### 2.6B Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that:
  - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
  - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
  - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and

- 
- (d) at the end of the temporary use period the site will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3) (d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

## Land Use Table

**Note.** A type of development referred to in the Land Use Table is a reference to that type of development only to the extent it is not regulated by an applicable State environmental planning policy. The following State environmental planning policies in particular may be relevant to development on land to which this Plan applies:

*State Environmental Planning Policy (Affordable Rental Housing) 2009* (including provision for secondary dwellings)

*State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004*

*State Environmental Planning Policy (Infrastructure) 2007* (relating to public facilities such as those for air transport, correction, education, electricity generation, health services, ports, railways, roads, waste management and water supply systems)

*State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007*

*State Environmental Planning Policy (Rural Lands) 2008*

*State Environmental Planning Policy No 33—Hazardous and Offensive Development*

*State Environmental Planning Policy No 50—Canal Estate Development*

*State Environmental Planning Policy No 62—Sustainable Aquaculture*

*State Environmental Planning Policy No 64—Advertising and Signage*

## Zone R3 Medium Density Residential

### 1 Objectives of zone

- To provide for the housing needs of the community within a medium density residential environment.
- To provide a variety of housing types within a medium density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To restrict further commercial development within established residential areas.

### 2 Permitted without consent

Home occupations

## **2010 No 180**

### **3 Permitted with consent**

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Child care centres; Community facilities; Dwelling houses; Educational establishments; Group homes; Home-based child care; Home businesses; Home industries; Hostels; Multi dwelling housing; Neighbourhood shops; Places of public worship; Residential flat buildings; Roads; Semi-detached dwellings; Shop top housing; Seniors housing

### **4 Prohibited**

Any development not specified in item 2 or 3

## **Zone R4 High Density Residential**

### **1 Objectives of zone**

- To provide for the housing needs of the community within a high density residential environment.
- To provide a variety of housing types within a high density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To restrict further commercial development within established residential areas.
- To provide for higher density residential development within areas surrounding Zone B3 Commercial Core.

### **2 Permitted without consent**

Home occupations

### **3 Permitted with consent**

Bed and breakfast accommodation; Boarding houses; Child care centres; Community facilities; Home businesses; Home industries; Hostels; Neighbourhood shops; Places of public worship; Residential flat buildings; Roads; Seniors housing; Shop top housing

### **4 Prohibited**

Any development not specified in item 2 or 3

## **Zone B3 Commercial Core**

### **1 Objectives of zone**

- To provide a wide range of retail, business, office, entertainment, community and other suitable land uses that serve the needs of the local and wider community.
- To encourage appropriate employment opportunities in accessible locations.
- To maximise public transport patronage and encourage walking and cycling.
- To strengthen the role of Bondi Junction Centre as a major commercial centre and ensure that commercial uses dominate.

### **2 Permitted without consent**

Nil

### **3 Permitted with consent**

Amusement centres; Business premises; Child care centres; Community facilities; Educational establishments; Entertainment facilities; Function centres; Funeral chapels; Funeral homes; Hotel or motel accommodation; Information and education facilities; Office premises; Passenger transport facilities; Places of public worship; Recreation facilities (indoor); Registered clubs; Retail premises; Roads; Sex service premises; Signage; Tourist and visitor accommodation

### **4 Prohibited**

Any development not specified in item 2 or 3

## **Zone B4 Mixed Use**

### **1 Objectives of zone**

- To provide a mixture of compatible land uses.
- To integrate suitable business, office, residential, retail and other development in accessible locations so as to maximise public transport patronage and encourage walking and cycling.
- To encourage commercial uses within existing heritage buildings and within other existing buildings surrounding Zone B3 Commercial Core.
- To provide for commercial and residential uses within new mixed use developments that are compatible with surrounding development and do not compromise the amenity of surrounding residential areas.

### 4 Prohibited

Any development not specified in item 2 or 3

## Zone SP2 Infrastructure

### 1 Objectives of zone

- To provide for infrastructure and related uses.
- To prevent development that is not compatible with or that may detract from the provision of infrastructure.

### 2 Permitted without consent

Nil

### 3 Permitted with consent

The purpose shown on the Land Zoning Map, including any development that is ordinarily incidental or ancillary to development for that purpose. Roads

### 4 Prohibited

Any development not specified in item 2 or 3

## Zone RE1 Public Recreation

### 1 Objectives of zone

- To enable land to be used for public open space or recreational purposes.
- To provide a range of recreational settings and activities and compatible land uses.

- 
- To protect and enhance the natural environment for recreational purposes.

**2 Permitted without consent**

Environmental protection works

**3 Permitted with consent**

Community facilities; Environmental facilities; Kiosks; Recreation areas; Roads

**4 Prohibited**

Any development not specified in item 2 or 3

## 2010 No 180

Clause 3.1 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 3 Exempt and complying development

---

### Part 3 Exempt and complying development

#### 3.1 Exempt development

**Note.** Under section 76 of the Act, exempt development may be carried out without the need for development consent under Part 4 of the Act or for assessment under Part 5 of the Act.

The section states that exempt development:

- (a) must be of minimal environmental impact, and
  - (b) cannot be carried out in critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), and
  - (c) cannot be carried out in a wilderness area (identified under the *Wilderness Act 1987*).
- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
  - (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
  - (3) To be exempt development, the development:
    - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
    - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
    - (c) must not be designated development, and
    - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
  - (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2–9 is exempt development only if:
    - (a) the building has a current fire safety certificate or fire safety statement, or
    - (b) no fire safety measures are currently implemented, required or proposed for the building.
  - (5) To be exempt development, the development must:
    - (a) be installed in accordance with the manufacturer's specifications, if applicable, and

- (b) not involve the removal or pruning of a tree or other vegetation that requires a permit or development consent for removal or pruning, unless that removal or pruning is undertaken in accordance with a permit or development consent.

**Note.** A permit for the removal or pruning of a tree or other vegetation may be granted under this Plan. A development consent for the removal of native vegetation may be granted where relevant under the *Native Vegetation Act 2003*.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

### 3.2 Complying development

**Note.** Under section 76A of the Act, development consent for the carrying out of complying development may be obtained by the issue of a complying development certificate.

The section states that development cannot be complying development if:

- (a) it is on land that is critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), or
  - (b) it is on land within a wilderness area (identified under the *Wilderness Act 1987*), or
  - (c) the development is designated development, or
  - (d) the development is on land that comprises, or on which there is, an item of environmental heritage (that is listed on the State Heritage Register or in Schedule 5 to this Plan or that is subject to an interim heritage order under the *Heritage Act 1977*), or
  - (e) the development requires concurrence (except a concurrence of the Director-General of the Department of Environment, Climate Change and Water in respect of development that is likely to significantly affect a threatened species, population, or ecological community, or its habitat (identified under the *Threatened Species Conservation Act 1995*)), or
  - (f) the development is on land identified as an environmentally sensitive area.
- (1) The objective of this clause is to identify development as complying development.
  - (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with:
    - (a) the development standards specified in relation to that development, and
    - (b) the requirements of this Part,
 is complying development.

**Note.** See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.

## 2010 No 180

Clause 3.3 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 3 Exempt and complying development

---

- (3) To be complying development, the development must:
  - (a) be permissible, with consent, in the zone in which it is carried out, and
  - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
  - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

### 3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause:

***environmentally sensitive area for exempt or complying development*** means any of the following:

  - (a) the coastal waters of the State,
  - (b) a coastal lake,
  - (c) land to which *State Environmental Planning Policy No 14—Coastal Wetlands* or *State Environmental Planning Policy No 26—Littoral Rainforests* applies,
  - (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
  - (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
  - (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
  - (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
  - (h) land reserved as a state conservation area under the *National Parks and Wildlife Act 1974*,

- 
- (i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
  - (j) land identified as being critical habitat under the *Threatened Species Conservation Act 1995* or Part 7A of the *Fisheries Management Act 1994*.

## 2010 No 180

Clause 4.3 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 4 Principal development standards

---

### Part 4 Principal development standards

#### 4.3 Height of buildings

- (1) The objectives of this clause are as follows:
  - (a) to establish the maximum height limit within which buildings can be designed and floor space can be achieved,
  - (b) to increase development capacity within Bondi Junction Centre to accommodate future retail and commercial floorspace growth,
  - (c) to accommodate taller buildings within Zone B3 Commercial Core and provide an appropriate transition in building heights surrounding that zone,
  - (d) to limit the height of buildings to protect the environmental amenity of Bondi Junction Centre and surrounding areas.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the Height of Buildings Map.

#### 4.4 Floor space ratio

- (1) The objectives of this clause are as follows:
  - (a) to establish the maximum development density for land within Bondi Junction Centre,
  - (b) to ensure sufficient floor space can be accommodated within Bondi Junction Centre to meet foreseeable future needs,
  - (c) to provide an appropriate correlation between maximum building heights and density controls across Bondi Junction Centre.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the Floor Space Ratio Map.

#### 4.5 Calculation of floor space ratio and site area

##### (1) Objectives

The objectives of this clause are as follows:

- (a) to define *floor space ratio*,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:
  - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and

- (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
- (iii) require community land and public places to be dealt with separately.

(2) **Definition of “floor space ratio”**

The *floor space ratio* of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

(3) **Site area**

In determining the site area of proposed development for the purpose of applying a floor space ratio, the *site area* is taken to be:

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

(4) **Exclusions from site area**

The following land must be excluded from the site area:

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) **Strata subdivisions**

The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) **Only significant development to be included**

The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

## 2010 No 180

Clause 4.6 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 4 Principal development standards

---

(7) **Certain public land to be separately considered**

For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) **Existing buildings**

The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) **Covenants to prevent “double dipping”**

When consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) **Covenants affect consolidated sites**

If:

- (a) a covenant of the kind referred to in subclause (9) applies to any land (*affected land*), and
- (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

(11) **Definition**

In this clause, *public place* has the same meaning as it has in the *Local Government Act 1993*.

### 4.6 Exceptions to development standards

(1) The objectives of this clause are:

- (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development, and

- 
- (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:
- (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
  - (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Consent must not be granted for development that contravenes a development standard unless:
- (a) the consent authority is satisfied that:
    - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
    - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
  - (b) the concurrence of the Director-General has been obtained.
- (5) In deciding whether to grant concurrence, the Director-General must consider:
- (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
  - (b) the public benefit of maintaining the development standard, and
  - (c) any other matters required to be taken into consideration by the Director-General before granting concurrence.
- (6) Not applicable.
- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).

## 2010 No 180

Clause 4.6 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 4 Principal development standards

---

- (8) This clause does not allow consent to be granted for development that would contravene any of the following:
- (a) a development standard for complying development,
  - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which *State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004* applies or for the land on which such a building is situated,
  - (c) clause 5.4.

## Part 5 Miscellaneous provisions

### 5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the *Land Acquisition (Just Terms Compensation) Act 1991* (**the owner-initiated acquisition provisions**).

**Note.** If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the *Land Acquisition (Just Terms Compensation) Act 1991* requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the Land Reservation Acquisition Map (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 8 of the Act
Zone SP2 Infrastructure and marked "Classified road"	Roads and Traffic Authority
Zone E1 National Parks and Nature Reserves and marked "National Park"	Minister administering the <i>National Parks and Wildlife Act 1974</i>

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

### 5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as "operational land" or "community land" in accordance with Part 2 of Chapter 6 of the *Local Government Act 1993*.

**Note.** Under the *Local Government Act 1993*, "public land" is generally land vested in or under the control of a council (other than roads, Crown reserves

and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4:
  - (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
  - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:
  - (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
  - (b) any reservations that except land out of the Crown grant relating to the land, and
  - (c) reservations of minerals (within the meaning of the *Crown Lands Act 1989*).

**Note.** In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

### 5.4 Controls relating to miscellaneous permissible uses

#### (1) Bed and breakfast accommodation

If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

(2) **Home businesses**

If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 30 square metres of floor area.

(3) **Home industries**

If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 30 square metres of floor area.

(4) **Industrial retail outlets**

Not applicable.

(5) **Farm stay accommodation**

Not applicable.

(6) **Kiosks**

If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 20 square metres.

(7) **Neighbourhood shops**

If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 80 square metres.

(8) **Roadside stalls**

Not applicable.

(9) **Secondary dwellings**

Not applicable.

**5.6 Architectural roof features**

(1) The objectives of this clause are as follows:

- (a) to encourage the creation of an interesting and aesthetically pleasing skyline,
- (b) to encourage quality roof designs which contribute to the aesthetic and environmental design and performance of the building and allow for individuality of architecture,
- (c) to encourage the integration of the design of the roof into the overall facade, building composition and desired contextual response,
- (d) to encourage plant and lift over runs to be placed in the basement.

## 2010 No 180

Clause 5.8 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 5 Miscellaneous provisions

---

- (2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with consent.
- (3) Development consent must not be granted to any such development unless the consent authority is satisfied that:
  - (a) the architectural roof feature:
    - (i) comprises a decorative element on the uppermost portion of a building, and
    - (ii) is not an advertising structure, and
    - (iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and
    - (iv) will cause minimal overshadowing, and
  - (b) any building identification signage or equipment for servicing the building (such as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

### 5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by New South Wales Fire Brigades or by a private service provider.
- (2) The following development may be carried out, but only with consent:
  - (a) converting a fire alarm system from connection with the alarm monitoring system of New South Wales Fire Brigades to connection with the alarm monitoring system of a private service provider,
  - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
  - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of:
  - (a) internal alterations to a building, or
  - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.

- 
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause:  
***private service provider*** means a person or body that has entered into an agreement that is in force with New South Wales Fire Brigades to monitor fire alarm systems.

### 5.9 Preservation of trees or vegetation

- (1) The objective of this clause is to preserve the amenity of the area through the preservation of trees and other vegetation.
- (2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Council.  
**Note.** A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.
- (3) A person must not ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree or other vegetation to which any such development control plan applies without the authority conferred by:
- development consent, or
  - a permit granted by the Council.
- (4) The refusal by the Council to grant a permit to a person who has duly applied for the grant of the permit is taken for the purposes of the Act to be a refusal by the Council to grant consent for the carrying out of the activity for which a permit was sought.
- (5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.
- (6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.
- (7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:
- that is or forms part of a heritage item, or
  - that is within a heritage conservation area.

**Note.** As a consequence of this subclause, the activities concerned will require development consent. The heritage provisions of clause 5.10 will be applicable to any such consent.

## 2010 No 180

Clause 5.10 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 5 Miscellaneous provisions

---

- (8) This clause does not apply to or in respect of:
- (a) the clearing of native vegetation that is authorised by a development consent or property vegetation plan under the *Native Vegetation Act 2003* or that is otherwise permitted under Division 2 or 3 of Part 3 of that Act, or
  - (b) the clearing of vegetation on State protected land (within the meaning of clause 4 of Schedule 3 to the *Native Vegetation Act 2003*) that is authorised by a development consent under the provisions of the *Native Vegetation Conservation Act 1997* as continued in force by that clause, or
  - (c) trees or other vegetation within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or
  - (d) action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993* or the *Surveying Act 2002*, or
  - (e) plants declared to be noxious weeds under the *Noxious Weeds Act 1993*.

### 5.10 Heritage conservation

**Note.** Heritage items, heritage conservation areas and archaeological sites (if any) are shown on the Heritage Map. The location and nature of any such item, area or site is also described in Schedule 5.

#### (1) Objectives

The objectives of this clause are:

- (a) to conserve the environmental heritage of Bondi Junction Centre, and
- (b) to conserve the heritage significance of heritage items and heritage conservation areas including associated fabric, settings and views, and
- (c) to conserve archaeological sites, and
- (d) to conserve places of Aboriginal heritage significance.

#### (2) Requirement for consent

Development consent is required for any of the following:

- (a) demolishing or moving a heritage item or a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item or a building, work, relic, tree or place within a heritage conservation area, including (in the case of a building) making changes to the detail, fabric, finish or appearance of its exterior,

- (c) altering a heritage item that is a building by making structural changes to its interior,
- (d) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (e) disturbing or excavating a heritage conservation area that is a place of Aboriginal heritage significance,
- (f) erecting a building on land on which a heritage item is located or that is within a heritage conservation area,
- (g) subdividing land on which a heritage item is located or that is within a heritage conservation area.

**(3) When consent not required**

However, consent under this clause is not required if:

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:
  - (i) is of a minor nature, or is for the maintenance of the heritage item, archaeological site, or a building, work, relic, tree or place within a heritage conservation area, and
  - (ii) would not adversely affect the significance of the heritage item, archaeological site or heritage conservation area, or
- (b) the development is in a cemetery or burial ground and the proposed development:
  - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
  - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to a place of Aboriginal heritage significance, or
- (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
- (d) the development is exempt development.

**(4) Effect on heritage significance**

The consent authority must, before granting consent under this clause, consider the effect of the proposed development on the heritage significance of the heritage item or heritage conservation area concerned. This subclause applies regardless of whether a heritage

Clause 5.10 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 5 Miscellaneous provisions

---

impact statement is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

**(5) Heritage impact assessment**

The consent authority may, before granting consent to any development on land:

- (a) on which a heritage item is situated, or
- (b) within a heritage conservation area, or
- (c) within the vicinity of land referred to in paragraph (a) or (b),

require a heritage impact statement to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.

**(6) Heritage conservation management plans**

The consent authority may require, after considering the significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

**(7) Archaeological sites**

The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council of its intention to grant consent, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

**(8) Places of Aboriginal heritage significance**

The consent authority must, before granting consent under this clause to the carrying out of development in a place of Aboriginal heritage significance:

- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place, and
- (b) notify the local Aboriginal communities (in such way as it thinks appropriate) about the application and take into consideration any response received within 28 days after the notice is sent.

**(9) Demolition of item of State significance**

The consent authority must, before granting consent for the demolition of a heritage item identified in Schedule 5 as being of State significance

(other than an item listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council about the application, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(10) **Conservation incentives**

The consent authority may grant consent to development for any purpose of a building that is a heritage item, or of the land on which such a building is erected, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that:

- (a) the conservation of the heritage item is facilitated by the granting of consent, and
- (b) the proposed development is in accordance with a heritage conservation management plan that has been approved by the consent authority, and
- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage conservation management plan is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, and
- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

**5.11 Bush fire hazard reduction**

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without consent.

**Note.** The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

**5.12 Infrastructure development and use of existing buildings of the Crown**

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without consent, or that is exempt development, under the *State Environmental Planning Policy (Infrastructure) 2007*.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

## **2010 No 180**

Clause 6.1      Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 6            Additional local provisions

---

### **Part 6    Additional local provisions**

#### **6.1    Minimum street frontage of land for buildings**

- (1) The objectives of this clause are as follows:
  - (a) to ensure that, visually, buildings in the zones mentioned in subclause (2) have an appropriate overall horizontal proportion compared to their vertical proportions,
  - (b) to ensure that vehicular access to the buildings is reasonably spaced and separated along roads and lanes,
  - (c) to provide appropriate dimensions for the design of car parking levels in the buildings,
  - (d) to encourage the development of larger commercial, office, business, residential and mixed use buildings provided for under this Plan.
- (2) Development consent must not be granted for the erection of a building on land in Zone B3 Commercial Core or Zone B4 Mixed Use unless the land on which the building is to be erected has at least one street frontage of 12 metres or more to a public street (excluding service laneways).
- (3) Despite subclause (2), development consent may be granted for the erection of a building on land that does not have at least one street frontage of 12 metres or more if the consent authority is satisfied that the construction of the building will be:
  - (a) otherwise in accordance with the requirements of this Plan, and
  - (b) consistent with the objectives of this clause.

#### **6.2    Design excellence**

- (1) This clause applies to development involving the erection of a new building or external alterations to an existing building.
- (2) Development consent must not be granted for development to which this clause applies unless the consent authority considers that the development exhibits design excellence.
- (3) In considering whether the development exhibits design excellence, the consent authority must have regard to the following matters:
  - (a) whether a high standard of architectural design, materials and detailing appropriate to the building type and location will be achieved,
  - (b) whether the form and external appearance of the development will improve the quality and amenity of the public domain,

- 
- (c) whether the development detrimentally impacts on view corridors,
  - (d) whether the development detrimentally restricts solar access to the Oxford Street Mall, the Waverley Street Mall or other public plazas or open spaces,
  - (e) how the development addresses the following matters:
    - (i) the suitability of the land for development,
    - (ii) existing and proposed uses and use mix,
    - (iii) heritage issues and streetscape constraints,
    - (iv) the relationship of the development to other development (existing or proposed) on the same site or on neighbouring sites in terms of separation, setbacks, amenity and urban form,
    - (v) bulk, massing and modulation of buildings,
    - (vi) street frontage heights,
    - (vii) environmental impacts such as sustainable design, overshadowing, wind and reflectivity,
    - (viii) the achievement of the principles of ecologically sustainable development,
    - (ix) pedestrian, cycle, vehicular and service access, circulation and requirements,
    - (x) the impact on, and any proposed improvements to, the public domain.

### **6.3 Active street frontages**

- (1) The objective of this clause is to ensure vibrant development with continuous and active street frontages in Zone B3 Commercial Core and Zone B4 Mixed Use.
- (2) This clause applies to land in Zone B3 Commercial Core and Zone B4 Mixed Use.
- (3) Development consent must not be granted to the erection of a building, or a change of use of a building, on land to which this clause applies unless the consent authority is satisfied that the building will have an active street frontage after its erection or change of use.
- (4) Despite subclause (3), an active street frontage is not required for any part of a building that:
  - (a) faces a service lane, or

## 2010 No 180

Clause 6.4 Waverley Local Environmental Plan (Bondi Junction Centre) 2010

Part 6 Additional local provisions

---

- (b) is used for any of the following:
  - (i) entrances and lobbies (including as part of mixed use development),
  - (ii) access for fire services,
  - (iii) vehicle access.
- (5) In this clause, a building has an *active street frontage* if the part of the ground floor of the building facing a street has commercial activities.
- (6) In this clause:  
*commercial activities* means business premises, child care centres, community facilities, educational establishments, entertainment facilities, function centres, health services facilities, information and education facilities, office premises, public administration buildings, recreation facilities (indoor), registered clubs, retail premises or veterinary hospitals.

### 6.4 Additional objectives for development in Zone B3 Commercial Core

In addition to the objectives for development in a zone, development consent must not be granted for development in Bondi Junction Centre unless the consent authority has considered the following objectives in relation to that development:

- (a) the preservation of the existing street layout and reinforcement of street character through consistent building alignments,
- (b) that proposed development not detrimentally overshadow the southern side of the Oxford Street Mall between Newland Street and Bronte Road,
- (c) that public space be improved in the Bondi Junction Centre,
- (d) the reinforcement of Bondi Junction railway station and bus interchange as a major passenger transport facility, including visual enhancement of the surrounding environment and station entry,
- (e) the provision of direct, convenient and safe pedestrian links between the station concourse and bus interchange level of Bondi Junction railway station and Oxford Street Mall.

### 6.5 Location of sex services premises

- (1) The objective of this clause is to minimise land use conflicts and adverse amenity impacts by providing a reasonable level of separation between sex services premises, specified land uses and places regularly frequented by children.

- 
- (2) In deciding whether to grant development consent to development for the purposes of sex services premises, the consent authority must consider the following:
- (a) whether the premises will be located on land that adjoins, is directly opposite or is separated only by a local road from land:
    - (i) in Zone R3 Medium Density Residential or Zone RE1 Public Recreation, or
    - (ii) used for the purposes of a child care centre, a community facility, a school or a place of public worship,
  - (b) the impact the proposed development and its hours of operation would have on any place, likely to be regularly frequented by children:
    - (i) that adjoins the proposed development, or
    - (ii) that can be viewed from the proposed development, or
    - (iii) from which a person can view the proposed development.

## Dictionary

(Clause 1.4)

**Aboriginal object** means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

**acid sulfate soils** means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

**Acid Sulfate Soils Manual** means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

**advertisement** has the same meaning as in the Act.

**Note.** The term is defined as a sign, notice, device or representation in the nature of an advertisement visible from any public place or public reserve or from any navigable water.

**advertising structure** has the same meaning as in the Act.

**Note.** The term is defined as a structure used or to be used principally for the display of an advertisement.

**affordable housing** has the same meaning as in the Act.

**Note.** The term is defined as housing for very low income households, low income households or moderate income households, being such households as are prescribed by the regulations or as are provided for in an environmental planning instrument.

**agricultural produce industry** means an industry involving the handling, treating, processing or packing of produce from agriculture (including dairy products, seeds, fruit, vegetables or other plant material), and includes flour mills, cotton seed oil plants, cotton gins, feed mills, cheese and butter factories, and juicing or canning plants, but does not include a livestock processing industry.

**agriculture** means any of the following:

- (a) animal boarding or training establishments,
- (b) aquaculture,
- (c) extensive agriculture,
- (d) farm forestry,
- (e) intensive livestock agriculture,
- (f) intensive plant agriculture.

**air transport facility** means an airport or a heliport that is not part of an airport, and includes associated communication and air traffic control facilities or structures.

**airport** means a place used for the landing, taking off, parking, maintenance or repair of aeroplanes (including associated buildings, installations, facilities and movement areas and any heliport that is part of the airport).

***airstrip*** means a single runway for the landing, taking off or parking of aeroplanes for private aviation only, but does not include an airport, heliport or helipad.

***amusement centre*** means a building or place (not being part of a pub or registered club) used principally for playing:

- (a) billiards, pool or other like games, or
- (b) electronic or mechanical amusement devices, such as pinball machines, computer or video games and the like.

***animal boarding or training establishment*** means a building or place used for the breeding, boarding, training, keeping or caring of animals for commercial purposes (other than for the agistment of horses), and includes any associated riding school or ancillary veterinary hospital.

***aquaculture*** has the same meaning as in the *Fisheries Management Act 1994*.

**Note.** The term is defined as follows:

***aquaculture*** means:

- (a) cultivating fish or marine vegetation for the purposes of harvesting the fish or marine vegetation or their progeny with a view to sale, or
- (b) keeping fish or marine vegetation in a confined area for a commercial purpose (such as a fish-out pond),

but does not include:

- (c) keeping anything in a pet shop for sale or in an aquarium for exhibition (including an aquarium operated commercially), or
- (d) anything done for the purposes of maintaining a collection of fish or marine vegetation otherwise than for a commercial purpose, or
- (e) any other thing prescribed by the regulations (made under the *Fisheries Management Act 1994*).

This Dictionary also contains definitions of ***natural water-based aquaculture***, ***pond-based aquaculture*** and ***tank-based aquaculture***.

***archaeological site*** means an area of land:

- (a) shown on the Heritage Map as an archaeological site, and
- (b) the location and nature of which is described in Schedule 5, and
- (c) that contains one or more relics.

***attached dwelling*** means a building containing 3 or more dwellings, where:

- (a) each dwelling is attached to another dwelling by a common wall, and
- (b) each of the dwellings is on its own lot of land (not being an individual lot in a strata plan or community title scheme), and
- (c) none of the dwellings is located above any part of another dwelling.

***attic*** means any habitable space, but not a separate dwelling, contained wholly within a roof above the ceiling line of the storey immediately below, except for minor elements such as dormer windows and the like.
