Threatened Species Conservation Act 1995 No 101

Notice of Final Determination and Amendment of Schedule 2 to Act

The Scientific Committee established under the *Threatened Species Conservation Act 1995* has, in pursuance of Division 3 of Part 2 of that Act, made a final determination to insert the following species of fungi in Schedule 2 to that Act (Vulnerable species) and, accordingly, that Schedule is amended as set out in Annexure "A" to this Notice:

Fungi

Basidiomycota

Hygrophoraceae

Hygrocybe aurantipes A.M. Young

Hygrocybe reesia A.M. Young

The final determination to insert these species in Schedule 2 has been made because the Scientific Committee is of the opinion that the species are likely to become endangered unless the circumstances and factors threatening their survival or evolutionary development cease to operate.

Copies of the final determination may be inspected during business hours at:

The National Parks Centre
102 George St
The Rocks
Sydney

and at Area Offices or Visitor Centres of the National Parks and Wildlife Service.

Signed at Sydney, this 19th day of June 2002.
