

# Notice of Final Determination and Amendment of Schedule 1 to Act

under the

Threatened Species Conservation Act 1995 No 101

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of fungi as endangered species in Part 1 of Schedule 1 to that Act and, accordingly, that Schedule is amended as set out in Annexure “A” to this Notice:

## **Animals**

## **Invertebrates**

## **Fungi**

## **Basidiomycota**

### Hygrophoraceae

*Hygrocybe collucera* A.M.Young, R Kearney & E. Kearney

*Hygrocybe griseoramosa* A.M.Young, R Kearney & E. Kearney

The final determination to insert these species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that these species are likely to become extinct in nature in New South Wales unless the circumstances and factors threatening their survival or evolutionary development cease to operate.
