# Fisheries Management Amendment (Threatened Species Conservation) Order (No 3) 2005

under the

Fisheries Management Act 1994

I, the Minister for Primary Industries, in pursuance of section 220D of the *Fisheries Management Act 1994*, make the following Order.

Dated, this 20th day of June 2005.

IAN MICHAEL MACDONALD, M.L.C.,  
Minister for Primary Industries

## Explanatory note

Part 7A of the *Fisheries Management Act 1994* (*the Act*) deals with the conservation of threatened species, populations and ecological communities of fish and marine vegetation. For the purposes of identification and classification, provision is made for the listing:

- (a) in Schedule 4 to the Act, of endangered species, endangered populations, and endangered ecological communities and species that are presumed to be extinct, and
- (b) in Schedule 5, of vulnerable species, and
- (c) in Schedule 6, of key threatening processes.

Under the Act, listings and amendments to listings are to be made by the Minister by order on the recommendation of the Fisheries Scientific Committee (*the Committee*).

The object of this Order is to list the marine brown alga as a vulnerable species in Schedule 5 to the Act, as recommended by the Committee.

The Committee has recommended this listing because it considers that the species is likely to become endangered unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

This Order is made under section 220D of the *Fisheries Management Act 1994*.

**2005 No 348**

Clause 1

Fisheries Management Amendment (Threatened Species Conservation)  
Order (No 3) 2005

---

**Fisheries Management Amendment (Threatened Species Conservation) Order (No 3) 2005**
