Marine Parks Amendment (Batemans) Regulation 2007

under the

Marine Parks Act 1997

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Marine Parks Act 1997*.

IAN MACDONALD, M.L.C.,
Minister for Primary Industries

BOB DEBUS, M.P.,
Minister for the Environment

Explanatory note

The *Marine Parks Act 1997* and the *Marine Parks Regulation 1999* (the **principal Regulation**) provide for the classification of areas within marine parks for different uses by means of zoning plans. Currently, the principal Regulation provides for four classes of zones in marine parks (sanctuary zones, habitat protection zones, general use zones and special purpose zones) and sets out objects and special provisions applying to those zones.

The object of this Regulation is to provide for a zoning plan for the Batemans Marine Park. The zoning plan, which is to be included in Schedule 1 to the principal Regulation, divides the Batemans Marine Park into the various zones and contains special provisions regulating and prohibiting the carrying out of certain activities in those zones.

The Regulation also makes amendments to the provisions applying to marine parks generally. This Regulation is made under the *Marine Parks Act 1997*, including sections 15, 16, 17 and 48 (the general regulation-making power).
