# Threatened Species Conservation Act 1995 No 101

## Notice of Final Determination and Amendment of Schedule 3 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following matter in Schedule 3 to that Act (Key threatening processes) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Clearing of native vegetation (as defined and described in the final determination of the Scientific Committee to list the key threatening process)

The final determination to insert this matter in Schedule 3 has been made because the Scientific Committee is of the opinion that the clearing of native vegetation adversely affects two or more threatened species, populations or ecological communities and could cause species, populations or ecological communities that are not threatened to become threatened.

Copies of the final determination may be inspected at:

The National Parks Centre  
102 George St  
The Rocks  
Sydney

and at all District Offices of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 7th day of June 2001.

Dr Chris Dickman  
Chairperson  
Scientific Committee

**2001 No 754**

Threatened Species Conservation Act 1995 No 101—Final Determination

---

**Annexure “A”**

**Schedule 3** to the *Threatened Species Conservation Act 1995* is amended by inserting in alphabetical order the matter:

Clearing of native vegetation (as defined and described in the final determination of the Scientific Committee to list the key threatening process)

**Note.** See Final determination on page 7904 of Gazette of 21 September 2001.
