

New South Wales

Notice of Final Determination and Amendment of Schedule 1 to Act

under the

Threatened Species Conservation Act 1995 No 101

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of reptile as an endangered species in Part 1 of Schedule 1 to that Act and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Animals

Vertebrates

Reptiles

Agamidae

Ctenophorus decresii (Duméril and Bibron) 1837 Tawny Crevice-dragon

The final determination to insert this species in Part 1 of Schedule 1 has been made because the Scientific Committee is of the opinion that the species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Copies of the final determination may be inspected during business hours at:
