 - (a) an increase in the number of lots,
 - (b) an increase in the number of dwellings on, or dwellings that may be erected on, any of the lots.
- (4) Before determining a development application for the subdivision of land under this clause, the consent authority must consider the following:

 - (b) whether or not the subdivision is likely to have a significant impact on land uses that are likely to be preferred and the predominant land uses in the vicinity of the development,
