

**WORKERS COMPENSATION ACT 1987—INSURANCE
PREMIUMS ORDER (1996–97)**

NEW SOUTH WALES

[Published in Gazette No. 76 of 26 June 1996]

I, the Honourable Gordon Samuels AC, Governor of the State of New South Wales, with the advice of the Executive Council, and on the recommendation of the WorkCover Authority, and in pursuance of section 168 of the Workers Compensation Act 1987, do, by this my Order, fix the manner in which the premium payable by an employer for a policy of insurance is to be calculated by requiring the premium to be calculated for a period of insurance of not more than 12 months and:

- (a) if the employer is a category A employer for the purposes of the policy, in accordance with the following formula:

$$P = (T \times (1-S)) + (E \times S) + D + Q$$

except that where the basic tariff premium for the employer [T] does not exceed \$100,000, the experience adjusted premium for the employer [(T X (1-S))+ (E X S)] is not to exceed twice the amount of that basic tariff premium [2T];

- (b) if the employer is a category B employer for the purposes of the policy, in accordance with the following formula:

$$P = T + (X \times T) + D + Q$$

where:

“P” is the premium for the time being payable by the employer in respect of the period of insurance to which the policy relates, being:

- (a) except as provided by paragraph (b) below, the initial premium so payable in accordance with this Order; or
(b) where adjustments are required to be made to that premium by reason of the operation of this Order, the premium so payable by reason of those adjustments;

- “T” is the basic tariff premium for the employer, calculated with respect to the period of insurance in accordance with Schedule 3 to this Order;
- “S” is the experience adjustment factor for the employer determined with respect to the period of insurance in accordance with Schedule 4 to this Order;
- “E” is the experience premium, if any, for the employer determined with respect to the period of insurance in accordance with Schedule 5 to this Order;
- “X” is the excess surcharge factor for the employer determined with respect to the period of insurance in accordance with Schedule 6 to this Order;
- “D” is the dust diseases contribution, if any, for the employer;
- “Q” is the premiums adjustment contribution, if any, for the employer.

Schedules 1—8 and Table A to this Order form part of this Order.

This Order commences at 4 p.m. on 30 June 1996.

This Order may be cited as the Insurance Premiums Order (1996—97).

Signed at Sydney, this 26th day of June 1996.

By His Excellency’s Command,

J W Shaw QC MLC
Attorney General, and Minister for Industrial Relations.

SCHEDULE 1—INTERPRETATION

Definitions

1. (1) In this Order:

“**basic tariff premium**”, in relation to a policy, means the basic tariff premium for the policy calculated in accordance with Schedule 3;

“**category A employer**”, in relation to a policy, means an employer whose basic tariff premium for the policy at the time at which the insurer first demands a premium for the policy would exceed \$3,000, assuming the period of insurance to which the premium relates to be 12 months (whether or not that period of insurance is in fact 12 months);

“category B employer” means an employer, other than a category A employer;

“claim” means a claim made by a person against an employer to which a policy relates;

“dust diseases contribution”, in relation to an employer, means an amount equivalent to the contributions, if any, payable by an insurer in respect of the employer to the Workers’ Compensation (Dust Diseases) Fund and the Dust Diseases Reserve Fund;

“employer” includes a person who proposes to become an employer;

“insurer” means a licensed insurer, or a former licensed insurer, within the meaning of the Act;

“per capita rate” means a rate specified in Column 3 of Table A that is expressed otherwise than as a percentage;

“period of insurance”, in relation to a policy, means a period for which an insurer assumes risk under the policy, being a period which commences on the first day on which the policy is in force after having been issued or renewed;

“policy” or **“policy of insurance”** means a policy of insurance within the meaning of the Act;

“premiums adjustment contribution”, in relation to an employer, means an amount equivalent to such part of the contributions, if any, payable by an insurer to the Premiums Adjustment Fund under section 208 of the Act as relates to the premium payable by the employer to the insurer;

“regulations” means regulations under the Act;

“the Act” means the Workers Compensation Act 1987;

“wages” means wages as defined in section 174 (9) of the Act.

(2) For the purposes of this Order, a person is the **predecessor** of an employer if the employer has acquired the business of the person. This subclause applies whether the business acquired is the whole or main part of the business of the person or is the whole or main part of a separate and distinct business of the person, and whether or not the business acquired is carried on at the same location.

(3) For the purposes of this Order, an employer that is a corporation is related to another corporation (whether or not that other corporation is an employer) if:

- (a) the employer and the other corporation are, by reason of the Corporations Law, taken to be related to each other; or

- (b) the directors of the employer are accustomed or under an obligation, whether formal or informal, to act in accordance with the directions, instructions or wishes of the directors of the other corporation; or
 - (c) the directors of the other corporation are accustomed or under an obligation, whether formal or informal, to act in accordance with the directions, instructions or wishes of the directors of the employer; or
 - (d) the other corporation is, by reason of the Corporations Law, taken to be related to another corporation the directors of which are accustomed or under an obligation, whether formal or informal, to act in accordance with the directions, instructions or wishes of the directors of the employer; or
 - (e) the directors of the employer and the directors of the other corporation are accustomed or under an obligation, whether formal or informal, to act in accordance with the directions, instructions or wishes of another person; or
 - (f) the other corporation has a share capital and the directors of the employer may (whether directly or indirectly) exercise, control the exercise of or substantially influence the exercise of, 50 per cent or more of the voting power attached to voting shares issued by the other corporation; or
 - (g) (where the employer and the other corporation are corporations each of which has a share capital) any person who may (whether directly or indirectly) exercise, control the exercise of, or substantially influence the exercise of, 50 per cent or more of the voting power attached to voting shares issued by one of those corporations, may also exercise, control the exercise of or substantially influence the exercise of 50 per cent or more of the voting power attached to voting shares issued by the other corporation.
- (4) However, an employer that is a corporation is not related, for the purposes of this Order, to another corporation (whether or not that other corporation is an employer) if:
- (a) the employer and that other corporation are not, by reason of the Corporations Law taken to be related to each other; and
 - (b) the Workcover Authority is satisfied that neither the employer nor the other corporation carry on a trade, business or profession so as to avoid or evade the payment of a premium payable by either the employer or the other corporation for a policy.
- (5) The value of any amount of money calculated or included in a calculation under this Order is to be expressed in dollars.

(6) In this Order, a reference to wages which are payable by an employer includes a reference to wages which have been paid by the employer.

Determination of wages

2. (1) In this Order, a reference to wages, in relation to a period of insurance under a policy issued or to be issued to an employer or in relation to a period of 12 months ascertained by reference to any such period of insurance, is a reference:

- (a) except as provided by paragraph (b), to a reasonable estimate of the monetary value of all wages (not including any wages to which Schedule 8 applies) payable to workers by the employer in respect of the period of insurance or the period of 12 months, as the case may be:
 - (i) as calculated by the insurer by reference to the returns, if any, furnished in accordance with the regulations by the employer to the insurer; or
 - (ii) where the employer does not agree with the estimate of the insurer and applies to the WorkCover Authority for an estimate of that value—as determined by the Authority; or
- (b) where the monetary value of those wages (not including any wages to which Schedule 8 applies) has been ascertained—to the actual value of those wages.

(2) If at any time the employer has failed to furnish the returns in respect of any relevant period of insurance and the monetary value of the wages concerned has not been ascertained, the estimate of the monetary value of those wages is taken to be such amount as is calculated by multiplying the monetary value (or reasonable estimate) of wages for the immediately preceding equivalent period of insurance by 1.2.

SCHEDULE 2—APPLICATION

Policies to which Order applies

1. (1) This Order applies to and in respect of policies of insurance which are to be or have been issued or renewed so as to take effect on or after 4 p.m. on 30 June 1996 and before 4 p.m. on 30 June 1997.

(2) If, before 4 p.m. on 30 June 1997, an insurance premiums order has not been made in respect of policies of insurance taking effect on or after that time, this Order applies to and in respect of those policies pending the making of such an order.

Policies exempt from Order

2. This Order does not apply to policies of insurance exempted by section 168 (4) (b) of the Act and by the Workers Compensation (Insurance Premiums) Regulation 1995.

SCHEDULE 3—BASIC TARIFF PREMIUM**General**

1. (1) The basic tariff premium (“T”) for an employer is to be calculated in accordance with the following formula:

$$(W_a \times R_a) + (W_b \times R_b) + \dots (W_n \times R_n)$$

where:

“W_a”, “W_b” ... “W_n” are each a part of the total wages payable to workers by the employer in respect of the period of insurance for which the premium is to be calculated, being a part of the total wages attributable to a classification appearing in Column 1 of Table A applicable to the employer;

“R_a”, “R_b” ... “R_n” are each a percentage rate specified in Column 3 of Table A which corresponds with a classification applicable to the employer, being a classification appearing in Column 1 of Table A opposite the percentage rate.

(2) For the purposes of subclause (1), the classifications applicable to an employer and the part of total wages payable by an employer which is attributable to any such classification are to be:

- (a) as determined by the insurer by reference to returns, if any, furnished in accordance with the regulations by the employer to the insurer; or
- (b) where the employer does not agree with the determination of the insurer and applies to the Workcover Authority for a determination—as determined by the Authority.

Exceptions

2. If the policy concerned relates to per capita rates in respect of some or all workers, those rates are to be substituted for wages in respect of those workers to determine “W_a”, “W_b” ... “W_n” in the formula in clause 1.

SCHEDULE 4—EXPERIENCE ADJUSTMENT FACTOR**General**

1. (1) The experience adjustment factor (“S”) for an employer is:

(a) where the employer:

- (i) has been insured under a policy or policies for the period of 2 years immediately preceding the commencement of the period of insurance for which the premium is to be calculated or has been so insured for a longer period; and
- (ii) has, during those 2 years, supplied the insurer with particulars complying with the regulations of claims against the employer,

the factor calculated in accordance with the following formula:

$$\frac{0.9T}{T + 200,000}$$

(b) in any other case—0,

where:

“T” is the basic tariff premium for the employer, calculated with respect to the period of insurance in accordance with Schedule 3 to this Order and assuming the period of insurance to which the premium relates to be 12 months (whether or not that period of insurance is in fact 12 months).

(2) For the purposes of subclause (1) (a), an employer is taken to have been insured for the period of 2 years referred to in that paragraph even if there has been a break or breaks in insurance (not exceeding 1 month in total) within that period.

Employers who were previously self-insurers

2. If an employer was not insured for the period of 2 years referred to in clause 1 (1) (a), because the employer was a self-insurer during the whole or any part of that period, the formula in clause 1 (1) (a) applies as if the employer had been insured under a policy (and supplied particulars) during the whole of that period.

Employers who acquire business etc.

3. The period referred to in clause 1 (1) (a) during which an employer has been insured under a policy or policies and supplied Particulars of claims includes any period during which a predecessor of the employer has been so insured and supplied particulars.

SCHEDULE 5—EXPERIENCE PREMIUM

General

1. (1) The experience premium (“E”) for an employer is to be calculated:

- (a) (i) for the purpose of calculating the initial premium payable before the expiration of the period of insurance for which the premium is to be calculated; and
- (ii) after the period of insurance for which the premium is to be calculated has expired (being a period that is less than 12 months),

in accordance with the following formula:

$$W \times \left\{ \frac{(F_{55} \times C_1) + (F_{56} \times C_2)}{W_1 + W_2} \right\}$$

- (b) after the period of insurance for which the premium is to be calculated has expired (being a period that is not less than 12 months), in accordance with the following formula:

$$W \times \left\{ \frac{(F_{57} \times C_0) + (F_{58} \times C_1) + (F_{59} \times C_2)}{W_0 + W_1 + W_2} \right\}$$

where:

“W” is the total of the wages payable to workers by the employer in respect of the period of insurance;

“F₅₅” is 3.5;

“F₅₆” is 2.3;

“F₅₇”, “F₅₈” and “F₅₉” are such numbers as are determined by the Governor on the recommendation of the WorkCover Authority and notified in the Gazette;

“C₁” and “C₂” are respectively the totals of the cost of claims for the employer in respect of the last and second last period of 12 consecutive months which occurred before the commencement of the period of insurance not including:

- (a) the cost of any claims under section 10 (Journey claims) of the Act in respect of C, and C₂; and
- (b) the cost of any claims under section 11 (Recess claims) of the Act in respect of C₂;

-
- “C₀” is the total of the cost of claims for the employer in respect of the period of insurance (not including the cost of any claims under sections 10 (Journey claims) and 11 (Recess claims) of the Act);
- “W₁” and “W₂” are respectively the totals of the wages payable to workers by the employer in respect of the last and second last period of 12 consecutive months which occurred before the commencement of the period of insurance;
- “W₀” is the total of the wages payable to workers by the employer in respect of the period of insurance.

(2) If an employer:

- (a) makes an application to an insurer for the renewal of a policy; and
- (b) does not supply the insurer, in accordance with clause 6 (2) of the Workers Compensation (Insurance Premiums) Regulation 1995, with a duly completed return relating to wages paid during the last period of insurance preceding that renewal,

the insurer may, for the purpose of calculating the initial premium payable by the employer for the renewed policy, determine the amount of “W₁” in the formula in subclause (1) (a) to be the amount determined as “W” in the calculation of the experience premium for the employer in respect of the last period of insurance preceding that renewal.

(3) If during any past period referred to in C₁, C₂, W, or W₂ in the formula in subclause (1) (a) a predecessor of the employer was insured under a policy or policies:

- (a) the cost of claims for the employer during that period includes, for the purposes of C₁, and C₂ the cost of claims for the predecessor in respect of the business acquired by the employer; and
- (b) the wages payable to workers by the employer during that period includes, for the purposes of W, and W₂, the wages payable to workers by the predecessor in respect of the business acquired by the employer.

(4) If the policy concerned relates to per capita rates, those rates are to be substituted for wages to determine W₁, W, or W₂ in the applicable formula in subclause (1).

(5) If the policy concerned relates to both per capita rates and wages, 2 separate calculations of E (“E₁” and “E₂” are to be made and E is to equal the sum of E₁ and E₂ where:

- “E₁” is calculated by using the applicable formula in subclause (1);
- “E₂” is calculated by using the applicable formula in subclause (1) but also by substituting the per capita rates for wages to determine W₁, W, or W₂ in that formula.

Definition

2. In this Schedule, “**cost of claims**” has the same meaning as in Part 3 of the Workers Compensation (Insurance Premiums) Regulation 1995.

SCHEDULE 6—EXCESS SURCHARGE FACTOR

The excess surcharge factor (“X”) for an employer is:

- (a) where the employer is a category B employer and there has been no agreement between the employer and the insurer that the employer will repay the prescribed excess amount within the meaning of section 160 of the Act (or such smaller amount as may be agreed on) for claims which arise out of the period of insurance for which the premium is to be calculated—0.03; or
- (b) in any other case—0.

SCHEDULE 7—MINIMUM PREMIUM—CATEGORY B EMPLOYERS**Policies in respect of which minimum premium payable**

1. This Schedule applies to a policy issued to a category B employer (or the renewal of such a policy), being a policy under which the employer is not required to repay to the insurer the prescribed excess amount within the meaning of section 160 of the Act (or other agreed amount) for claims under the policy.

Minimum premium payable

- 2. (1) For the purposes of this Schedule, the minimum premium:
 - (a) in respect of a policy relating to domestic or similar workers—is \$35; or
 - (b) in respect of any other policy—is \$110.
- (2) If the premium payable in respect of a policy to which this Schedule applies would (but for this Schedule) be less than the minimum premium in respect of the policy, the amount of the premium is to be increased to that minimum premium.

SCHEDULE 8—REDUCTION OF PREMIUM FOR EMPLOYERS OF PREVIOUSLY INJURED WORKERS ETC.**Premium to be reduced**

- 1. Any premium calculated in accordance with the other provisions of this Order is to be reduced in accordance with this Schedule.

Exclusion of certain wages from calculation of premium

2. Any such premium is to be reduced by excluding wages to which this Schedule applies from the calculation of the amount of the premium.

Wages to which this Schedule applies

3. (1) This Schedule applies to wages payable by an employer in respect of the first 12 months of employment of any worker who:

(a) is first employed by the employer (for a minimum period of employment of 12 continuous weeks) on or after 1 July 1992 but only if

(i) the worker is partially incapacitated for work as a result of a 1987 Act injury (whether received before, on or after 1 July 1992) and is no longer employed by a previous employer who employed the worker at the time of the injury; or

(ii) the worker has as a result of a 1987 Act injury (whether received before, on or after 1 July 1992) been totally or partially incapacitated for work for a period of at least 12 weeks, is no longer employed by a previous employer who employed the worker at the time of the injury and has been continuously unemployed since that period of incapacity; or

(b) is first employed by the employer (otherwise than on a casual or temporary basis) after 1 February 1992 and before 1 April 1993, but only if

(i) the worker is partially incapacitated for work as a result of an injury (received at anytime before 1 April 1993) and is no longer employed by a previous employer who employed the worker at the time of injury; or

(ii) the worker has been continuously unemployed for at least 3 months immediately before being employed by the employer.

(2) However, this Schedule does not apply to any such wages unless:

(a) application for a premium reduction in respect of those wages is made by the relevant employer in accordance with any guidelines under this Schedule; and

(b) any other relevant requirements of the WorkCover Authority are satisfied.

Guidelines—Application for reduction of premium etc.

4. (1) The Workcover Authority may issue guidelines specifying the method of applying for a premium reduction under this Schedule, including:

- (a) the form of and the manner of making an application; and
- (b) any documents relating to the application that the employer must attach to it.

(2) Those guidelines may also specify the circumstances in which periods of employment or unemployment are to be regarded as continuous for the purposes of clause 3 (1).

Definition

5. (1) In this Schedule, “**employer**” does not include a self-insurer.

(2) In this Schedule, a reference, in relation to a worker, to a 1987 Act injury is a reference to an injury received by the worker after the commencement of the Act.

TABLE A—BASIC TARIFF RATES**NOTES**

(Schedule 3)

1. An employer’s basic tariff premium is determined under Table A having regard to the employer’s business. An employer’s business means the employer’s business or industrial activity.
2. An employer may carry on a single business or more than one business at the same time.
3. If an employer carries on a single business, the tariff classification applicable to the business is that which most accurately describes the entire business of the employer. The entire business includes not only the operations and activities directly involved in the conduct of the business, but also all operations and activities incidental to the conduct of the business.
4. If an employer carries on more than one business, so that it can be said that the employer carries on separate and distinct businesses, Note 3 applies to each such separate and distinct business.
5. Generally, businesses are not separate and distinct if the operations and activities carried on in those businesses are incidental to one another.

6. In determining whether businesses are separate and distinct (for tariff classification purposes) it is relevant to take the following into account:
 - (a) the nature of the operations and activities (including incidental operations and activities) respectively carried on in the businesses;
 - (b) differences in the identity of the workers respectively engaged in the businesses (and in particular of the workers engaged in the manufacturing or industrial activities and operations);
 - (c) differences in locations of the businesses, for example, differences in locations may vary from sites far removed from each other, or separate floors in a given building, or even separate parts on the one floor level of a building (the important element in relation to location is that normally separate and distinct businesses have exclusive use of the particular area in which the operations and activities of the business are carried on).
7. There is no tariff classification of “Clerical Staffs—office work” or “Commercial Travelling”. Consequently the wages of any such workers will attract the basic tariff premium appropriate to the employer’s business.
8. In the event that an employer carries on separate and distinct businesses then workers of the type previously eligible to attract the “Clerical Staffs—office work”, or “Commercial Travelling”, tariffs are to each be allocated to one of those two or more separate and distinct businesses. Any such allocation will be on the following basis:
 - (a) if such a worker is occupied wholly or predominantly in just one of the employer’s separate and distinct businesses then the entire wages of the worker will attract the tariff classification premium rate appropriate to that business;
 - (b) if such a worker is occupied substantially in more than one of the employer’s separate and distinct businesses then the entire wages of the worker will attract the lowest tariff classification premium rate appropriate to the various business activities in which the worker is occupied. (In the event that those two or more separate and distinct businesses each have the same basic tariff rate then the worker’s entire wages will attract the tariff classification with the lowest rate number.)

9. Notwithstanding the application of Notes 4, 5 and 6 the following activities should not be considered as separate and distinct businesses:

- Clerical Support Services
- Management Services
- Administrative Services
- Sales and Marketing
- Head Office Activities
- Warehousing associated with Manufacturing or Retailing.

These activities are *not* entitled to a separate rate pursuant to Note 4 but should be considered incidental to the employer's other activity or activities.

10. If an employer has a business that is covered by Table As tariff rate numbers 529, 558, 714, 723 or 907 (being rate numbers that refer to a per capita rate), the employer is to be rated, to the extent that the business relates to any or all of those per capita rates, on the basis of the per capita rates concerned rather than on the basis of wages.
11. The Workcover Authority may, from time to time, issue guidelines to insurers for the application of these Notes and the classification of Employers' Businesses or Industrial Activities.
12. "Mfg" means "Manufacturing".
13. "n.o.c." means "Not Otherwise Classified".
14. In relation to the tariff classification applicable to ministers of religion (Rate No. 784) note that clauses 17 and 17A of Schedule 1 to the Workers Compensation Act 1987 provides a special procedure by which ministers of religion may be treated as workers for the purposes of the Act.
15. (1) If an employer:
- (a) is related to another corporation (as referred to in clause 1 (2A) of Schedule 1); and
- NOTE:** The reference in Note 15 (1) to Clause 1 (2A) should read Clause 1 (3) [N.S.W. Workcover Authority].
- (b) predominately provides clerical, administrative or managerial services to any related corporation,
- the premium payable by the employer is to be calculated by reference to the tariff classification premium rate applicable to the related corporation.
- (2) However, in the case where the employer provides such services to more than one related corporation, the premium payable by the employer is to be calculated:

- (a) by reference to the highest of the tariff classification premium rates applicable to the respective related corporations; or
- (b) if the employer is able to demonstrate to its insurer that such services are predominately provided to a particular related corporation—by reference to the tariff classification premium rate applicable to that related corporation.
