# Threatened Species Conservation Act 1995 No 101

## Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following ecological community in Part 3 of Schedule 1 to that Act (Endangered ecological communities) and, accordingly, that Schedule is amended as set out in Annexure “A” to this Notice:

Moist Shale Woodland in the Sydney Basin Bioregion (as described in the final determination of the Scientific Committee to list the ecological community)

The final determination to insert this ecological community in Part 3 of Schedule 1 has been made because the Scientific Committee is of the opinion that the community is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival cease to operate.

Copies of the final determination may be inspected at:

The National Parks Centre  
102 George St  
The Rocks  
Sydney

and at all Area Offices and Visitor Centres of the National Parks and Wildlife Service during business hours.

Signed at Sydney, this 4th day of April 2002.

Dr Chris Dickman  
Chairperson  
Scientific Committee
