## **Albury Local Environmental Plan 2010**

under the

Environmental Planning and Assessment Act 1979

### **Part 1 Preliminary**

#### **1.1 Name of Plan**

This Plan is *Albury Local Environmental Plan 2010*.

#### **1.1AA Commencement**

This Plan commences on the day on which it is published on the NSW legislation website.

#### **1.2 Aims of Plan**

- (1) This Plan aims to make local environmental planning provisions for land in Albury in accordance with the relevant standard environmental planning instrument under section 33A of the Act.
- (2) The particular aims of this Plan are as follows:
  - (a) to give effect to the desired outcomes, principles and actions contained in the Council's adopted strategies and policy documents, and
  - (b) to promote sustainable urban development by providing for efficient management of urban growth and resource utilisation, and
  - (c) to promote a city for the people, with a high level of social and physical amenity and a diversity of activities and uses, and
  - (d) to maintain or improve biodiversity across Albury, and to avoid significant impacts on matters of environmental significance.

#### **1.3 Land to which Plan applies**

This Plan applies to the land identified on the Land Application Map.

#### **1.4 Definitions**

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

## 2010 No 433

Clause 1.5 Albury Local Environmental Plan 2010

Part 1 Preliminary

---

### 1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

### 1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

### 1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name:
  - (a) approved by the Minister when the map is adopted, and
  - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the Minister when the instruments are made.
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

**Note.** The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the Department of Planning's website.

### 1.8 Repeal of other local planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.

**Note.** The following local environmental plans are repealed under this provision:  
*Albury Local Environmental Plan 2000*  
*Hume Local Environmental Plan 2001*
- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

**1.8A Savings provision relating to development applications**

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

**Note.** However, under Division 4B of Part 3 of the Act, a development application may be made for consent to carry out development that may only be carried out if the environmental planning instrument applying to the relevant development is appropriately amended or if a new instrument, including an appropriate principal environmental planning instrument, is made, and the consent authority may consider the application. The Division requires public notice of the development application and the draft environmental planning instrument allowing the development at the same time, or as closely together as is practicable.

**1.9 Application of SEPPs**

- (1) This Plan is subject to the provisions of any State environmental planning policy that prevails over this Plan as provided by section 36 of the Act.
- (2) The following State environmental planning policies (or provisions) do not apply to the land to which this Plan applies:

*State Environmental Planning Policy No 1—Development Standards*

*State Environmental Planning Policy No 4—Development Without Consent and Miscellaneous Exempt and Complying Development* (clause 6 and Parts 3 and 4)

*State Environmental Planning Policy No 60—Exempt and Complying Development*

**1.9A Suspension of covenants, agreements and instruments**

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a development consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply:
  - (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
  - (b) to any prescribed instrument within the meaning of section 183A of the *Crown Lands Act 1989*, or
  - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or

## 2010 No 433

Clause 1.9A Albury Local Environmental Plan 2010

Part 1 Preliminary

---

- (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
  - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
  - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
  - (g) to any planning agreement within the meaning of Division 6 of Part 4 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 28 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

---

### Waterway Zones

W2 Recreational Waterways

#### 2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the Land Zoning Map.

#### 2.3 Zone objectives and Land Use Table

- (1) The Land Use Table at the end of this Part specifies for each zone:
  - (a) the objectives for development, and
  - (b) development that may be carried out without consent, and
  - (c) development that may be carried out only with consent, and
  - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.
- (3) In the Land Use Table at the end of this Part:
  - (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
  - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Land Use Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

**Notes.**

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

#### 2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with consent.

- (2) Before granting consent, the consent authority:
  - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
  - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

### 2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out:
  - (a) with consent, or
  - (b) if the Schedule so provides—without consent, in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

### 2.6 Subdivision—consent requirements

- (1) Land to which this Plan applies may be subdivided, but only with consent.
- (2) However, consent is not required for a subdivision for the purpose only of any one or more of the following:
  - (a) widening a public road,
  - (b) a minor realignment of boundaries that does not create:
    - (i) additional lots or the opportunity for additional dwellings, or
    - (ii) lots that are smaller than the minimum size shown on the Lot Size Map in relation to the land concerned,
  - (c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
  - (d) rectifying an encroachment on a lot,
  - (e) creating a public reserve,
  - (f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

**Note.** If a subdivision is exempt development, the Act enables the subdivision to be carried out without consent.

## 2010 No 433

Clause 2.6AA Albury Local Environmental Plan 2010

Part 2 Land Use Table

---

### 2.6AA Demolition requires consent

The demolition of a building or work may be carried out only with consent.

**Note.** If the demolition of a building or work is identified in an applicable environmental planning instrument, such as this Plan or *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*, as exempt development, the Act enables it to be carried out without consent.

### 2.6BB Temporary use of land

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary use for a maximum period of 52 days (whether or not consecutive days) in any period of 12 months.
- (3) Development consent must not be granted unless the consent authority is satisfied that:
  - (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
  - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
  - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
  - (d) at the end of the temporary use period the land will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.
- (4) Despite subclause (2), the temporary use of a dwelling as a sales office for a new release area or a new housing estate may exceed the maximum number of days specified in that subclause.
- (5) Subclause (3) (d) does not apply to the temporary use of a dwelling as a sales office mentioned in subclause (4).

## Land Use Table

**Note.** A type of development referred to in the Land Use Table is a reference to that type of development only to the extent it is not regulated by an applicable State environmental

---

planning policy. The following State environmental planning policies in particular may be relevant to development on land to which this Plan applies:

*State Environmental Planning Policy (Affordable Rental Housing) 2009* (including provision for secondary dwellings)

*State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004*

*State Environmental Planning Policy (Infrastructure) 2007* (relating to public facilities such as those for air transport, correction, education, electricity generation, health services, ports, railways, roads, waste management and water supply systems)

*State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007*

*State Environmental Planning Policy (Rural Lands) 2008*

*State Environmental Planning Policy No 33—Hazardous and Offensive Development*

*State Environmental Planning Policy No 50—Canal Estate Development*

*State Environmental Planning Policy No 62—Sustainable Aquaculture*

*State Environmental Planning Policy No 64—Advertising and Signage*

## **Zone RU1 Primary Production**

### **1 Objectives of zone**

- To encourage sustainable primary industry production by maintaining and enhancing the natural resource base.
- To encourage diversity in primary industry enterprises and systems appropriate for the area.
- To minimise the fragmentation and alienation of resource lands.
- To minimise conflict between land uses within the zone and land uses within adjoining zones.

### **2 Permitted without consent**

Environmental protection works; Extensive agriculture; Home-based child care; Home occupations; Intensive plant agriculture

### **3 Permitted with consent**

Agricultural produce industries; Bed and breakfast accommodation; Dual occupancies; Dwelling houses; Extractive industries; Farm buildings; Farm stay accommodation; Group homes; Mining; Roads; Roadside stalls; Rural workers' dwellings; Secondary dwellings; Any other development not specified in item 2 or 4

### **4 Prohibited**

Air transport facilities; Amusement centres; Bulky goods premises; Business premises; Car parks; Caravan parks; Cemeteries; Child care centres; Correctional centres; Crematoria; Depots; Educational establishments; Entertainment facilities; Exhibition homes; Exhibition

### Zone RU5 Village

#### 1 Objectives of zone

- To provide for a range of land uses, services and facilities that are associated with a rural village.
- To ensure that land use and development maintains and contributes to the character of both the Table Top and Lake Hume villages.
- To protect the amenity of all residents within this zone.

#### 2 Permitted without consent

Environmental protection works; Home-based child care; Home occupations

#### 3 Permitted with consent

Child care centres; Community facilities; Dwelling houses; Extensive agriculture; Neighbourhood shops; Places of public worship; Recreation areas; Recreation facilities (indoor); Recreation facilities (outdoor); Roads; Schools; Self-storage units; Tank-based aquaculture; Any other development not specified in item 2 or 4

#### 4 Prohibited

Agriculture; Air transport facilities; Airstrips; Biosolids treatment facilities; Correctional centres; Depots; Electricity generating works; Exhibition homes; Exhibition villages; Extractive industries; Forestry; Home occupations (sex services); Industrial retail outlets; Industries; Residential flat buildings; Restricted premises; Restriction facilities; Rural industries; Sex services premises; Storage premises; Vehicle body repair workshops; Warehouse or distribution centres; Waste or resource management facilities

### Zone R1 General Residential

#### 1 Objectives of zone

- To provide for the housing needs of the community.
- To provide for a variety of housing types and densities.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.

- To encourage affordable housing.
- To encourage medium density housing that is designed to achieve a high standard of amenity.

## **2 Permitted without consent**

Environmental protection works; Home-based child care; Home occupations

## **3 Permitted with consent**

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Child care centres; Community facilities; Dwelling houses; Group homes; Helipads; Home industries; Hostels; Multi dwelling housing; Neighbourhood shops; Places of public worship; Residential flat buildings; Roads; Semi-detached dwellings; Seniors housing; Serviced apartments; Sewage reticulation systems; Shop top housing; Tank-based aquaculture; Water recycling facilities; Any other development not specified in item 2 or 4

## **Zone R3 Medium Density Residential**

### **1 Objectives of zone**

- To provide for the housing needs of the community within a medium density residential environment.
- To provide a variety of housing types within a medium density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To encourage increased residential density in locations with ready access to the Albury and Lavington commercial core zones.
- To encourage the provision of affordable housing.

### **2 Permitted without consent**

Environmental protection works; Home-based child care; Home occupations

### **3 Permitted with consent**

Attached dwellings; Bed and breakfast accommodation; Boarding houses; Child care centres; Community facilities; Group homes; Multi dwelling housing; Neighbourhood shops; Places of public worship; Roads; Seniors housing; Serviced apartments; Sewage reticulation systems; Water recycling facilities; Any other development not specified in item 2 or 4

### Zone B4 Mixed Use

#### 1 Objectives of zone

- To provide a mixture of compatible land uses.
- To integrate suitable business, office, residential, retail and other development in accessible locations so as to maximise public transport patronage and encourage walking and cycling.
- To identify areas in close proximity to the commercial core where commercial and retail uses may be considered.
- To encourage development and investment in the Albury and Lavington central business districts.
- To increase the permanent population and encourage the provision of affordable housing within mixed use areas through shop top housing and residential flat building development.
- To protect residents in close proximity to the commercial core from encroachment by commercial and retail premises which, by reason of their demands for parking and public infrastructure, should be located within the Commercial Core.
- To encourage the provision of affordable housing.

## 2010 No 433

Clause 3.1 Albury Local Environmental Plan 2010

Part 3 Exempt and complying development

---

### Part 3 Exempt and complying development

#### 3.1 Exempt development

**Note.** Under section 76 of the Act, exempt development may be carried out without the need for development consent under Part 4 of the Act or for assessment under Part 5 of the Act.

The section states that exempt development:

- (a) must be of minimal environmental impact, and
  - (b) cannot be carried out in critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), and
  - (c) cannot be carried out in a wilderness area (identified under the *Wilderness Act 1987*).
- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
  - (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
  - (3) To be exempt development, the development:
    - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia* or, if there are no such relevant provisions, must be structurally adequate, and
    - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
    - (c) must not be designated development, and
    - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*.
  - (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2–9 is exempt development only if:
    - (a) the building has a current fire safety certificate or fire safety statement, or
    - (b) no fire safety measures are currently implemented, required or proposed for the building.
  - (5) To be exempt development, the development must:
    - (a) be installed in accordance with the manufacturer's specifications, if applicable, and

- (b) not involve the removal or pruning of a tree or other vegetation that requires a permit or development consent for removal or pruning, unless that removal or pruning is undertaken in accordance with a permit or development consent.

**Note.** A permit for the removal or pruning of a tree or other vegetation may be granted under this Plan. A development consent for the removal of native vegetation may be granted where relevant under the *Native Vegetation Act 2003*.

- (6) A heading to an item in Schedule 2 is part of that Schedule.

### 3.2 Complying development

**Note.** Under section 76A of the Act, development consent for the carrying out of complying development may be obtained by the issue of a complying development certificate.

The section states that development cannot be complying development if:

- (a) it is on land that is critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), or
  - (b) it is on land within a wilderness area (identified under the *Wilderness Act 1987*), or
  - (c) the development is designated development, or
  - (d) the development is on land that comprises, or on which there is, an item of environmental heritage (that is listed on the State Heritage Register or in Schedule 5 to this Plan or that is subject to an interim heritage order under the *Heritage Act 1977*), or
  - (e) the development requires concurrence (except a concurrence of the Director-General of the Department of Environment, Climate Change and Water in respect of development that is likely to significantly affect a threatened species, population, or ecological community, or its habitat (identified under the *Threatened Species Conservation Act 1995*)), or
  - (f) the development is on land identified as an environmentally sensitive area.
- (1) The objective of this clause is to identify development as complying development.
  - (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with:
    - (a) the development standards specified in relation to that development, and
    - (b) the requirements of this Part,
 is complying development.

**Note.** See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.

## 2010 No 433

Clause 3.3 Albury Local Environmental Plan 2010

Part 3 Exempt and complying development

---

- (3) To be complying development, the development must:
  - (a) be permissible, with consent, in the zone in which it is carried out, and
  - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
  - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
- (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out in Part 2 of that Schedule.
- (5) A heading to an item in Schedule 3 is part of that Schedule.

### 3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause:  
***environmentally sensitive area for exempt or complying development*** means any of the following:
  - (a) the coastal waters of the State,
  - (b) a coastal lake,
  - (c) land to which *State Environmental Planning Policy No 14—Coastal Wetlands* or *State Environmental Planning Policy No 26—Littoral Rainforests* applies,
  - (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
  - (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
  - (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
  - (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
  - (h) land reserved as a state conservation area under the *National Parks and Wildlife Act 1974*,

- 
- (i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
  - (j) land identified as being critical habitat under the *Threatened Species Conservation Act 1995* or Part 7A of the *Fisheries Management Act 1994*,
  - (j1) land within the Landfill Buffer Area,
  - (j2) land to which clause 7.5 applies.

## **2010 No 433**

Clause 4.1 Albury Local Environmental Plan 2010

Part 4 Principal development standards

---

### **Part 4 Principal development standards**

#### **4.1 Minimum subdivision lot size**

- (1) The objectives of this clause are as follows:
  - (a) to protect rural and environmental land from inappropriate development,
  - (b) to maintain the existing function and character of the rural areas of Albury,
  - (c) to minimise fragmentation of rural lands,
  - (d) to encourage a diversity of lot sizes, housing forms and densities in residential zones,
  - (e) to ensure subdivision does not create unreasonable or uneconomic demands for the provision or extension of services.
- (2) This clause applies to a subdivision of any land shown on the Lot Size Map that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the Lot Size Map in relation to that land.
- (4) This clause does not apply in relation to the subdivision of individual lots in a strata plan or community title scheme.

#### **4.1A Exceptions to minimum lot sizes for certain residential development**

- (1) The objective of this clause is to encourage housing diversity without adversely impacting on residential amenity.
- (2) This clause applies to land in Zone R1 General Residential and Zone R3 Medium Density Residential.
- (3) Despite clause 4.1, development consent may be granted to a single development application for both of the following:
  - (a) the subdivision of land into 3 or more lots if the size of each lot is equal to or greater than 300 square metres,
  - (b) development for the purpose of an attached dwelling, a semi-detached dwelling or a dwelling house on each lot resulting from the subdivision.

#### **4.2 Rural subdivision**

- (1) The objective of this clause is to provide flexibility in the application of standards for subdivision in rural zones to allow land owners a greater chance to achieve the objectives for development in the relevant zone.

(2) This clause applies to the following rural zones:

- (a) Zone RU1 Primary Production,
- (b) Zone RU2 Rural Landscape,
- (c) Zone RU4 Rural Small Holdings,
- (d) Zone RU6 Transition.

**Note.** When this Plan was made it did not include Zone RU6 Transition.

(3) Land in a zone to which this clause applies may, with consent, be subdivided for the purpose of primary production to create a lot of a size that is less than the minimum size shown on the Lot Size Map in relation to that land.

(4) However, such a lot cannot be created if an existing dwelling would, as the result of the subdivision, be situated on the lot.

(5) A dwelling cannot be erected on such a lot.

**Note.** A dwelling includes a rural worker's dwelling (see definition of that term in the Dictionary).

**4.2A No strata or community title subdivisions in certain rural, environmental and residential zones**

(1) The objective of this clause is to ensure that land to which this clause applies is not fragmented by subdivisions that would create additional dwelling entitlements.

(2) This clause applies to land in the following zones that is used, or proposed to be used, for residential accommodation or tourist and visitor accommodation:

- (a) Zone RU1 Primary Production,
- (b) Zone RU2 Rural Landscape,
- (c) Zone RU4 Rural Small Holdings,
- (d) Zone R2 Low Density Residential,
- (e) Zone R5 Large Lot Residential,
- (f) Zone E3 Environmental Management,
- (g) Zone E4 Environmental Living.

(3) Development consent must not be granted for the subdivision of a lot to which this clause applies for a strata plan or community title scheme that would create lots below the minimum lot size specified for that lot on the Lot Size Map.

## 2010 No 433

Clause 4.2B Albury Local Environmental Plan 2010

Part 4 Principal development standards

---

### 4.2B Erection of dwelling houses on land in certain residential, rural and environmental protection zones

- (1) The objectives of this clause are as follows:
  - (a) to minimise unplanned rural residential development,
  - (b) to enable the replacement of lawfully erected dwelling houses in rural and environmental protection zones.
- (2) This clause applies to land in the following zones:
  - (a) Zone RU1 Primary Production,
  - (b) Zone RU2 Rural Landscape,
  - (c) Zone RU4 Rural Small Holdings,
  - (d) Zone RU5 Village,
  - (e) Zone R5 Large Lot Residential,
  - (f) Zone E3 Environmental Management,
  - (g) Zone E4 Environmental Living.
- (3) Development consent must not be granted for the erection of a dwelling house on land to which this clause applies, and on which no dwelling house has been erected, unless the land is:
  - (a) a lot that is at least the minimum lot size specified for that land by the Lot Size Map, or
  - (b) a lot created before this Plan commenced and on which the erection of a dwelling house was permissible immediately before that commencement, or
  - (c) a lot resulting from a subdivision for which development consent (or equivalent) was granted before this Plan commenced and on which the erection of a dwelling house would have been permissible if the plan of subdivision had been registered before that commencement.

**Note.** A dwelling cannot be erected on a lot created under clause 9 of *State Environmental Planning Policy (Rural Lands) 2008* or clause 4.2.
- (4) Despite any other provision of this clause, development consent may be granted for the erection of a dwelling house on land to which this clause applies if:
  - (a) there is a lawfully erected dwelling house on the land and the dwelling house to be erected is intended only to replace the existing dwelling house, or

- (b) the land would have been a lot referred to in subclause (3) had it not been affected by:
  - (i) a minor realignment of its boundaries that did not create an additional lot, or
  - (ii) a subdivision creating or widening a public road or public reserve or for another public purpose.

#### **4.3 Height of buildings**

- (1) The objectives of this clause are as follows:
  - (a) to ensure the height of buildings complement the streetscape or the historic character of the area in which the buildings are located,
  - (b) to protect the heritage character and significance of buildings and not adversely affect the heritage integrity of heritage items and heritage conservation areas identified in this Plan,
  - (c) to ensure the height of buildings protects the amenity of neighbouring properties in terms of visual bulk, access to sunlight and privacy,
  - (d) to nominate heights that will provide a transition in built form between varying land use intensities.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the Height of Buildings Map.

#### **4.4 Floor space ratio**

- (1) The objectives of this clause are as follows:
  - (a) to ensure that the density, bulk and scale of development is appropriate for a site,
  - (b) to ensure that the density, bulk and scale of development integrates with the streetscape and character of the area in which the development is located,
  - (c) to facilitate development that contributes to the economic growth of the Albury and Lavington Central Business Districts.
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the Floor Space Ratio Map.

Part 4 Principal development standards

### 4.5 Calculation of floor space ratio and site area

#### (1) Objectives

The objectives of this clause are as follows:

- (a) to define *floor space ratio*,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:
  - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
  - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
  - (iii) require community land and public places to be dealt with separately.

#### (2) Definition of “floor space ratio”

The *floor space ratio* of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

#### (3) Site area

In determining the site area of proposed development for the purpose of applying a floor space ratio, the *site area* is taken to be:

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

#### (4) Exclusions from site area

The following land must be excluded from the site area:

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

#### (5) Strata subdivisions

The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only

---

to the extent that it does not overlap with another lot already included in the site area calculation.

(6) **Only significant development to be included**

The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) **Certain public land to be separately considered**

For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) **Existing buildings**

The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) **Covenants to prevent “double dipping”**

When consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

(10) **Covenants affect consolidated sites**

If:

- (a) a covenant of the kind referred to in subclause (9) applies to any land (*affected land*), and
- (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development,

the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

## 2010 No 433

Clause 4.6 Albury Local Environmental Plan 2010

Part 4 Principal development standards

---

(11) **Definition**

In this clause, *public place* has the same meaning as it has in the *Local Government Act 1993*.

### 4.6 Exceptions to development standards

- (1) The objectives of this clause are:
  - (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development, and
  - (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:
  - (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
  - (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Consent must not be granted for development that contravenes a development standard unless:
  - (a) the consent authority is satisfied that:
    - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and
    - (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
  - (b) the concurrence of the Director-General has been obtained.
- (5) In deciding whether to grant concurrence, the Director-General must consider:
  - (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and

- 
- (b) the public benefit of maintaining the development standard, and
  - (c) any other matters required to be taken into consideration by the Director-General before granting concurrence.
- (6) Consent must not be granted under this clause for a subdivision of land in Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone RU3 Forestry, Zone RU4 Rural Small Holdings, Zone RU6 Transition, Zone R5 Large Lot Residential, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone E4 Environmental Living if:
- (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
  - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.
- Note.** When this Plan was made it did not include Zone RU3 Forestry or Zone RU6 Transition.
- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).
- (8) This clause does not allow consent to be granted for development that would contravene any of the following:
- (a) a development standard for complying development,
  - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which *State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004* applies or for the land on which such a building is situated,
  - (c) clause 5.4,
  - (c1) clauses 4.1A, 4.2A, 6.1 and 7.5.

## 2010 No 433

Clause 5.1 Albury Local Environmental Plan 2010

Part 5 Miscellaneous provisions

---

## Part 5 Miscellaneous provisions

### 5.1 Relevant acquisition authority

- (1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the *Land Acquisition (Just Terms Compensation) Act 1991* (**the owner-initiated acquisition provisions**).

**Note.** If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the *Land Acquisition (Just Terms Compensation) Act 1991* requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the Land Reservation Acquisition Map (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 8 of the Act
Zone SP2 Infrastructure and marked "Classified road"	Roads and Traffic Authority
Zone E1 National Parks and Nature Reserves and marked "National Park"	Minister administering the <i>National Parks and Wildlife Act 1974</i>

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

**Note.** If land, other than land specified in the Table to subclause (2), is required to be acquired under the owner-initiated acquisition provisions, the Minister of Planning is required to take action to enable the designation of the acquiring authority under this Part. Pending the designation of the acquiring authority for that land, the acquiring authority is to be the authority determined by order of the Minister for Planning (see section 21 of the *Land Acquisition (Just Terms Compensation) Act 1991*).

## 5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of the *Local Government Act 1993*.
- Note.** Under the *Local Government Act 1993*, “public land” is generally land vested in or under the control of a council (other than roads, Crown reserves and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.
- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4:
- (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
  - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:
- (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
  - (b) any reservations that except land out of the Crown grant relating to the land, and
  - (c) reservations of minerals (within the meaning of the *Crown Lands Act 1989*).

**Note.** In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

## 5.3 Development near zone boundaries

- (1) The objective of this clause is to provide flexibility where the investigation of a site and its surroundings reveals that a use allowed on

the other side of a zone boundary would enable a more logical and appropriate development of the site and be compatible with the planning objectives and land uses for the adjoining zone.

- (2) This clause applies to so much of any land that is within the relevant distance of a boundary between any 2 zones. The relevant distance is 20 metres.
- (3) This clause does not apply to:
  - (a) land in Zone RE1 Public Recreation, Zone E1 National Parks and Nature Reserves, Zone E2 Environmental Conservation, Zone E3 Environmental Management or Zone W1 Natural Waterways, or
  - (b) land within the coastal zone, or
  - (c) land proposed to be developed for the purpose of sex services or restricted premises.

**Note.** When this Plan was made it did not include Zone E1 National Parks and Nature Reserves or Zone W1 Natural Waterways.
- (4) Despite the provisions of this Plan relating to the purposes for which development may be carried out, consent may be granted to development of land to which this clause applies for any purpose that may be carried out in the adjoining zone, but only if the consent authority is satisfied that:
  - (a) the development is not inconsistent with the objectives for development in both zones, and
  - (b) the carrying out of the development is desirable due to compatible land use planning, infrastructure capacity and other planning principles relating to the efficient and timely development of land.
- (5) The clause does not prescribe a development standard that may be varied under this Plan.

### 5.4 Controls relating to miscellaneous permissible uses

#### (1) **Bed and breakfast accommodation**

If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

#### (2) **Home businesses**

If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 50 square metres of floor area.

(3) **Home industries**

If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 50 square metres of floor area.

(4) **Industrial retail outlets**

If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed:

- (a) 20% of the combined gross floor area of the industrial retail outlet and the building or place on which the relevant industry is carried out, or
  - (b) 400 square metres,
- whichever is the lesser.

(5) **Farm stay accommodation**

If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

(6) **Kiosks**

If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 10 square metres.

(7) **Neighbourhood shops**

If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed 100 square metres.

(8) **Roadside stalls**

If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 10 square metres.

(9) **Secondary dwellings**

If development for the purposes of a secondary dwelling is permitted under this Plan, the total floor area of the dwelling (excluding any area used for parking) must not exceed whichever of the following is the greater:

- (a) 60 square metres,
- (b) 20% of the total floor area of both the self-contained dwelling and the principal dwelling.

**5.5 Development within the coastal zone**

### 5.8 Conversion of fire alarms

- (1) This clause applies to a fire alarm system that can be monitored by New South Wales Fire Brigades or by a private service provider.
- (2) The following development may be carried out, but only with consent:
  - (a) converting a fire alarm system from connection with the alarm monitoring system of New South Wales Fire Brigades to connection with the alarm monitoring system of a private service provider,
  - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
  - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of:
  - (a) internal alterations to a building, or
  - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7.00 am and 6.00 pm on Monday to Friday and between 7.00 am and 5.00 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause:

***private service provider*** means a person or body that has entered into an agreement that is in force with New South Wales Fire Brigades to monitor fire alarm systems.

### 5.9 Preservation of trees or vegetation

- (1) The objective of this clause is to preserve the amenity of the area through the preservation of trees and other vegetation.
- (2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Council.  
**Note.** A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.
- (3) A person must not ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree or other vegetation to which any such development control plan applies without the authority conferred by:
  - (a) development consent, or
  - (b) a permit granted by the Council.
- (4) The refusal by the Council to grant a permit to a person who has duly applied for the grant of the permit is taken for the purposes of the Act to be a refusal by the Council to grant consent for the carrying out of the activity for which a permit was sought.
- (5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.
- (6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.
- (7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:
  - (a) that is or forms part of a heritage item, or
  - (b) that is within a heritage conservation area.  
**Note.** As a consequence of this subclause, the activities concerned will require development consent. The heritage provisions of clause 5.10 will be applicable to any such consent.
- (8) This clause does not apply to or in respect of:
  - (a) the clearing of native vegetation that is authorised by a development consent or property vegetation plan under the *Native Vegetation Act 2003* or that is otherwise permitted under Division 2 or 3 of Part 3 of that Act, or
  - (b) the clearing of vegetation on State protected land (within the meaning of clause 4 of Schedule 3 to the *Native Vegetation Act 2003*) that is authorised by a development consent under the

provisions of the *Native Vegetation Conservation Act 1997* as continued in force by that clause, or

- (c) trees or other vegetation within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or
- (d) action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993* or the *Surveying Act 2002*, or
- (e) plants declared to be noxious weeds under the *Noxious Weeds Act 1993*.

### 5.10 Heritage conservation

**Note.** Heritage items, heritage conservation areas and archaeological sites (if any) are shown on the Heritage Map. The location and nature of any such item, area or site is also described in Schedule 5.

#### (1) Objectives

The objectives of this clause are:

- (a) to conserve the environmental heritage of Albury, and
- (b) to conserve the heritage significance of heritage items and heritage conservation areas including associated fabric, settings and views, and
- (c) to conserve archaeological sites, and
- (d) to conserve places of Aboriginal heritage significance.

#### (2) Requirement for consent

Development consent is required for any of the following:

- (a) demolishing or moving a heritage item or a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item or a building, work, relic, tree or place within a heritage conservation area, including (in the case of a building) making changes to the detail, fabric, finish or appearance of its exterior,
- (c) altering a heritage item that is a building by making structural changes to its interior,
- (d) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (e) disturbing or excavating a heritage conservation area that is a place of Aboriginal heritage significance,

- (f) erecting a building on land on which a heritage item is located or that is within a heritage conservation area,
- (g) subdividing land on which a heritage item is located or that is within a heritage conservation area.

**(3) When consent not required**

However, consent under this clause is not required if:

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:
  - (i) is of a minor nature, or is for the maintenance of the heritage item, archaeological site, or a building, work, relic, tree or place within a heritage conservation area, and
  - (ii) would not adversely affect the significance of the heritage item, archaeological site or heritage conservation area, or
- (b) the development is in a cemetery or burial ground and the proposed development:
  - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
  - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to a place of Aboriginal heritage significance, or
- (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
- (d) the development is exempt development.

**(4) Effect on heritage significance**

The consent authority must, before granting consent under this clause, consider the effect of the proposed development on the heritage significance of the heritage item or heritage conservation area concerned. This subclause applies regardless of whether a heritage impact statement is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

**(5) Heritage impact assessment**

The consent authority may, before granting consent to any development on land:

- (a) on which a heritage item is situated, or
- (b) within a heritage conservation area, or

---

(c) within the vicinity of land referred to in paragraph (a) or (b), require a heritage impact statement to be prepared that assesses the extent to which the carrying out of the proposed development would affect the heritage significance of the heritage item or heritage conservation area concerned.

**(6) Heritage conservation management plans**

The consent authority may require, after considering the significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

**(7) Archaeological sites**

The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council of its intention to grant consent, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

**(8) Places of Aboriginal heritage significance**

The consent authority must, before granting consent under this clause to the carrying out of development in a place of Aboriginal heritage significance:

- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place, and
- (b) notify the local Aboriginal communities (in such way as it thinks appropriate) about the application and take into consideration any response received within 28 days after the notice is sent.

**(9) Demolition of item of State significance**

The consent authority must, before granting consent for the demolition of a heritage item identified in Schedule 5 as being of State significance (other than an item listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council about the application, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(10) **Conservation incentives**

The consent authority may grant consent to development for any purpose of a building that is a heritage item, or of the land on which such a building is erected, even though development for that purpose would otherwise not be allowed by this Plan, if the consent authority is satisfied that:

- (a) the conservation of the heritage item is facilitated by the granting of consent, and
- (b) the proposed development is in accordance with a heritage conservation management plan that has been approved by the consent authority, and
- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage conservation management plan is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, and
- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

**5.11 Bush fire hazard reduction**

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without consent.

**Note.** The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

**5.12 Infrastructure development and use of existing buildings of the Crown**

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out with or without consent, or that is exempt development, under the *State Environmental Planning Policy (Infrastructure) 2007*.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

Clause 6.1 Albury Local Environmental Plan 2010

Part 6 Urban release areas

---

### Part 6 Urban release areas

#### 6.1 Arrangements for designated State public infrastructure

- (1) The objective of this clause is to require satisfactory arrangements to be made for the provision of designated State public infrastructure before the subdivision of land in an urban release area to satisfy needs that arise from development on the land, but only if the land is developed intensively for urban purposes.
- (2) Development consent must not be granted for the subdivision of land in an urban release area if the subdivision would create a lot smaller than the minimum lot size permitted on the land immediately before the land became, or became part of, an urban release area, unless the Director-General has certified in writing to the consent authority that satisfactory arrangements have been made to contribute to the provision of designated State public infrastructure in relation to that lot.
- (3) Subclause (2) does not apply to:
  - (a) any lot identified in the certificate as a residue lot, or
  - (b) any lot created by a subdivision previously consented to in accordance with this clause, or
  - (c) any lot that is proposed in the development application to be reserved or dedicated for public open space, public roads, public utility undertakings, educational facilities or any other public purpose, or
  - (d) a subdivision for the purpose only of rectifying an encroachment on any existing lot.
- (4) This clause does not apply to land in an urban release area if all or any part of the land is in a special contributions area (as defined by section 93C of the Act).

#### 6.2 Public utility infrastructure

- (1) Development consent must not be granted for development on land in an urban release area unless the Council is satisfied that any public utility infrastructure that is essential for the proposed development is available or that adequate arrangements have been made to make that infrastructure available when it is required.
- (2) This clause does not apply to development for the purpose of providing, extending, augmenting, maintaining or repairing any public utility infrastructure.

---

**6.3 Development control plan**

- (1) The objective of this clause is to ensure that development on land in an urban release area occurs in a logical and cost-effective manner, in accordance with a staging plan and only after a development control plan that includes specific controls has been prepared for the land.
- (2) Development consent must not be granted for development on land in an urban release area unless a development control plan that provides for the matters specified in subclause (3) has been prepared for the land.
- (3) The development control plan must provide for all of the following:
  - (a) a staging plan for the timely and efficient release of urban land making provision for necessary infrastructure and sequencing,
  - (b) an overall transport movement hierarchy showing the major circulation routes and connections to achieve a simple and safe movement system for private vehicles, public transport, pedestrians and cyclists,
  - (c) an overall landscaping strategy for the protection and enhancement of riparian areas and remnant vegetation, including visually prominent locations, and detailed landscaping requirements for both the public and private domain,
  - (d) a network of passive and active recreational areas,
  - (e) stormwater and water quality management controls,
  - (f) amelioration of natural and environmental hazards, including bushfire, flooding and site contamination and, in relation to natural hazards, the safe occupation of, and the evacuation from, any land so affected,
  - (g) detailed urban design controls for significant development sites,
  - (h) measures to encourage higher density living around transport, open space and service nodes,
  - (i) measures to accommodate and control appropriate neighbourhood commercial and retail uses,
  - (j) suitably located public facilities and services, including provision for appropriate traffic management facilities and parking.
- (4) Subclause (2) does not apply to any of the following development:
  - (a) a subdivision for the purpose of a realignment of boundaries that does not create additional lots,
  - (b) a subdivision of land if any of the lots proposed to be created is to be reserved or dedicated for public open space, public roads or any other public or environmental protection purpose,

- (c) a subdivision of land in a zone in which the erection of structures is prohibited,
- (d) proposed development on land that is of a minor nature only, if the consent authority is of the opinion that the carrying out of the proposed development would be consistent with the objectives of the zone in which the land is situated.

### **6.4 Relationship between Part and remainder of Plan**

A provision of this Part prevails over any other provision of this Plan to the extent of any inconsistency.

## Part 7 Additional local provisions

### 7.1 Earthworks

- (1) The objectives of this clause are as follows:
  - (a) to ensure that earthworks for which development consent is required will not have a detrimental impact on environmental functions and processes, neighbouring uses, cultural or heritage items or features of the surrounding land,
  - (b) to allow earthworks of a minor nature without separate development consent.
- (2) Development consent is required for earthworks unless:
  - (a) the work does not alter the ground level (existing) by more than 600 millimetres, or
  - (b) the work is exempt development under this Plan or another applicable environmental planning instrument, or
  - (c) the work is ancillary to other development for which development consent has been given.
- (3) Before granting development consent for earthworks, the consent authority must consider the following matters:
  - (a) the likely disruption of, or any detrimental effect on, existing drainage patterns and soil stability in the locality,
  - (b) the effect of the proposed development on the likely future use or redevelopment of the land,
  - (c) the quality of the fill or the soil to be excavated, or both,
  - (d) the effect of the proposed development on the existing and likely amenity of adjoining properties,
  - (e) the source of any fill material and the destination of any excavated material,
  - (f) the likelihood of disturbing relics,
  - (g) the proximity to and potential for adverse impacts on any watercourse, drinking water catchment or environmentally sensitive area.

**Note.** The *National Parks and Wildlife Act 1974*, particularly section 86, deals with disturbing or excavating land and Aboriginal objects.

### 7.2 Water

- (1) The objective of this clause is to maintain the hydrological functions of riparian land waterways and aquifers, including protecting:
  - (a) water quality, and

Clause 7.3 Albury Local Environmental Plan 2010

Part 7 Additional local provisions

---

- (b) natural water flows, and
  - (c) the stability of the bed and banks of waterways, and
  - (d) groundwater systems.
- (2) This clause applies to land identified as “Sensitive Area” on the Natural Resources Sensitivity—Water Map.
- (3) Before determining a development application for development on land to which this clause applies, the consent authority must consider any adverse impact from the proposed development on:
- (a) the water quality of receiving waters, and
  - (b) the natural flow regime, and
  - (c) the natural flow paths of waterways, and
  - (d) the stability of the bed, shore and banks of waterways, and
  - (e) the flows, capacity and quality of groundwater systems.
- (4) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that:
- (a) the development is designed, sited and will be managed to avoid any adverse environmental impact, or
  - (b) if that impact cannot be avoided—the development is designed, sited and will be managed to minimise that impact, or
  - (c) if that impact cannot be minimised—the development will be managed to mitigate that impact.

### 7.3 Protected regrowth

- (1) The objective of this clause is to identify, for the purposes of the *Native Vegetation Act 2003*, protected regrowth on land in Zone E2 Environmental Conservation and Zone E3 Environmental Management.
- (2) Regrowth of native vegetation on all land in Zone E2 Environmental Conservation and Zone E3 Environmental Management is identified as protected regrowth for the purposes of section 10 (1) of the *Native Vegetation Act 2003*.
- (3) In this clause, **protected regrowth** has the same meaning as it has in the *Native Vegetation Act 2003*.

### 7.4 Flood planning

- (1) The objectives of this clause are as follows:
- (a) to minimise the flood risk to life and property associated with the use of land,

- (b) to allow development on land that is compatible with the land's flood hazard, taking into account projected changes as a result of climate change,
  - (c) to avoid significant adverse impacts on flood behaviour and the environment.
- (2) This clause applies to:
- (a) land that is shown as "Flood planning area" on the Flood Planning Map, and
  - (b) other land at or below the flood planning level.
- (3) Development consent must not be granted to development on land to which this clause applies unless the consent authority is satisfied that the development:
- (a) is compatible with the flood hazard of the land, and
  - (b) will not significantly adversely affect flood behaviour resulting in detrimental increases in the potential flood affectation of other development or properties, and
  - (c) incorporates appropriate measures to manage risk to life from flood, and
  - (d) will not significantly adversely affect the environment or cause avoidable erosion, siltation, destruction of riparian vegetation or a reduction in the stability of river banks or watercourses, and
  - (e) is not likely to result in unsustainable social and economic costs to the community as a consequence of flooding.
- (4) A word or expression used in this clause has the same meaning as it has in the NSW Government's *Floodplain Development Manual* published in 2005, unless it is otherwise defined in this clause.
- (5) In this clause:
- flood planning level*** means the level of a 1:100 ARI (average recurrent interval) flood event plus 0.5 metre freeboard.
- Flood Planning Map*** means the Albury Local Environmental Plan 2010 Flood Planning Map.

## 7.5 Development on or near the Murray River

- (1) The objectives of this clause are to:
- (a) support the natural migration of the river channel, including riverine processes, and
  - (b) protect and improve the bed and bank stability of the Murray River, and
  - (c) maintain or improve the water quality of the Murray River, and

## 2010 No 433

Clause 7.5 Albury Local Environmental Plan 2010

Part 7 Additional local provisions

---

- (d) protect the amenity, scenic landscape values, cultural heritage of the Murray River and public access to riverine corridors, and
  - (e) conserve and protect riverine corridors, including wildlife habitat.
- (2) Despite any other provision of this Plan, development consent may only be granted to development on land in the river front area for the following purposes and if the purpose is permissible on the land in the relevant zone:
- (a) a boat launching ramp, boat repair facility, boat shed, charter and tourism boating facility or marina,
  - (b) the extension or alteration of an existing building that is wholly or partly in the river front area (provided that the extension or alteration will be located no closer to the river bank than the existing building),
  - (c) environmental protection works,
  - (d) extensive agriculture and intensive plant agriculture,
  - (e) walking trails, cycleways, picnic facilities, recreation facilities and recreation facilities (outdoors).
- (3) Development consent must not be granted under subclause (2) unless the consent authority is satisfied of all of the following:
- (a) the development will contribute to achieving the objectives for the zone in which the land is located,
  - (b) the appearance of the development, from both the Murray River and adjacent river front area, will be compatible with the surrounding area,
  - (c) the development is not likely to cause environmental harm such as:
    - (i) pollution or siltation of the Murray River, or
    - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, flora or fauna habitats, or
    - (iii) an adverse effect on drainage patterns,
  - (d) the development will only cause minimal visual disturbance to the existing landscape,
  - (e) continuous public access, and opportunities to provide continuous public access, along the river front and to the Murray River will not be compromised,
  - (f) any historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained.

- (4) In this clause:
- bed**, of the Murray River, means the whole of the soil of the channel in which the river flows, including the portion:
- (a) that is alternatively covered or left bare with a rise or fall in the supply of water, and
  - (b) that is adequate to contain the river and its average or mean stage without reference to extraordinary freshets in the time of flood or to extreme droughts.
- river bank** means the limit of the bed of the Murray River.
- river front area** means any land within 400 metres of the high bank of the Murray River within Zone RU1 Primary Production, Zone RU2 Rural Landscape, Zone E2 Environmental Conservation, Zone E3 Environmental Management, Zone RE1 Public Recreation or Zone RE2 Private Recreation.

#### 7.6 Essential services

- (1) This clause does not apply to land in an urban release area.
- (2) Development consent must not be granted to development unless the consent authority is satisfied that any of the following services that are essential for the proposed development are available or that adequate arrangements have been made to make them available when required:
  - (a) the supply of water,
  - (b) the supply of electricity,
  - (c) the disposal and management of sewage,
  - (d) stormwater drainage or on-site conservation,
  - (e) suitable road access.

#### 7.7 Landfill Buffer Area

- (1) The objective of this clause is to control inappropriate development in close proximity to the Landfill Buffer Area to avoid land use conflicts.
- (2) This clause applies to development on land within the “Landfill Buffer Area”.
- (3) Development consent must not be granted to development on land to which this clause applies unless the consent authority has considered the following:
  - (a) the likely adverse impacts on the proposed development by the existing and continued operations of the Landfill Buffer Area,

## 2010 No 433

Clause 7.8 Albury Local Environmental Plan 2010

Part 7 Additional local provisions

---

- (b) the likely adverse impact of the development on the existing and continued operations of the Landfill Buffer Area,
- (c) whether the development is sited to maximise the distance between the development and the Landfill Buffer Area to minimise potential land use conflict,
- (d) whether the development is suitably located to minimise any views of the Landfill Buffer Area to avoid any likely adverse visual impact.

### 7.8 Airspace operations

- (1) The objectives of this clause are as follows:
  - (a) to provide for the effective and on-going operation of the Albury Airport by ensuring that such operation is not compromised by proposed development that penetrates the Obstacle Limitation Surface for that airport,
  - (b) to protect the community from undue risk from such operation.
- (2) If a development application is received and the consent authority is satisfied that the proposed development may penetrate the Obstacle Limitation Surface as shown on the Obstacle Limitation Surface Map for the Albury Airport, the consent authority must not grant development consent unless it has consulted with the relevant Commonwealth body about the application.
- (3) Development consent may be granted for the development if the relevant Commonwealth body advises the consent authority that:
  - (a) the development will penetrate the Obstacle Limitation Surface but it has no objection to its construction, or
  - (b) the development will not penetrate the Obstacle Limitation Surface.
- (4) Development consent must not be granted for the development if the relevant Commonwealth body advises the consent authority that the development will penetrate the Obstacle Limitation Surface and should not be constructed.
- (5) In this clause:

***relevant Commonwealth body*** means the body, under Commonwealth legislation, that is responsible for approvals for development that penetrates the Obstacle Limitation Surface for Albury Airport.

---

**7.9 Development in areas subject to airport noise**

- (1) The objectives of this clause are as follows:
  - (a) to prevent certain noise sensitive developments from being located near the Albury Airport and its flight paths,
  - (b) to assist in minimising the impact of aircraft noise from that airport and its flight paths by requiring appropriate noise attenuation measures in noise sensitive buildings,
  - (c) to ensure that land use and development in the vicinity of that airport do not hinder or have any other adverse impact on the ongoing, safe and efficient operation of that airport.
- (2) Before issuing development consent to development on land in the vicinity of that airport, the consent authority:
  - (a) must consider whether the development will result in an increase in the number of dwellings or people affected by aircraft noise, and
  - (b) must consider the location of the development in relation to the criteria set out in Table 2.1 (Building Site Acceptability Based on ANEF Zones) in AS 2021—2000, *Acoustics—Aircraft noise intrusion—Building siting and construction*, and
  - (c) must be satisfied that the development will meet AS 2021—2000, *Acoustics—Aircraft noise intrusion—Building siting and construction* with respect to interior noise levels for the purposes of:
    - (i) if the development will be in ANEF contour 25 to 30—public administration buildings, and
    - (ii) if the development will be in ANEF contour 25 to 30—hostels and hotel or motel accommodation, and
    - (iii) if the development will be in ANEF contour 25 to 35—business premises, office premises and retail premises, and
    - (iv) if the development will be in ANEF contour 30 to 40—light industry.
- (3) In this clause:

***ANEF contour*** means a noise exposure contour shown as an ANEF contour on the Noise Exposure Forecast Contour Map for that airport prepared by the Department of the Commonwealth responsible for airports.

### **7.10 Location of sex services premises**

- (1) The objective of this clause is to minimise land use conflicts and adverse amenity impacts by providing a reasonable level of separation between sex services premises, specified land uses and places regularly frequented by children.
- (2) In deciding whether to grant development consent to development for the purposes of sex services premises, the consent authority must consider the following:
  - (a) if the premises will be located on land that adjoins, is directly opposite or is separated only by a local road from land:
    - (i) in Zone R1 General Residential, Zone R2 Low Density Residential, Zone R3 Medium Density Residential or Zone RE1 Public Recreation, or
    - (ii) used for the purposes of a child care centre, a community facility, a school or a place of public worship,
  - (b) the impact the proposed development and its hours of operation would have on any place likely to be regularly frequented by children:
    - (i) that adjoins the proposed development, or
    - (ii) that can be viewed from the proposed development, or
    - (iii) from which a person can view the proposed development.

## Schedule 2 Exempt development

(Clause 3.1)

**Note 1.** *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specifies exempt development under that Policy. The Policy has State-wide application. This Schedule contains additional exempt development not specified in that Policy.

**Note 2.** Exempt development may be carried out without the need for development consent under the Act. Such development is not exempt from any approval, licence, permit or authority that is required under any other Act and adjoining owners' property rights and the common law still apply.

### Filming

- (1) **Note.** Provision repealed under the *Standard Instrument (Local Environmental Plans) Order 2006*.
- (2) May only be carried out on land:
  - (a) on which there is a heritage item, or
  - (b) within a heritage conservation area, or
  - (c) identified in clause 3.3 as an environmentally sensitive area for exempt development,if the filming does not involve or result in any of the following:
  - (d) any changes or additions that are not merely superficial and temporary to any part of a heritage item, a heritage conservation area or an environmentally sensitive area,
  - (e) the mounting or fixing of any object or article on any part of such an item or area (including any building or structure),
  - (f) the movement, parking or standing of any vehicle or equipment on or over any part of such an item or area that is not specifically designed for the movement, parking or standing of a vehicle or equipment on or over it,
  - (g) any changes to the vegetation on, or level of, such an item or area or any changes to any other natural or physical feature of the item or area.
- (3) Must not create significant interference with the neighbourhood.
- (4) The person carrying out the filming must obtain a policy of insurance that adequately covers the public liability of the person in respect of the filming for an amount of not less than \$10,000,000.
- (5) If the filming is carried out on private land, the filming must not be carried out for more than 30 days within a 12-month period at the particular location.

- 
- (6) A filming management plan must be prepared and lodged with the consent authority for the location at least 5 days before the commencement of filming at the location. The plan must contain the following information and be accompanied by the following documents (without limiting the information or documents that may be submitted):
- (a) the name, address and telephone number of the person carrying out the filming (such as a production company) and of the producer for the filming,
  - (b) a brief description of the filming to be carried out (for example, a television commercial, a television series, a feature film or a documentary),
  - (c) the proposed location of the filming,
  - (d) the proposed commencement and completion dates for the filming at the location,
  - (e) the proposed daily length of filming at the location,
  - (f) the number of persons to be involved in the filming,
  - (g) details of any temporary structures (for example, tents or marquees) to be erected or used at the location for the purposes of the filming,
  - (h) the type of filming equipment to be used in the filming (such as a hand-held or mounted camera),
  - (i) proposed arrangements for parking vehicles associated with the filming during the filming,
  - (j) whether there will be any disruption to the location of the filming or the surrounding area and the amenity of the neighbourhood (for example, by the discharge of firearms or explosives, the production of offensive noise, vibrations, disruption to traffic flow or the release of smells, fumes, vapour, steam, soot, ash, dust, waste water, grit or oil),
  - (k) whether the filming will involve the use of outdoor lighting or any other special effects equipment,
  - (l) a copy of the public liability insurance policy that covers the filming at the location,
  - (m) a copy of any approval given by a public or local authority to carry out an activity associated with the proposed filming at the location, such as the following:
    - (i) an approval by the Roads and Traffic Authority for the closure of a road,
    - (ii) an approval by the Council for the erection or use of a temporary structure, closure of a road or a public footpath, or a restriction in pedestrian access,
-

#### **Fuel tanks in Zone RU1 Primary Production**

- (1) Must be located above ground.
- (2) Must be less than 6m above ground level (existing).
- (3) Must not be used for commercial or industrial activities unless ancillary to primary lawful land use.
- (4) Must not have a capacity more than 5,000L.
- (5) Must be constructed of prefabricated materials, freestanding and not rely on other structures for support.
- (6) Must be located at least 30m from each lot boundary.
- (7) Must be located at least 100m from a classified road.
- (8) Must be located at least 40m from a river (inclusive of watercourses, tributary, branch or other watercourse).
- (9) Must not be located on a ridgeline or in a visually prominent location.

- 
- (10) Must comply with AS 1940—2004, *The storage and handling of flammable and combustible liquids*.
  - (11) Must not be located within bush fire prone land.

**Signage in Zone B3 Core Commercial—above awning signs**

- (1) Must not cover windows or doors above awning level.
- (2) Must be non-illuminated.
- (3) Must not cover more than 50% of the above awning building face.
- (4) Must be centred on the wall.
- (5) If located on or in, or in relation to, a heritage item or draft heritage item—must obtain Council consent.
- (6) Maximum number—1 per lot.
- (7) Maximum projection—100mm.

**Signage—under awning signs**

- (1) Maximum number—1 per lot.
- (2) Maximum dimensions—0.6m long and 0.3m wide.
- (3) Must be at least 2.7m above ground level (existing).
- (4) Must be located less than 3m above ground level (existing) or must be below fascia, whichever is the lesser.
- (5) Maximum projection—300mm.

**Signage—drop awning signs**

- (1) Must not cover more than 50% of the blind.
- (2) Must be a sign that is painted onto, fixed flush to or part of a roll down blind, which is secured to an awning.
- (3) Must be non-illuminated.

**Signage—fascia signs**

- (1) Must be painted onto or attached to the fascia or return of an awning and not exceed the height of the fascia or return.
- (2) Must be non-illuminated.
- (3) Must not extend more than 100mm from the fascia or return end of the awning.

## Dictionary

(Clause 1.4)

**Aboriginal object** means any deposit, object or other material evidence (not being a handicraft made for sale) relating to the Aboriginal habitation of an area of New South Wales, being habitation before or concurrent with (or both) the occupation of that area by persons of non-Aboriginal extraction, and includes Aboriginal remains.

**acid sulfate soils** means naturally occurring sediments and soils containing iron sulfides (principally pyrite) or their precursors or oxidation products, whose exposure to oxygen leads to the generation of sulfuric acid (for example, by drainage or excavation).

**Acid Sulfate Soils Manual** means the manual by that name published by the Acid Sulfate Soils Management Advisory Committee and made publicly available.

**advertisement** has the same meaning as in the Act.

**Note.** The term is defined as a sign, notice, device or representation in the nature of an advertisement visible from any public place or public reserve or from any navigable water.

**advertising structure** has the same meaning as in the Act.

**Note.** The term is defined as a structure used or to be used principally for the display of an advertisement.

**affordable housing** has the same meaning as in the Act.

**Note.** The term is defined as housing for very low income households, low income households or moderate income households, being such households as are prescribed by the regulations or as are provided for in an environmental planning instrument.

**agricultural produce industry** means an industry involving the handling, treating, processing or packing of produce from agriculture (including dairy products, seeds, fruit, vegetables or other plant material), and includes flour mills, cotton seed oil plants, cotton gins, feed mills, cheese and butter factories, and juicing or canning plants, but does not include a livestock processing industry.

**agriculture** means any of the following:

- (a) animal boarding or training establishments,
- (b) aquaculture,
- (c) extensive agriculture,
- (d) farm forestry,
- (e) intensive livestock agriculture,
- (f) intensive plant agriculture.

**air transport facility** means an airport or a heliport that is not part of an airport, and includes associated communication and air traffic control facilities or structures.

**airport** means a place used for the landing, taking off, parking, maintenance or repair of aeroplanes (including associated buildings, installations, facilities and movement areas and any heliport that is part of the airport).

---

***airstrip*** means a single runway for the landing, taking off or parking of aeroplanes for private aviation only, but does not include an airport, heliport or helipad.

***amusement centre*** means a building or place (not being part of a pub or registered club) used principally for playing:

- (a) billiards, pool or other like games, or
- (b) electronic or mechanical amusement devices, such as pinball machines, computer or video games and the like.

***animal boarding or training establishment*** means a building or place used for the breeding, boarding, training, keeping or caring of animals for commercial purposes (other than for the agistment of horses), and includes any associated riding school or ancillary veterinary hospital.

***aquaculture*** has the same meaning as in the *Fisheries Management Act 1994*.

**Note.** The term is defined as follows:

***aquaculture*** means:

- (a) cultivating fish or marine vegetation for the purposes of harvesting the fish or marine vegetation or their progeny with a view to sale, or
- (b) keeping fish or marine vegetation in a confined area for a commercial purpose (such as a fish-out pond),

but does not include:

- (c) keeping anything in a pet shop for sale or in an aquarium for exhibition (including an aquarium operated commercially), or
- (d) anything done for the purposes of maintaining a collection of fish or marine vegetation otherwise than for a commercial purpose, or
- (e) any other thing prescribed by the regulations (made under the *Fisheries Management Act 1994*).

This Dictionary also contains definitions of ***natural water-based aquaculture***, ***pond-based aquaculture*** and ***tank-based aquaculture***.

***archaeological site*** means an area of land:

- (a) shown on the Heritage Map as an archaeological site, and
- (b) the location and nature of which is described in Schedule 5, and
- (c) that contains one or more relics.

***attached dwelling*** means a building containing 3 or more dwellings, where:

- (a) each dwelling is attached to another dwelling by a common wall, and
- (b) each of the dwellings is on its own lot of land (not being an individual lot in a strata plan or community title scheme), and
- (c) none of the dwellings is located above any part of another dwelling.

***attic*** means any habitable space, but not a separate dwelling, contained wholly within a roof above the ceiling line of the storey immediately below, except for minor elements such as dormer windows and the like.

**backpackers' accommodation** means tourist and visitor accommodation:

- (a) that has shared facilities, such as a communal bathroom, kitchen or laundry, and
- (b) that will generally provide accommodation on a bed basis (rather than by room).

**basement** means the space of a building where the floor level of that space is predominantly below ground level (existing) and where the floor level of the storey immediately above is less than 1 metre above ground level (existing).

**bed and breakfast accommodation** means tourist and visitor accommodation comprising a dwelling (and any ancillary buildings and parking) where the accommodation is provided by the permanent residents of the dwelling and:

- (a) meals are provided for guests only, and
- (b) cooking facilities for the preparation of meals are not provided within guests' rooms, and
- (c) dormitory-style accommodation is not provided.

**Note.** See clause 5.4 for controls relating to the number of bedrooms.

**biodiversity** means biological diversity.

**biological diversity** has the same meaning as in the *Threatened Species Conservation Act 1995*.

**Note.** The term is defined as follows:

**biological diversity** means the diversity of life and is made up of the following 3 components:

- (a) genetic diversity—the variety of genes (or units of heredity) in any population,
- (b) species diversity—the variety of species,
- (c) ecosystem diversity—the variety of communities or ecosystems.

**biosolid waste application** means the application of sludge or other semi-solid products of human sewage treatment plants to land for the purpose of improving land productivity, that is undertaken in accordance with the NSW Environment Protection Authority's guidelines titled *Environmental Guidelines: Use and Disposal of Biosolids Products* (EPA 1997) and *Addendum to Environmental Guidelines: Use and Disposal of Biosolids Products* (EPA 2000a).

**biosolids treatment facility** means a building or place used as a facility for the treatment of biosolids from a sewage treatment plant or from a water recycling facility.

**boarding house** means a building:

- (a) that is wholly or partly let in lodgings, and
- (b) that provides lodgers with a principal place of residence for 3 months or more, and
- (c) that may have shared facilities, such as a communal living room, bathroom, kitchen or laundry, and

(d) that has rooms, some or all of which may have private kitchen and bathroom facilities, that accommodate one or more lodgers,

but does not include backpackers' accommodation, a group home, a serviced apartment, seniors housing or hotel or motel accommodation.

**boat launching ramp** means a structure designed primarily for the launching of trailer borne recreational vessels, and includes associated car parking facilities.

**boat repair facility** means any facility (including a building or other structure) used primarily for the construction, maintenance or repair of boats, whether or not including the storage, sale or hire of boats, but does not include a marina or boat shed.

**boat shed** means a building or other structure used for the storage and routine maintenance of a boat or boats and that is associated with a private dwelling or non-profit organisation, and includes any skid used in connection with the building or other structure.

**brothel** has the same meaning as in the Act.

**building** has the same meaning as in the Act.

**Note.** The term is defined to include part of a building and any structure or part of a structure, but not including a manufactured home, a moveable dwelling or associated structure (or part of a manufactured home, moveable dwelling or associated structure).

**building height** (or **height of building**) means the vertical distance between ground level (existing) at any point to the highest point of the building, including plant and lift overruns, but excluding communication devices, antennae, satellite dishes, masts, flagpoles, chimneys, flues and the like.

**building identification sign** means a sign that identifies or names a building and that may include the name of a building, the street name and number of a building, and a logo or other symbol, but that does not include general advertising of products, goods or services.

**building line** or **setback** means the horizontal distance between the property boundary or other stated boundary (measured at 90 degrees from the boundary) and:

- (a) a building wall, or
- (b) the outside face of any balcony, deck or the like, or
- (c) the supporting posts of a carport or verandah roof,

whichever distance is the shortest.

**bulky goods premises** means a building or place used primarily for the sale by retail, wholesale or auction of (or for the hire or display of) bulky goods, being goods that are of such size or weight as to require:

- (a) a large area for handling, display or storage, or
- (b) direct vehicular access to the site of the building or place by members of the public for the purpose of loading or unloading such goods into or from their vehicles after purchase or hire,

but does not include a building or place used for the sale of foodstuffs or clothing unless their sale is ancillary to the sale or hire or display of bulky goods.

***bush fire hazard reduction work*** has the same meaning as in the *Rural Fires Act 1997*.

**Note.** The term is defined as follows:

***bush fire hazard reduction work*** means:

- (a) the establishment or maintenance of fire breaks on land, and
- (b) the controlled application of appropriate fire regimes or other means for the reduction or modification of available fuels within a predetermined area to mitigate against the spread of a bush fire,

but does not include construction of a track, trail or road.

***bush fire prone land*** has the same meaning as in the Act.

**Note.** The term is defined, in relation to an area, as land recorded for the time being as bush fire prone land on a map for the area certified as referred to in section 146 (2) of the Act.

***bush fire risk management plan*** means a plan prepared under Division 4 of Part 3 of the *Rural Fires Act 1997* for the purpose referred to in section 54 of that Act.

***business identification sign*** means a sign:

- (a) that indicates:
  - (i) the name of the person or business, and
  - (ii) the nature of the business carried on by the person at the premises or place at which the sign is displayed, and
- (b) that may include the address of the premises or place and a logo or other symbol that identifies the business,

but that does not include any advertising relating to a person who does not carry on business at the premises or place.

***business premises*** means a building or place at or on which:

- (a) an occupation, profession or trade (other than an industry) is carried on for the provision of services directly to members of the public on a regular basis, or
- (b) a service is provided directly to members of the public on a regular basis,

and may include, without limitation, premises such as banks, post offices, hairdressers, dry cleaners, travel agencies, internet access facilities, medical centres, betting agencies and the like, but does not include sex services premises.

***canal estate development*** means development that incorporates wholly or in part a constructed canal, or other waterway or waterbody, that is inundated by or drains to a natural waterway or natural waterbody by surface water or groundwater movement (not being works of drainage, or for the supply or treatment of water, that are constructed by or with the authority of a person or body responsible for those functions and that are limited to the minimal reasonable size and capacity to meet a demonstrated need for the works), and that either:

- (a) includes the construction of dwellings (which may include tourist and visitor accommodation) of a kind other than, or in addition to:
  - (i) dwellings that are permitted on rural land, and
  - (ii) dwellings that are used for caretaker or staff purposes, or

- 
- (b) requires the use of a sufficient depth of fill material to raise the level of all or part of that land on which the dwellings are (or are proposed to be) located in order to comply with requirements relating to residential development on flood prone land.

**car park** means a building or place primarily used for the purpose of parking motor vehicles, including any manoeuvring space and access thereto, whether operated for gain or not.

**caravan park** means land (including a camping ground) on which caravans (or caravans and other moveable dwellings) are, or are to be, installed or placed.

**catchment action plan** has the same meaning as in the *Catchment Management Authorities Act 2003*.
