Clause 1.1 Lane Cove Local Environmental Plan 2009

Part 1 Preliminary

---

## **Lane Cove Local Environmental Plan 2009**

under the

Environmental Planning and Assessment Act 1979

### **Part 1 Preliminary**

#### **1.1 Name of Plan**

This Plan is *Lane Cove Local Environmental Plan 2009*.

#### **1.1A Commencement**

This Plan commences on the day on which it is published on the NSW legislation website.

#### **1.2 Aims of Plan**

- (1) This Plan aims to make local environmental planning provisions for land in Lane Cove in accordance with the relevant standard environmental planning instrument under section 33A of the Act.
- (2) The particular aims of this Plan are as follows:
  - (a) to establish, as the first land use priority, Lane Cove's sustainability in environmental, social and economic terms, based on ecologically sustainable development, inter-generational equity, the application of the precautionary principle and the relationship of each property in Lane Cove with its locality,
  - (b) to preserve and, where appropriate, improve the existing character, amenity and environmental quality of the land to which this Plan applies in accordance with the indicated expectations of the community,
  - (c) in relation to residential development, to provide a housing mix and density that:
    - (i) accords with urban consolidation principles, and
    - (ii) is compatible with the existing environmental character of the locality, and
    - (iii) has a sympathetic and harmonious relationship with adjoining development,

- 
- (d) in relation to economic activities, to provide a hierarchy of retail, commercial and industrial activities that enables the employment capacity targets of the Metropolitan Strategy to be met, provides employment diversity and is compatible with local amenity, including the protection of the existing village atmosphere of the Lane Cove Town Centre,
  - (e) in relation to the management of open space, public and privately-owned bushland, riparian and foreshore land:
    - (i) to protect and, where possible, restore all bushland areas, including all rare and threatened species and communities, and
    - (ii) to protect and, where possible, restore all riparian land along, and the inter-tidal zones and foreshores of, the Lane Cove River and Sydney Harbour and their tributary creeks, and
    - (iii) to make more foreshore land available for public access, and
    - (iv) to link existing open space areas for public enjoyment,
  - (f) in relation to conservation:
    - (i) to protect, maintain and effectively manage public and privately-owned watercourses and areas of riparian land, foreshores and bushland and, where possible, restore them to as close a state to natural as possible, and
    - (ii) to ensure that development does not adversely affect the water quality or ecological systems of riparian land or other areas of natural environment, and
    - (iii) to control all new buildings to ensure their compatibility with surrounding existing built form and natural environmental character, and
    - (iv) to conserve heritage items,
  - (g) in relation to community facilities, to provide for the range and types of accessible community facilities that meet the needs of the current and future residents and other users,
  - (h) in relation to the principle of integrating land use and transport, to relate development to sustainable traffic levels,
  - (i) in relation to accessibility, to increase the number of accessible properties and facilities in Lane Cove,
  - (j) in relation to housing, to increase the number of affordable dwellings in Lane Cove and to promote housing choice.
-

## 2010 No 49

Clause 1.3 Lane Cove Local Environmental Plan 2009

Part 1 Preliminary

---

### 1.3 Land to which Plan applies

This Plan applies to the land identified on the Land Application Map.

### 1.4 Definitions

The Dictionary at the end of this Plan defines words and expressions for the purposes of this Plan.

### 1.5 Notes

Notes in this Plan are provided for guidance and do not form part of this Plan.

### 1.6 Consent authority

The consent authority for the purposes of this Plan is (subject to the Act) the Council.

### 1.7 Maps

- (1) A reference in this Plan to a named map adopted by this Plan is a reference to a map by that name:
  - (a) approved by the Minister when the map is adopted, and
  - (b) as amended or replaced from time to time by maps declared by environmental planning instruments to amend or replace that map, and approved by the Minister when the instruments are made.
- (2) Any 2 or more named maps may be combined into a single map. In that case, a reference in this Plan to any such named map is a reference to the relevant part or aspect of the single map.
- (3) Any such maps are to be kept and made available for public access in accordance with arrangements approved by the Minister.
- (4) For the purposes of this Plan, a map may be in, and may be kept and made available in, electronic or paper form, or both.

**Note.** The maps adopted by this Plan are to be made available on the official NSW legislation website in connection with this Plan. Requirements relating to the maps are set out in the documents entitled *Standard technical requirements for LEP maps* and *Standard requirements for LEP GIS data* which are available on the Department of Planning's website.

### 1.8 Repeal of other local planning instruments applying to land

- (1) All local environmental plans and deemed environmental planning instruments applying only to the land to which this Plan applies are repealed.

- (2) All local environmental plans and deemed environmental planning instruments applying to the land to which this Plan applies and to other land cease to apply to the land to which this Plan applies.

#### **1.8A Savings provision relating to development applications**

If a development application has been made before the commencement of this Plan in relation to land to which this Plan applies and the application has not been finally determined before that commencement, the application must be determined as if this Plan had not commenced.

#### **1.9 Application of SEPPs and REPs**

- (1) This Plan is subject to the provisions of any State environmental planning policy and any regional environmental plan that prevail over this Plan as provided by section 36 of the Act.

**Note.** Section 36 of the Act generally provides that SEPPs prevail over REPs and LEPs and that REPs prevail over LEPs. However, a LEP may (by an additional provision included in the Plan) displace or amend a SEPP or REP to deal specifically with the relationship between this Plan and the SEPP or REP.

- (2) The following State environmental planning policies and regional environmental plans (or provisions) do not apply to the land to which this Plan applies:

*State Environmental Planning Policy No 1—Development Standards*

*State Environmental Planning Policy No 4—Development Without Consent and Miscellaneous Exempt and Complying Development* (clause 6 and Parts 3 and 4)

*State Environmental Planning Policy No 60—Exempt and Complying Development*

#### **1.9A Suspension of covenants, agreements and instruments**

- (1) For the purpose of enabling development on land in any zone to be carried out in accordance with this Plan or with a development consent granted under the Act, any agreement, covenant or other similar instrument that restricts the carrying out of that development does not apply to the extent necessary to serve that purpose.
- (2) This clause does not apply:
- (a) to a covenant imposed by the Council or that the Council requires to be imposed, or
  - (b) to any prescribed instrument within the meaning of section 183A of the *Crown Lands Act 1989*, or
  - (c) to any conservation agreement within the meaning of the *National Parks and Wildlife Act 1974*, or

## 2010 No 49

Clause 1.9 Lane Cove Local Environmental Plan 2009

Part 1 Preliminary

---

- (d) to any Trust agreement within the meaning of the *Nature Conservation Trust Act 2001*, or
  - (e) to any property vegetation plan within the meaning of the *Native Vegetation Act 2003*, or
  - (f) to any biobanking agreement within the meaning of Part 7A of the *Threatened Species Conservation Act 1995*, or
  - (g) to any planning agreement within the meaning of Division 6 of Part 4 of the Act.
- (3) This clause does not affect the rights or interests of any public authority under any registered instrument.
- (4) Under section 28 of the Act, the Governor, before the making of this clause, approved of subclauses (1)–(3).

---

## Part 2 Permitted or prohibited development

### 2.1 Land use zones

The land use zones under this Plan are as follows:

**Residential Zones**

R2 Low Density Residential

R3 Medium Density Residential

R4 High Density Residential

**Business Zones**

B1 Neighbourhood Centre

B2 Local Centre

B3 Commercial Core

B4 Mixed Use

**Industrial Zones**

IN2 Light Industrial

IN4 Working Waterfront

**Special Purpose Zones**

SP2 Infrastructure

**Recreation Zones**

RE1 Public Recreation

**Environment Protection Zones**

E2 Environmental Conservation

### 2.2 Zoning of land to which Plan applies

For the purposes of this Plan, land is within the zones shown on the Land Zoning Map.

### 2.3 Zone objectives and land use table

- (1) The Table at the end of this Part specifies for each zone:
  - (a) the objectives for development, and
  - (b) development that may be carried out without consent, and
  - (c) development that may be carried out only with consent, and
  - (d) development that is prohibited.
- (2) The consent authority must have regard to the objectives for development in a zone when determining a development application in respect of land within the zone.

## 2010 No 49

Clause 2.4 Lane Cove Local Environmental Plan 2009

Part 2 Permitted or prohibited development

---

- (3) In the Table at the end of this Part:
- (a) a reference to a type of building or other thing is a reference to development for the purposes of that type of building or other thing, and
  - (b) a reference to a type of building or other thing does not include (despite any definition in this Plan) a reference to a type of building or other thing referred to separately in the Table in relation to the same zone.
- (4) This clause is subject to the other provisions of this Plan.

**Notes.**

- 1 Schedule 1 sets out additional permitted uses for particular land.
- 2 Schedule 2 sets out exempt development (which is generally exempt from both Parts 4 and 5 of the Act). Development in the land use table that may be carried out without consent is nevertheless subject to the environmental assessment and approval requirements of Part 5 of the Act or, if applicable, Part 3A of the Act.
- 3 Schedule 3 sets out complying development (for which a complying development certificate may be issued as an alternative to obtaining development consent).
- 4 Clause 2.6 requires consent for subdivision of land.
- 5 Part 5 contains other provisions which require consent for particular development.

### 2.4 Unzoned land

- (1) Development may be carried out on unzoned land only with consent.
- (2) Before granting consent, the consent authority:
  - (a) must consider whether the development will impact on adjoining zoned land and, if so, consider the objectives for development in the zones of the adjoining land, and
  - (b) must be satisfied that the development is appropriate and is compatible with permissible land uses in any such adjoining land.

### 2.5 Additional permitted uses for particular land

- (1) Development on particular land that is described or referred to in Schedule 1 may be carried out:
  - (a) with consent, or
  - (b) if the Schedule so provides—without consent,in accordance with the conditions (if any) specified in that Schedule in relation to that development.
- (2) This clause has effect despite anything to the contrary in the Land Use Table or other provision of this Plan.

**2.6 Subdivision—consent requirements**

- (1) Land to which this Plan applies may be subdivided, but only with consent.
- (2) However, consent is not required for a subdivision for the purpose only of any one or more of the following:
  - (a) widening a public road,
  - (b) a minor realignment of boundaries that does not create:
    - (i) additional lots or the opportunity for additional dwellings, or
    - (ii) lots that are smaller than the minimum size shown on the Lot Size Map in relation to the land concerned,
  - (c) a consolidation of lots that does not create additional lots or the opportunity for additional dwellings,
  - (d) rectifying an encroachment on a lot,
  - (e) creating a public reserve,
  - (f) excising from a lot land that is, or is intended to be, used for public purposes, including drainage purposes, rural fire brigade or other emergency service purposes or public toilets.

**Note.** If a subdivision is exempt development, the Act enables the subdivision to be carried out without consent.

**2.6A Demolition requires consent**

The demolition of a building or work may be carried out only with consent.

**Note.** If the demolition of a building or work is identified in *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* as exempt development, the Act enables it to be carried out without consent.

**2.6B Temporary use of land**

- (1) The objective of this clause is to provide for the temporary use of land if the use does not compromise future development of the land, or have detrimental economic, social, amenity or environmental effects on the land.
- (2) Despite any other provision of this Plan, development consent may be granted for development on land in any zone for a temporary purpose for a maximum period of 12 days (whether or not consecutive days) in any period of 12 months.

## 2010 No 49

Clause 2.6 Lane Cove Local Environmental Plan 2009

Part 2 Land Use Table

---

- (3) Development consent must not be granted unless the consent authority is satisfied that:
- (a) the temporary use will not prejudice the subsequent carrying out of development on the land in accordance with this Plan and any other applicable environmental planning instrument, and
  - (b) the temporary use will not adversely impact on any adjoining land or the amenity of the neighbourhood, and
  - (c) the temporary use and location of any structures related to the use will not adversely impact on environmental attributes or features of the land, or increase the risk of natural hazards that may affect the land, and
  - (d) at the end of the temporary use period the site will, as far as is practicable, be restored to the condition in which it was before the commencement of the use.

### Land Use Table

**Note.** Development of a type referred to in an item of the Land Use Table is a reference to development of that type that is not already regulated by a State Environmental Planning Policy, in particular the following:

*State Environmental Planning Policy No 33—Hazardous and Offensive Development*

*State Environmental Planning Policy No 64—Advertising and Signage*

*State Environmental Planning Policy (Housing for Seniors or People with a Disability) 2004*

*State Environmental Planning Policy (Infrastructure) 2007*

*State Environmental Planning Policy (Mining, Petroleum Production and Extractive Industries) 2007*

*State Environmental Planning Policy (Rural Lands) 2008*

*State Environmental Planning Policy (Affordable Rental Housing) 2009*

### Zone R2 Low Density Residential

#### 1 Objectives of zone

- To provide for the housing needs of the community within a low density residential environment.
- To enable other land uses that provide facilities or services to meet the day to day needs of residents.
- To retain, and where appropriate improve, the existing residential amenity of a detached single family dwelling area.
- To encourage new dwelling houses or extensions of existing dwelling houses that are not highly visible when viewed from the Lane Cove River or Parramatta River.

## Part 3 Exempt and complying development

### 3.1 Exempt development

**Note.** Under section 76 of the Act, exempt development may be carried out without the need for development consent under Part 4 of the Act or for assessment under Part 5 of the Act.

The section states that exempt development:

- (a) must be of minimal environmental impact, and
  - (b) cannot be carried out in critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), and
  - (c) cannot be carried out in a wilderness area (identified under the *Wilderness Act 1987*).
- (1) The objective of this clause is to identify development of minimal environmental impact as exempt development.
  - (2) Development specified in Schedule 2 that meets the standards for the development contained in that Schedule and that complies with the requirements of this Part is exempt development.
  - (3) To be exempt development, the development:
    - (a) must meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
    - (b) must not, if it relates to an existing building, cause the building to contravene the *Building Code of Australia*, and
    - (c) must not be designated development, and
    - (d) must not be carried out on land that comprises, or on which there is, an item that is listed on the State Heritage Register under the *Heritage Act 1977* or that is subject to an interim heritage order under the *Heritage Act 1977*, and
    - (e) must not be carried out in an environmentally sensitive area for exempt or complying development (as defined in clause 3.3).
  - (4) Development that relates to an existing building that is classified under the *Building Code of Australia* as class 1b or class 2–9 is exempt development only if:
    - (a) the building has a current fire safety certificate or fire safety statement, or
    - (b) no fire safety measures are currently implemented, required or proposed for the building.
  - (4A) A heading to an item in Schedule 2 is part of that Schedule.

## 2010 No 49

Clause 3.2 Lane Cove Local Environmental Plan 2009

Part 3 Exempt and complying development

---

### 3.2 Complying development

**Note.** Under section 76A of the Act, development consent for the carrying out of complying development may be obtained by the issue of a complying development certificate.

The section states that development cannot be complying development if:

- (a) it is on land that is critical habitat of an endangered species, population or ecological community (identified under the *Threatened Species Conservation Act 1995* or the *Fisheries Management Act 1994*), or
  - (b) it is on land within a wilderness area (identified under the *Wilderness Act 1987*), or
  - (c) the development is designated development, or
  - (d) the development is on land that comprises, or on which there is, an item of environmental heritage (that is listed on the State Heritage Register or in Schedule 5 to this Plan or that is subject to an interim heritage order under the *Heritage Act 1977*), or
  - (e) the development requires concurrence (except a concurrence of the Director-General of the Department of Environment, Climate Change and Water in respect of development that is likely to significantly affect a threatened species, population, or ecological community, or its habitat (identified under the *Threatened Species Conservation Act 1995*), or
  - (f) the development is on land identified as an environmentally sensitive area.
- (1) The objective of this clause is to identify development as complying development.
  - (2) Development specified in Part 1 of Schedule 3 that is carried out in compliance with:
    - (a) the development standards specified in relation to that development, and
    - (b) the requirements of this Part,is complying development.

**Note.** See also clause 5.8 (3) which provides that the conversion of fire alarms is complying development in certain circumstances.
  - (3) To be complying development, the development must:
    - (a) be permissible, with consent, in the zone in which it is carried out, and
    - (b) meet the relevant deemed-to-satisfy provisions of the *Building Code of Australia*, and
    - (c) have an approval, if required by the *Local Government Act 1993*, from the Council for an on-site effluent disposal system if the development is undertaken on unsewered land.
  - (4) A complying development certificate for development specified in Part 1 of Schedule 3 is subject to the conditions (if any) set out in Part 2 of that Schedule.

- (4A) A heading to an item in Schedule 3 is part of that Schedule.

### 3.3 Environmentally sensitive areas excluded

- (1) Exempt or complying development must not be carried out on any environmentally sensitive area for exempt or complying development.
- (2) For the purposes of this clause:  
*environmentally sensitive area for exempt or complying development* means any of the following:
  - (a) the coastal waters of the State,
  - (b) a coastal lake,
  - (c) land to which *State Environmental Planning Policy No 14—Coastal Wetlands* or *State Environmental Planning Policy No 26—Littoral Rainforests* applies,
  - (d) land reserved as an aquatic reserve under the *Fisheries Management Act 1994* or as a marine park under the *Marine Parks Act 1997*,
  - (e) land within a wetland of international significance declared under the Ramsar Convention on Wetlands or within a World heritage area declared under the World Heritage Convention,
  - (f) land within 100 metres of land to which paragraph (c), (d) or (e) applies,
  - (g) land identified in this or any other environmental planning instrument as being of high Aboriginal cultural significance or high biodiversity significance,
  - (h) land reserved as a state conservation area under the *National Parks and Wildlife Act 1974*,
  - (i) land reserved or dedicated under the *Crown Lands Act 1989* for the preservation of flora, fauna, geological formations or for other environmental protection purposes,
  - (j) land identified as being critical habitat under the *Threatened Species Conservation Act 1995* or Part 7A of the *Fisheries Management Act 1994*.

## **2010 No 49**

Clause 4.1 Lane Cove Local Environmental Plan 2009

Part 4 Principal development standards

---

### **Part 4 Principal development standards**

#### **4.1 Minimum subdivision lot size**

- (1) The objectives of this clause are as follows:
  - (a) to promote consistent subdivision and development patterns in zones.
- (2) This clause applies to a subdivision of any land shown on the Lot Size Map that requires development consent and that is carried out after the commencement of this Plan.
- (3) The size of any lot resulting from a subdivision of land to which this clause applies is not to be less than the minimum size shown on the Lot Size Map in relation to that land.
- (4) This clause does not apply in relation to the subdivision of individual lots in a strata plan or community title scheme.
- (4A) Despite subclause (3), the size of a lot for the purposes of a dual occupancy must not be less than:
  - (a) for dual occupancy (attached)—750 square metres, and
  - (b) for dual occupancy (detached)—900 square metres.

#### **4.2 Rural subdivision**

Not applicable.

#### **4.3 Height of buildings**

- (1) The objectives of this clause are as follows:
  - (a) to minimise any overshadowing, loss of privacy and visual impacts of development on neighbouring properties, particularly where zones meet, and
  - (b) to maximise sunlight for the public domain, and
  - (c) to relate development to topography.
- (2) The height of a building on any land is not to exceed the maximum height shown for the land on the Height of Buildings Map.
- (2A) Despite subclause (2), the maximum height for multi dwelling housing on land in Zone R2 Low Density Residential is 5 metres.

#### **4.4 Floor space ratio**

- (1) The objectives of this clause are as follows:
  - (a) to ensure that the bulk and scale of development is compatible with the character of the locality.

- 
- (2) The maximum floor space ratio for a building on any land is not to exceed the floor space ratio shown for the land on the Floor Space Ratio Map.
- (2A) Despite subclause (2):
- (a) the maximum floor space ratio for multi dwelling housing on land in Area 1 on the Floor Space Ratio Map is 0.4:1, and
  - (b) the maximum floor space ratio for a building containing shop top housing on land in Area 2 on the Floor Space Ratio Map is 2.5:1.

#### 4.5 Calculation of floor space ratio and site area

##### (1) Objectives

The objectives of this clause are as follows:

- (a) to define *floor space ratio*,
- (b) to set out rules for the calculation of the site area of development for the purpose of applying permitted floor space ratios, including rules to:
  - (i) prevent the inclusion in the site area of an area that has no significant development being carried out on it, and
  - (ii) prevent the inclusion in the site area of an area that has already been included as part of a site area to maximise floor space area in another building, and
  - (iii) require community land and public places to be dealt with separately.

##### (2) Definition of “floor space ratio”

The *floor space ratio* of buildings on a site is the ratio of the gross floor area of all buildings within the site to the site area.

##### (3) Site area

In determining the site area of proposed development for the purpose of applying a floor space ratio, the *site area* is taken to be:

- (a) if the proposed development is to be carried out on only one lot, the area of that lot, or
- (b) if the proposed development is to be carried out on 2 or more lots, the area of any lot on which the development is proposed to be carried out that has at least one common boundary with another lot on which the development is being carried out.

In addition, subclauses (4)–(7) apply to the calculation of site area for the purposes of applying a floor space ratio to proposed development.

## 2010 No 49

Clause 4.5 Lane Cove Local Environmental Plan 2009

Part 4 Principal development standards

---

(4) **Exclusions from site area**

The following land must be excluded from the site area:

- (a) land on which the proposed development is prohibited, whether under this Plan or any other law,
- (b) community land or a public place (except as provided by subclause (7)).

(5) **Strata subdivisions**

The area of a lot that is wholly or partly on top of another or others in a strata subdivision is to be included in the calculation of the site area only to the extent that it does not overlap with another lot already included in the site area calculation.

(6) **Only significant development to be included**

The site area for proposed development must not include a lot additional to a lot or lots on which the development is being carried out unless the proposed development includes significant development on that additional lot.

(7) **Certain public land to be separately considered**

For the purpose of applying a floor space ratio to any proposed development on, above or below community land or a public place, the site area must only include an area that is on, above or below that community land or public place, and is occupied or physically affected by the proposed development, and may not include any other area on which the proposed development is to be carried out.

(8) **Existing buildings**

The gross floor area of any existing or proposed buildings within the vertical projection (above or below ground) of the boundaries of a site is to be included in the calculation of the total floor space for the purposes of applying a floor space ratio, whether or not the proposed development relates to all of the buildings.

(9) **Covenants to prevent “double dipping”**

When consent is granted to development on a site comprised of 2 or more lots, a condition of the consent may require a covenant to be registered that prevents the creation of floor area on a lot (the restricted lot) if the consent authority is satisfied that an equivalent quantity of floor area will be created on another lot only because the site included the restricted lot.

**(10) Covenants affect consolidated sites**

If:

- (a) a covenant of the kind referred to in subclause (9) applies to any land (*affected land*), and
- (b) proposed development relates to the affected land and other land that together comprise the site of the proposed development, the maximum amount of floor area allowed on the other land by the floor space ratio fixed for the site by this Plan is reduced by the quantity of floor space area the covenant prevents being created on the affected land.

**(11) Definition**

In this clause, *public place* has the same meaning as it has in the *Local Government Act 1993*.

**4.6 Exceptions to development standards**

- (1) The objectives of this clause are:
  - (a) to provide an appropriate degree of flexibility in applying certain development standards to particular development, and
  - (b) to achieve better outcomes for and from development by allowing flexibility in particular circumstances.
- (2) Consent may, subject to this clause, be granted for development even though the development would contravene a development standard imposed by this or any other environmental planning instrument. However, this clause does not apply to a development standard that is expressly excluded from the operation of this clause.
- (3) Consent must not be granted for development that contravenes a development standard unless the consent authority has considered a written request from the applicant that seeks to justify the contravention of the development standard by demonstrating:
  - (a) that compliance with the development standard is unreasonable or unnecessary in the circumstances of the case, and
  - (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (4) Consent must not be granted for development that contravenes a development standard unless:
  - (a) the consent authority is satisfied that:
    - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (3), and

## 2010 No 49

Clause 4.6 Lane Cove Local Environmental Plan 2009

Part 4 Principal development standards

---

- (ii) the proposed development will be in the public interest because it is consistent with the objectives of the particular standard and the objectives for development within the zone in which the development is proposed to be carried out, and
  - (b) the concurrence of the Director-General has been obtained.
- (5) In deciding whether to grant concurrence, the Director-General must consider:
  - (a) whether contravention of the development standard raises any matter of significance for State or regional environmental planning, and
  - (b) the public benefit of maintaining the development standard, and
  - (c) any other matters required to be taken into consideration by the Director-General before granting concurrence.
- (6) Consent must not be granted under this clause for a subdivision of land in Zone RU1, RU2, RU3, RU4, RU6, R5, E2, E3 or E4 if:
  - (a) the subdivision will result in 2 or more lots of less than the minimum area specified for such lots by a development standard, or
  - (b) the subdivision will result in at least one lot that is less than 90% of the minimum area specified for such a lot by a development standard.
- (7) After determining a development application made pursuant to this clause, the consent authority must keep a record of its assessment of the factors required to be addressed in the applicant's written request referred to in subclause (3).
- (8) This clause does not allow consent to be granted for development that would contravene any of the following:
  - (a) a development standard for complying development,
  - (b) a development standard that arises, under the regulations under the Act, in connection with a commitment set out in a BASIX certificate for a building to which *State Environmental Planning Policy (Building Sustainability Index: BASIX) 2004* applies or for the land on which such a building is situated,
  - (c) clause 5.4.

## Part 5 Miscellaneous provisions

### 5.1 Land acquisition within certain zones

- (1) The objective of this clause is to identify, for the purposes of section 27 of the Act, the authority of the State that will be the relevant authority to acquire land reserved for certain public purposes if the land is required to be acquired under Division 3 of Part 2 of the *Land Acquisition (Just Terms Compensation) Act 1991* (**the owner-initiated acquisition provisions**).

**Note.** If the landholder will suffer hardship if there is any delay in the land being acquired by the relevant authority, section 23 of the *Land Acquisition (Just Terms Compensation) Act 1991* requires the authority to acquire the land.

- (2) The authority of the State that will be the relevant authority to acquire land, if the land is required to be acquired under the owner-initiated acquisition provisions, is the authority of the State specified below in relation to the land shown on the Land Reservation Acquisition Map (or, if an authority of the State is not specified in relation to land required to be so acquired, the authority designated or determined under those provisions).

Type of land shown on Map	Authority of the State
Zone RE1 Public Recreation and marked "Local open space"	Council
Zone RE1 Public Recreation and marked "Regional open space"	The corporation constituted under section 8 of the Act
Zone SP2 Infrastructure and marked "Classified road"	Roads and Traffic Authority
Zone E1 National Parks and Nature Reserves and marked "National Park"	Minister administering the <i>National Parks and Wildlife Act 1974</i>
Zone E2 Environmental Conservation and marked "Local open space"	Council
Zone E2 Environmental Conservation and marked "Regional open space"	The corporation constituted under section 8 of the Act

- (3) Development on land acquired by an authority of the State under the owner-initiated acquisition provisions may, before it is used for the purpose for which it is reserved, be carried out, with development consent, for any purpose.

## 2010 No 49

Clause 5.2 Lane Cove Local Environmental Plan 2009

Part 5 Miscellaneous provisions

### 5.2 Classification and reclassification of public land

- (1) The objective of this clause is to enable the Council to classify or reclassify public land as “operational land” or “community land” in accordance with Part 2 of Chapter 6 of the *Local Government Act 1993*.

**Note.** Under the *Local Government Act 1993*, “public land” is generally land vested in or under the control of a council (other than roads, Crown reserves and commons). The classification or reclassification of public land may also be made by a resolution of the Council under section 31, 32 or 33 of the *Local Government Act 1993*. Section 30 of that Act enables this Plan to discharge trusts on which public reserves are held if the land is reclassified under this Plan as operational land.

- (2) The public land described in Part 1 or Part 2 of Schedule 4 is classified, or reclassified, as operational land for the purposes of the *Local Government Act 1993*.
- (3) The public land described in Part 3 of Schedule 4 is classified, or reclassified, as community land for the purposes of the *Local Government Act 1993*.
- (4) The public land described in Part 1 of Schedule 4:
- (a) does not cease to be a public reserve to the extent (if any) that it is a public reserve, and
  - (b) continues to be affected by any trusts, estates, interests, dedications, conditions, restrictions or covenants that affected the land before its classification, or reclassification, as operational land.
- (5) The public land described in Part 2 of Schedule 4, to the extent (if any) that it is a public reserve, ceases to be a public reserve when the description of the land is inserted into that Part and is discharged from all trusts, estates, interests, dedications, conditions, restrictions and covenants affecting the land or any part of the land, except:
- (a) those (if any) specified for the land in Column 3 of Part 2 of Schedule 4, and
  - (b) any reservations that except land out of the Crown grant relating to the land, and
  - (c) reservations of minerals (within the meaning of the *Crown Lands Act 1989*).

**Note.** In accordance with section 30 (2) of the *Local Government Act 1993*, the approval of the Governor to subclause (5) applying to the public land concerned is required before the description of the land is inserted in Part 2 of Schedule 4.

### 5.3 Development near zone boundaries

Not adopted

---

**5.4 Controls relating to miscellaneous permissible uses****(1) Bed and breakfast accommodation**

If development for the purposes of bed and breakfast accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

**(2) Home businesses**

If development for the purposes of a home business is permitted under this Plan, the carrying on of the business must not involve the use of more than 30 square metres of floor area.

**(3) Home industries**

If development for the purposes of a home industry is permitted under this Plan, the carrying on of the home industry must not involve the use of more than 30 square metres of floor area.

**(4) Industrial retail outlets**

If development for the purposes of an industrial retail outlet is permitted under this Plan, the retail floor area must not exceed:

- (a) 1% of the combined gross floor area of the industrial retail outlet and the building or place on which the relevant industry is carried out, or
  - (b) 400 square metres,
- whichever is the lesser.

**(5) Farm stay accommodation**

If development for the purposes of farm stay accommodation is permitted under this Plan, the accommodation that is provided to guests must consist of no more than 3 bedrooms.

**(6) Kiosks**

If development for the purposes of a kiosk is permitted under this Plan, the gross floor area must not exceed 20 square metres.

**(7) Neighbourhood shops**

If development for the purposes of a neighbourhood shop is permitted under this Plan, the retail floor area must not exceed:

- (a) if the property fronts a local road—300 square metres, and
- (b) if the property fronts any other road—400 square metres.

**(8) Roadside stalls**

If development for the purposes of a roadside stall is permitted under this Plan, the gross floor area must not exceed 8 square metres.

## 2010 No 49

Clause 5.5 Lane Cove Local Environmental Plan 2009

Part 5 Miscellaneous provisions

---

### (9) **Secondary dwellings**

If development for the purposes of a secondary dwelling is permitted under this Plan, the total floor area of the dwelling (excluding any area used for parking) must not exceed whichever of the following is the greater:

- (a) 60 square metres,
- (b) 50% of the total floor area of both the self-contained dwelling and the principal dwelling.

### **5.5 Development within the coastal zone**

Not applicable

### **5.6 Architectural roof features**

- (1) The objectives of this clause are:
  - (a) to facilitate innovative design without significant impact on local amenity.
- (2) Development that includes an architectural roof feature that exceeds, or causes a building to exceed, the height limits set by clause 4.3 may be carried out, but only with consent.
- (3) Development consent must not be granted to any such development unless the consent authority is satisfied that:
  - (a) the architectural roof feature:
    - (i) comprises a decorative element on the uppermost portion of a building, and
    - (ii) is not an advertising structure, and
    - (iii) does not include floor space area and is not reasonably capable of modification to include floor space area, and
    - (iv) will cause minimal overshadowing, and
  - (b) any building identification signage or equipment for servicing the building (such as plant, lift motor rooms, fire stairs and the like) contained in or supported by the roof feature is fully integrated into the design of the roof feature.

### **5.7 Development below mean high water mark**

- (1) The objective of this clause is to ensure appropriate environmental assessment for development carried out on land covered by tidal waters.
- (2) Development consent is required to carry out development on any land below the mean high water mark of any body of water subject to tidal influence (including the bed of any such water).

**5.8 Conversion of fire alarms**

- (1) This clause applies to a fire alarm system that can be monitored by New South Wales Fire Brigades or by a private service provider.
- (2) The following development may be carried out, but only with consent:
  - (a) converting a fire alarm system from connection with the alarm monitoring system of New South Wales Fire Brigades to connection with the alarm monitoring system of a private service provider,
  - (b) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with the alarm monitoring system of another private service provider,
  - (c) converting a fire alarm system from connection with the alarm monitoring system of a private service provider to connection with a different alarm monitoring system of the same private service provider.
- (3) Development to which subclause (2) applies is complying development if it consists only of:
  - (a) internal alterations to a building, or
  - (b) internal alterations to a building together with the mounting of an antenna, and any support structure, on an external wall or roof of a building so as to occupy a space of not more than 450mm × 100mm × 100mm.
- (4) A complying development certificate for any such complying development is subject to a condition that any building work may only be carried out between 7 am and 6 pm on Monday to Friday and between 7 am and 5 pm on Saturday, and must not be carried out on a Sunday or a public holiday.
- (5) In this clause:

***private service provider*** means a person or body that has entered into an agreement with New South Wales Fire Brigades to monitor fire alarm systems.

**5.9 Preservation of trees or vegetation**

- (1) The objective of this clause is to preserve the amenity of the area through the preservation of trees and other vegetation.

## 2010 No 49

Clause 5.9 Lane Cove Local Environmental Plan 2009

Part 5 Miscellaneous provisions

---

- (2) This clause applies to species or kinds of trees or other vegetation that are prescribed for the purposes of this clause by a development control plan made by the Council.

**Note.** A development control plan may prescribe the trees or other vegetation to which this clause applies by reference to species, size, location or other manner.

- (3) A person must not ringbark, cut down, top, lop, remove, injure or wilfully destroy any tree or other vegetation to which any such development control plan applies without the authority conferred by:

- (a) development consent, or
- (b) a permit granted by the Council.

- (4) The refusal by the Council to grant a permit to a person who has duly applied for the grant of the permit is taken for the purposes of the Act to be a refusal by the Council to grant consent for the carrying out of the activity for which a permit was sought.

- (5) This clause does not apply to a tree or other vegetation that the Council is satisfied is dying or dead and is not required as the habitat of native fauna.

- (6) This clause does not apply to a tree or other vegetation that the Council is satisfied is a risk to human life or property.

- (7) A permit under this clause cannot allow any ringbarking, cutting down, topping, lopping, removal, injuring or destruction of a tree or other vegetation:

- (a) that is or forms part of a heritage item, or
- (b) that is within a heritage conservation area.

**Note.** As a consequence of this subclause, the activities concerned will require development consent. The heritage provisions of clause 5.10 will be applicable to any such consent.

- (8) This clause does not apply to or in respect of:

- (a) the clearing of native vegetation that is authorised by a development consent or property vegetation plan under the *Native Vegetation Act 2003* or that is otherwise permitted under Division 2 or 3 of Part 3 of that Act, or
- (b) the clearing of vegetation on State protected land (within the meaning of clause 4 of Schedule 3 to the *Native Vegetation Act 2003*) that is authorised by a development consent under the provisions of the *Native Vegetation Conservation Act 1997* as continued in force by that clause, or
- (c) trees or other vegetation within a State forest, or land reserved from sale as a timber or forest reserve under the *Forestry Act 1916*, or

- (d) action required or authorised to be done by or under the *Electricity Supply Act 1995*, the *Roads Act 1993* or the *Surveying Act 2002*, or
- (e) plants declared to be noxious weeds under the *Noxious Weeds Act 1993*.

#### 5.10 Heritage conservation

**Note.** Heritage items, heritage conservation areas and archaeological sites (if any) are shown on the Heritage Map. The location and nature of any such item, area or site is also described in Schedule 5.

##### (1) Objectives

The objectives of this clause are:

- (a) to conserve the environmental heritage of Lane Cove, and
- (b) to conserve the heritage significance of heritage items and heritage conservation areas including associated fabric, settings and views, and
- (c) to conserve archaeological sites, and
- (d) to conserve places of Aboriginal heritage significance.

##### (2) Requirement for consent

Development consent is required for any of the following:

- (a) demolishing or moving a heritage item or a building, work, relic or tree within a heritage conservation area,
- (b) altering a heritage item or a building, work, relic, tree or place within a heritage conservation area, including (in the case of a building) making changes to the detail, fabric, finish or appearance of its exterior,
- (c) altering a heritage item that is a building by making structural changes to its interior,
- (d) disturbing or excavating an archaeological site while knowing, or having reasonable cause to suspect, that the disturbance or excavation will or is likely to result in a relic being discovered, exposed, moved, damaged or destroyed,
- (e) disturbing or excavating a heritage conservation area that is a place of Aboriginal heritage significance,
- (f) erecting a building on land on which a heritage item is located or that is within a heritage conservation area,
- (g) subdividing land on which a heritage item is located or that is within a heritage conservation area.

## 2010 No 49

Clause 5.10 Lane Cove Local Environmental Plan 2009

Part 5 Miscellaneous provisions

---

### (3) **When consent not required**

However, consent under this clause is not required if:

- (a) the applicant has notified the consent authority of the proposed development and the consent authority has advised the applicant in writing before any work is carried out that it is satisfied that the proposed development:
  - (i) is of a minor nature, or is for the maintenance of the heritage item, archaeological site, or a building, work, relic, tree or place within a heritage conservation area, and
  - (ii) would not adversely affect the significance of the heritage item, archaeological site or heritage conservation area, or
- (b) the development is in a cemetery or burial ground and the proposed development:
  - (i) is the creation of a new grave or monument, or excavation or disturbance of land for the purpose of conserving or repairing monuments or grave markers, and
  - (ii) would not cause disturbance to human remains, relics, Aboriginal objects in the form of grave goods, or to a place of Aboriginal heritage significance, or
- (c) the development is limited to the removal of a tree or other vegetation that the Council is satisfied is a risk to human life or property, or
- (d) the development is exempt development.

### (4) **Effect on heritage significance**

The consent authority must, before granting consent under this clause, consider the effect of the proposed development on the heritage significance of the heritage item or heritage conservation area concerned. This subclause applies regardless of whether a heritage impact statement is prepared under subclause (5) or a heritage conservation management plan is submitted under subclause (6).

### (5) **Heritage impact assessment**

The consent authority may, before granting consent to any development on land:

- (a) on which a heritage item is situated, or
  - (b) within a heritage conservation area, or
  - (c) within the vicinity of land referred to in paragraph (a) or (b),
- require a heritage impact statement to be prepared that assesses the extent to which the carrying out of the proposed development would

affect the heritage significance of the heritage item or heritage conservation area concerned.

(6) **Heritage conservation management plans**

The consent authority may require, after considering the significance of a heritage item and the extent of change proposed to it, the submission of a heritage conservation management plan before granting consent under this clause.

(7) **Archaeological sites**

The consent authority must, before granting consent under this clause to the carrying out of development on an archaeological site (other than land listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council of its intention to grant consent, and
- (b) take into consideration any response received from the Heritage Council within 28 days after the notice is sent.

(8) **Places of Aboriginal heritage significance**

The consent authority must, before granting consent under this clause to the carrying out of development in a place of Aboriginal heritage significance:

- (a) consider the effect of the proposed development on the heritage significance of the place and any Aboriginal object known or reasonably likely to be located at the place, and
- (b) notify the local Aboriginal communities (in such way as it thinks appropriate) about the application and take into consideration any response received within 28 days after the notice is sent.

(9) **Demolition of item of State significance**

The consent authority must, before granting consent for the demolition of a heritage item identified in Schedule 5 as being of State significance (other than an item listed on the State Heritage Register or to which an interim heritage order under the *Heritage Act 1977* applies):

- (a) notify the Heritage Council about the application, and
- (b) take into consideration any response from the Heritage Council received within 28 days after the notice is sent.

(10) **Conservation incentives**

The consent authority may grant consent to development for any purpose of a building that is a heritage item, or of the land on which such a building is erected, even though development for that purpose would

otherwise not be allowed by this Plan, if the consent authority is satisfied that:

- (a) the conservation of the heritage item is facilitated by the granting of consent, and
- (b) the proposed development is in accordance with a heritage conservation management plan that has been approved by the consent authority, and
- (c) the consent to the proposed development would require that all necessary conservation work identified in the heritage conservation management plan is carried out, and
- (d) the proposed development would not adversely affect the heritage significance of the heritage item, including its setting, and
- (e) the proposed development would not have any significant adverse effect on the amenity of the surrounding area.

### 5.11 Bush fire hazard reduction

Bush fire hazard reduction work authorised by the *Rural Fires Act 1997* may be carried out on any land without consent.

**Note.** The *Rural Fires Act 1997* also makes provision relating to the carrying out of development on bush fire prone land.

### 5.12 Infrastructure development and use of existing buildings of the Crown

- (1) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the carrying out of any development, by or on behalf of a public authority, that is permitted to be carried out without consent under the *State Environmental Planning Policy (Infrastructure) 2007*.
- (2) This Plan does not restrict or prohibit, or enable the restriction or prohibition of, the use of existing buildings of the Crown by the Crown.

## Part 6 Additional local provisions

### 6.1 Acid sulfate soils

- (1) The objective of this clause is to ensure that development does not disturb, expose or drain acid sulfate soils and cause environmental damage.
- (2) Development consent is required for the carrying out of works described in the Table to this subclause on land shown on the Acid Sulfate Soils Map as being of the class specified for those works.

Class of land	Works
1	Any works.
2	Works below the natural ground surface. Works by which the watertable is likely to be lowered.
3	Works more than 1 metre below the natural ground surface. Works by which the watertable is likely to be lowered more than 1 metre below the natural ground surface.
4	Works more than 2 metres below the natural ground surface. Works by which the watertable is likely to be lowered more than 2 metres below the natural ground surface.
5	Works within 500 metres of adjacent Class 1, 2, 3 or 4 land that is below 5 metres Australian Height Datum and by which the watertable is likely to be lowered below 1 metre Australian Height Datum on adjacent Class 1, 2, 3 or 4 land.

- (3) Development consent must not be granted under this clause for the carrying out of works unless an acid sulfate soils management plan has been prepared for the proposed works in accordance with the *Acid Sulfate Soils Manual* and has been provided to the consent authority.
- (4) Despite subclause (2), development consent is not required under this clause for the carrying out of works if:
  - (a) a preliminary assessment of the proposed works prepared in accordance with the *Acid Sulfate Soils Manual* indicates that an

- acid sulfate soils management plan is not required for the works,  
and
- (b) the preliminary assessment has been provided to the consent authority and the consent authority has confirmed the assessment by notice in writing to the person proposing to carry out the works.
- (5) Despite subclause (2), development consent is not required under this clause for the carrying out of any of the following works by a public authority (including ancillary work such as excavation, construction of access ways or the supply of power):
- (a) emergency work, being the repair or replacement of the works of the public authority that is required to be carried out urgently because the works have been damaged, have ceased to function or pose a risk to the environment or to public health and safety,
  - (b) routine maintenance work, being the periodic inspection, cleaning, repair or replacement of the works of the public authority (other than work that involves the disturbance of more than 1 tonne of soil),
  - (c) minor work, being work that costs less than \$20,000 (other than drainage work).
- (6) Despite subclause (2), development consent is not required under this clause to carry out any works if:
- (a) the works involve the disturbance of less than 1 tonne of soil, such as occurs in carrying out agriculture, the construction or maintenance of drains, extractive industries, dredging, the construction of artificial water bodies (including canals, dams and detention basins) or foundations, or flood mitigation works, or
  - (b) the works are not likely to lower the watertable.

### 6.2 Foreshore building line

- (1) The objective of this clause is to ensure that development in the foreshore area will not impact on natural foreshore processes or affect the significance and amenity of the area.
- (2) Development consent must not be granted for development on land in the foreshore area except for the following purposes:
  - (a) the extension, alteration or rebuilding of an existing building wholly or partly in the foreshore area,
  - (b) the erection of a building in the foreshore area, if the levels, depth or other exceptional features of the site make it appropriate to do so,

- (c) development for the purposes of boat sheds, sea retaining walls, wharves, slipways, jetties, waterway access stairs, swimming pools, fences, cycleways, walking trails, picnic facilities or other recreation facilities (outdoors).
- (3) Development consent must not be granted under subclause (2) unless the consent authority is satisfied that:
  - (a) the development will contribute to achieving the objectives for the zone in which the land is located, and
  - (b) the appearance of any proposed structure, from both the waterway and adjacent foreshore areas, will be compatible with the surrounding area, and
  - (c) the development will not cause environmental harm such as:
    - (i) pollution or siltation of the waterway, or
    - (ii) an adverse effect on surrounding uses, marine habitat, wetland areas, flora or fauna habitats, or
    - (iii) an adverse effect on drainage patterns, and
  - (d) the development will not cause congestion of, or generate conflicts between, people using open space areas or the waterway, and
  - (e) opportunities to provide continuous public access along the foreshore and to the waterway will not be compromised, and
  - (f) any historic, scientific, cultural, social, archaeological, architectural, natural or aesthetic significance of the land on which the development is to be carried out and of surrounding land will be maintained, and
  - (g) in the case of development for the alteration or rebuilding of an existing building wholly or partly in the foreshore area, the alteration or rebuilding will not have an adverse impact on the amenity or aesthetic appearance of the foreshore, and
  - (h) sea level rise and change of flooding patterns as a result of climate change have been considered.

**6.3 Riparian land**

- (1) The objective of this clause is to ensure that development does not adversely impact on riparian land.
- (2) This clause applies to land shown as “riparian land” on the Riparian Land Map.
- (3) Despite any other provision of this Plan, development consent must not be granted for development on land to which this clause applies unless the consent authority has considered the impact of the proposed

development on the land and any opportunities for rehabilitation of aquatic and riparian vegetation and habitat on that land.

### **6.4 Environmental protection land**

- (1) This clause applies to land shown as “environmental protection land” on the Environmental Protection Land Map.
- (2) Despite any other provision of this Plan, development consent must not be granted for development on land to which this clause applies unless the consent authority has considered the impact of the proposed development on the vegetation, topography and distinctive features of the land.

### **6.5 Sex services premises**

Development consent must not be granted to the carrying out of development for the purpose of sex services premises unless the consent authority is satisfied that:

- (a) for sex services premises permitted on land in Zone B3 Commercial Core under Schedule 1—the only access to the premises is from the Pacific Highway, and
- (b) for sex services premises permitted on land in Zone IN2 Light Industrial—the premises are located more than 100 metres from any school.

## **Schedule 1 Additional permitted uses**

(Clause 2.5)

### **1 Use of certain land at 1A Epping Road, Lane Cove**

- (1) This clause applies to land at 1A Epping Road, Lane Cove, being Lot 10, DP 866978 and Lots 40–42, DP 1055894.
- (2) Development for the purpose of a vehicle sales or hire premises is permitted with consent.

### **2 Use of certain land along the Pacific Highway between Bellevue Avenue and Oxley Street, St Leonards**

- (1) This clause applies to all land along the Pacific Highway between Bellevue Avenue and Oxley Street, St Leonards in Zone B3 Commercial Core.
- (2) Development for the purpose of sex services premises is permitted with consent.

## Schedule 2 Exempt development

(Clause 3.1)

**Note 1.** *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* specifies exempt development under that Policy. The Policy has State-wide application. This Schedule contains additional exempt development not specified in that Policy.

**Note 2.** Exempt development may be carried out without the need for development consent under the Act. Such development is not exempt from any approval, licence, permit or authority that is required under any other Act and adjoining owners' property rights and the common law still apply.

### Filming

- (1) **Note.** Provision repealed under the *Standard Instrument (Local Environmental Plans) Order 2006*.
- (2) May only be carried out on land:
  - (a) on which there is a heritage item, or
  - (b) within a heritage conservation area, or
  - (c) identified in clause 3.3 as an environmentally sensitive area for exempt development,if the filming does not involve or result in any of the following:
  - (d) any changes or additions that are not merely superficial and temporary to any part of a heritage item, a heritage conservation area or an environmentally sensitive area,
  - (e) the mounting or fixing of any object or article on any part of such an item or area (including any building or structure),
  - (f) the movement, parking or standing of any vehicle or equipment on or over any part of such an item or area that is not specifically designed for the movement, parking or standing of a vehicle or equipment on or over it,
  - (g) any changes to the vegetation on, or level of, such an item or area or any changes to any other natural or physical feature of the item or area.
- (3) Must not create significant interference with the neighbourhood.
- (4) The person carrying out the filming must obtain a policy of insurance that adequately covers the public liability of the person in respect of the filming for an amount of not less than \$10,000,000.
- (5) If the filming is carried out on private land, the filming must not be carried out for more than 30 days within a 12-month period at the particular location.

- 
- (6) A filming management plan must be prepared and lodged with the consent authority for the location at least 5 days before the commencement of filming at the location. The plan must contain the following information and be accompanied by the following documents (without limiting the information or documents that may be submitted):
- (a) the name, address and telephone number of the person carrying out the filming (such as a production company) and of the producer for the filming,
  - (b) a brief description of the filming to be carried out (for example, a television commercial, a television series, a feature film or a documentary),
  - (c) the proposed location of the filming,
  - (d) the proposed commencement and completion dates for the filming at the location,
  - (e) the proposed daily length of filming at the location,
  - (f) the number of persons to be involved in the filming,
  - (g) details of any temporary structures (for example, tents or marquees) to be erected or used at the location for the purposes of the filming,
  - (h) the type of filming equipment to be used in the filming (such as a hand-held or mounted camera),
  - (i) proposed arrangements for parking vehicles associated with the filming during the filming,
  - (j) whether there will be any disruption to the location of the filming or the surrounding area and the amenity of the neighbourhood (for example, by the discharge of firearms or explosives, the production of offensive noise, vibrations, disruption to traffic flow or the release of smells, fumes, vapour, steam, soot, ash, dust, waste water, grit or oil),
  - (k) whether the filming will involve the use of outdoor lighting or any other special effects equipment,
  - (l) a copy of the public liability insurance policy that covers the filming at the location,
  - (m) a copy of any approval given by a public or local authority to carry out an activity associated with the proposed filming at the location, such as the following:
    - (i) an approval by the Roads and Traffic Authority for the closure of a road,
    - (ii) an approval by the Council for the erection or use of a temporary structure, closure of a road or a public footpath, or a restriction in pedestrian access,
-

- (iii) an approval by the Environment Protection Authority for an open fire,
  - (iv) an approval by the NSW Police Force for the discharge of firearms,
  - (v) an approval by the Department of Services, Technology and Administration for the use of Crown land,
  - (n) details of any temporary alteration or addition to any building or work at the location for the purposes of the filming.
- (7) The person carrying out the filming must, at least 5 days before the commencement of filming at the particular location, give notice in writing (by way of a letter-box drop) of the filming to residents within a 50m radius of the location. The notice must contain the following information:
- (a) the name and telephone number of the person carrying out the filming (such as a production company) and of a contact representative of that person,
  - (b) a brief description of the filming to be carried out at the location, and any proposed disruptions to the location or the surrounding area or the amenity of the neighbourhood,
  - (c) the proposed commencement and completion dates for the filming at the location,
  - (d) the proposed daily length of filming at the location.

### Rainwater tanks

**Note.** Rainwater tanks are exempt development under *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*. Only that Policy applies.

- (1) Must not be installed or erected on land:
  - (a) that is within a heritage conservation area or within the curtilage of a heritage item, or
  - (b) that is within 40m of a perennial watercourse identified by a 1:50,000 topographic map held by the Department of Services, Technology and Administration, or
  - (c) the surface of which has a slope greater than 18 degrees from the horizontal, or
  - (d) that is a lot within the meaning of the *Strata Schemes (Freehold Development) Act 1973* or the *Strata Schemes (Leasehold Development) Act 1986*.
- (2) Must be located:
  - (a) behind the front alignment to the street of the building to which the tank is connected (or in the case of a building on a corner

- block, behind both the street front and the street side alignments of the building), and
- (b) at least 450mm from any property boundary.
- (3) Must not be installed or erected:
- (a) over or immediately adjacent to a water main or sewer main unless it is installed in accordance with any requirements of the public authority that has responsibility for the main, or
  - (b) over any structure or fitting used by a public authority to maintain a water main or sewer main, or
  - (c) on a footing of any building or other structure, including a retaining wall.
- (4) The installation or erection of the rainwater tank must not:
- (a) require a tree to be removed, or
  - (b) involve the excavation of more than 1m from the existing ground level, or the filling of more than 1m above the existing ground level.
- (5) Subject to this clause, the capacity of the rainwater tank, or the combined capacity of the tanks, on a lot must not exceed 10,000L (or in the case of a tank or tanks used for an educational establishment, 25,000L).
- (6) The rainwater tank must:
- (a) be designed to capture and store roof water from gutters or downpipes on a building, and
  - (b) be fitted with a first-flush device, being a device that causes the initial run-off of any rain to bypass the tank to reduce pollutants entering the tank, and
  - (c) be structurally sound, and
  - (d) be prefabricated, or be constructed from prefabricated elements that were designed and manufactured for the purpose of the construction of a rainwater tank, and
  - (e) be assembled and installed in accordance with the manufacturer's or tank designer's specifications, and
  - (f) be installed and maintained (including any stand for the tank) in accordance with any requirements of the public authority that has responsibility for the supply of water to the premises on which the tank is installed, and
  - (g) be enclosed, and any inlet to the tank must be screened or filtered, to prevent the entry of foreign matter or creatures, and
-

- (h) be maintained at all times so as not to cause a nuisance with respect to mosquito breeding or overland flow of water, and
  - (i) have a sign affixed to it clearly stating that the water in the tank is rainwater.
- (7) The rainwater tank must not:
- (a) collect water from a source other than gutters or downpipes on a building or a water supply service pipe, or
  - (b) exceed 3m in height above ground level, including any stand for the tank.
- (8) Any overflow from the rainwater tank must be directed into an existing stormwater system.
- (9) Any plumbing work undertaken on or for the rainwater tank that affects a water supply service pipe or a water main must be undertaken:
- (a) with the consent of the public authority that has responsibility for the water supply service pipe or water main, and
  - (b) in accordance with any requirements by the public authority for the plumbing work, and
  - (c) by a licensed plumber in accordance with the *New South Wales Code of Practice for Plumbing and Drainage* produced by the Committee on Uniformity of Plumbing and Drainage Regulations in NSW.
- (10) Any motorised or electric pump used to draw water from the rainwater tank or to transfer water between rainwater tanks:
- (a) must not create an offensive noise, and
  - (b) in the case of a permanent electric pump, must be installed by a licensed electrician.

#### **Satellite TV dishes**

**Note.** Satellite TV dishes are exempt development under *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008*. Only that Policy applies.

- (1) Must not be installed or erected:
  - (a) on land within a heritage conservation area or within the curtilage of a heritage item, or
  - (b) less than 1m from any easement or sewer main.
- (2) Must be installed or erected wholly within the boundaries of a property.

- 
- (3) If roof mounted, must have a diameter not exceeding 90cm (excluding any projecting feed element) and its height at any point must not exceed the highest point of the roof (if the roof is peaked) or 1.2m above the roof (if the roof is flat).
  - (4) If ground mounted, must have a diameter not exceeding 90cm (excluding any projecting feed element) and its height must not exceed 1.2m above the highest point of the roof of the dwelling on which, or adjacent to which, it is erected.
  - (5) If installed or erected on land within a Business or Industrial zone, must comply with the following:
    - (a) if roof mounted, must have a diameter not exceeding 1.8m (excluding any projecting feed element) and its height at any point must not exceed 1.8m above the highest point of the roof structure,
    - (b) if ground mounted, must have a diameter not exceeding 1.8m (excluding any projecting feed element) and its height must not exceed 1.8m above the highest point of the roof of any building on which, or adjacent to which, it is erected.
  - (6) Must be installed in accordance with the manufacturer's specifications and any relevant standard specified by Standards Australia.
  - (7) Must not affect the structural integrity of any building on which it is erected.

**Tents or marquees used solely for filming purposes**

- (1) May only be used in connection with filming that is exempt development.
- (2) Total floor area of all tents or marquees on location at the same time must not exceed 200m<sup>2</sup>.
- (3) Must be located within at least 3m from any boundary adjoining a public road and at least 1m from any other boundary.
- (4) Must have the following number of exits arranged so as to afford a ready means of egress from all parts of the tent or marquee to open space or a road:
  - (a) 1 exit if the floor area of the tent or marquee does not exceed 25m<sup>2</sup>,
  - (b) 2 exits in any other case.

- (5) Width of each exit must be at least:
  - (a) 800mm if the floor area of the tent or marquee is less than 150m<sup>2</sup>,  
or
  - (b) 1m in any other case.
- (6) Height of the walls must not exceed:
  - (a) 4m if erected on private land, or
  - (b) 5m in any other case.
- (7) Height as measured from the surface on which the tent or marquee is erected to the highest point of the tent or marquee must not exceed 6m.
- (8) Must resist loads determined in accordance with the following Australian and New Zealand Standards entitled:
  - (a) AS/NZS 1170.0:2002, *Structural design actions—General principles*,
  - (b) AS/NZS 1170.1:2002, *Structural design actions—Permanent, imposed and other actions*,
  - (c) AS/NZS 1170.2:2002, *Structural design actions—Wind actions*.
- (9) Must not remain at the location more than 2 days after the completion of the filming at the location.

### **Temporary structures (other than tents and marquees), and temporary alterations or additions to buildings or works, solely for filming purposes**

- (1) May only be erected, used, altered or added to in connection with filming that is exempt development.
- (2) Temporary structure must not be at the location for more than 30 days within a 12-month period.
- (3) Alteration or addition to the building or work must not remain in place for more than 30 days within a 12-month period.
- (4) Temporary structure, or building or work in its altered or added to form, must not be accessible to the public.

### **Tree preservation banners**

- (1) Maximum size—3m × 2m, with attached poles or ropes.
- (2) Installed by Council over or in place of any tree over 4m high on Council land killed, removed or trimmed without Council consent.
