4.1C Boundary changes between lots in Zone RU1

- (1) The objective of this clause is to permit the boundary between 2 or more lots to be altered in certain circumstances, to give land owners a greater opportunity to achieve the objectives of a zone.
- (2) This clause applies to land in Zone RU1 Primary Production.
- (3) Despite clause 4.1 (3), development consent may be granted to the subdivision of 2 or more adjoining lots, being land to which this clause applies, if the subdivision will not result in any of the following:

 - (b) an increase in the number of dwellings on, or dwellings that may be erected on, any of the lots.
- (4) Before determining a development application for the subdivision of land under this clause, the consent authority must consider the following:
 - (a) the existing and approved uses of other land in the vicinity of the subdivision,
 - (b) whether or not the subdivision is likely to have a significant impact on land uses that are likely to be preferred and the predominant land uses in the vicinity of the development,
 - (c) whether or not the subdivision is likely to be incompatible with a use referred to in paragraph (a) or (b),
 - (d) whether or not the subdivision is likely to be incompatible with a use on land in any adjoining zone,
 - (e) any measures proposed by the applicant to avoid or minimise any incompatibility referred to in paragraph (c) or (d),

 - (g) whether or not the subdivision is likely to have an adverse impact on the environmental values or agricultural viability of the land.
- (5) This clause does not apply:
 - (a) in relation to the subdivision of individual lots in a strata plan or a community title scheme, or
 - (b) if the subdivision would create a lot that could itself be subdivided in accordance with clause 4.1.
