# Threatened Species Conservation Act 1995 No 101

## Notice of Final Determination and Amendment of Schedule 1 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following population of plant in Part 2 of Schedule 1 to that Act (Endangered populations) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

### Plants

Myrtaceae

*Eucalyptus seeana*                      *Eucalyptus seeana* population in the Greater Taree local government area

The final determination to insert this population in Part 2 of Schedule 1 has been made because the Scientific Committee is of the opinion that the population's habitat has been so drastically reduced that it is in immediate danger of extinction, that it is not a population of a species already listed in Schedule 1 and that it is disjunct and at or near the limit of its geographic range.

Copies of the final determination may be inspected during business hours at:

The National Parks Centre  
102 George St  
The Rocks  
Sydney

and at Area Offices or Visitor Centres of the National Parks and Wildlife Service.

Signed at Sydney, this 18th day of June 2002.
