(c) extending the general power to prevent visits to a correctional centre to a correctional officer holding office or acting in a rank that is of or above the rank of Assistant Superintendent and (in the case of a correctional centre managed in accordance with Part 12 of the Act) a person holding office or acting in a rank that is of or above a rank equivalent to Assistant Superintendent (clause 106), and

(d) providing for the testing or analysis of an inmate’s or offender’s drug test sample (which includes breath, urine or oral fluid) as opposed to the testing or analysis of only urine (clauses 159, 160 and 206), and

(e) providing that the general manager of a correctional centre may permit an inmate to purchase or rent goods that are not required to be provided to the inmate under the Act or this Regulation (clause 177).

(f) the inmate’s criminal history and history of behaviour during any previous period of imprisonment,
(g) the inmate’s history of behaviour while subject to supervision otherwise than as an inmate under any conditions of bail or parole or any other conditions imposed by a court order (including an extended supervision order under the Crimes (High Risk Offenders) Act 2006),
(h) any assessment that has been made (whether by an employee of Corrective Services NSW or of any other government department or public authority) as to:
   (i) the level of risk that the inmate poses to good order and security, and
   (ii) the likelihood that the inmate may try to escape from custody, and
   (iii) any factors contributing to the inmate’s criminal behaviour, and
   (iv) the likelihood of the inmate committing further offences, whether of the same or of a different kind,

(i) the need to protect the community,
(j) the proximity of the correctional centre to the inmate’s family members,
(k) the availability of resources and appropriate programs and services at the correctional centre in which the inmate is to be held.

(2) Subclause (1) does not limit the matters that the Commissioner may have regard to in making the determination.

(3) An inmate’s placement in a correctional centre is to be reviewed at least once every 12 months and at the other times the Commissioner determines.

12 General manager’s report about inmates’ placement

(1) If the general manager of a correctional centre considers that an inmate in the centre, or an inmate transferred, or proposed to be transferred, to the centre, is unsuitable for placement or for continued placement in the centre, the general manager must ensure a report with respect to the placement is sent to:

(a) the Commissioner, and

(b) in the case of a report that relates to a serious offender, or an inmate who has a high security, extreme high security or extreme high risk restricted designation—the Review Council.
(2) The report must include the reasons why the inmate should not be placed, or continue to be placed, in the correctional centre.

13 Consideration of certain reports by Review Council

(1) The Review Council is to review any report prepared by the general manager of a correctional centre with respect to the placement, or continued placement, in the centre of an inmate who is a serious offender, or an inmate who has a high security, extreme high security or extreme high risk restricted designation.

(2) The Review Council may give the Commissioner any submissions in relation to the report that it considers appropriate.

14 Decision by Commissioner about inmate’s placement

(1) After considering:

(a) any report prepared by the general manager of a correctional centre with respect to the placement, or continued placement, in the centre of an inmate, and

(b) in the case of an inmate who is a serious offender or an inmate who has a high security, extreme high security or extreme high risk restricted designation—any submissions by the Review Council in relation to the report,

the Commissioner must make a decision with respect to the inmate’s placement, or continued placement, in the centre.

(2) The Commissioner is not bound to follow the recommendations in the report.

(3) If the Commissioner considers that there are urgent reasons for doing so, the Commissioner may make a decision with respect to the transfer of an inmate who is a serious offender or an inmate who has a high security, extreme high security or extreme high risk restricted designation without giving the Review Council an opportunity to make submissions.

(4) The Commissioner must notify the Review Council of any decision made under subclause (3).

(5) After considering the report prepared by the general manager, the Review Council may recommend to the Commissioner that the Commissioner reconsider a decision made under subclause (3).

Division 2 Case plans for convicted inmates

15 Case plans to be prepared for all convicted inmates

(1) The Commissioner is to ensure that a case plan (an initial case plan) is prepared and adopted for each convicted inmate as soon as practicable after the inmate becomes a convicted inmate.

(2) However, an initial case plan is not required for a convicted inmate who has less than 6 months remaining until the inmate’s earliest release date.

(3) A subsequent case plan is to be prepared and adopted for a convicted inmate at least once every 12 months and at the other times the Commissioner determines.

(4) Despite subclause (3):

(a) a subsequent case plan is not required for an inmate if the inmate’s earliest possible release date is within 3 months from the date on which the case plan is due to be prepared and adopted (unless the Parole Authority or Review Council has made a recommendation to the Commissioner about the inmate), and
(b) a subsequent case plan is not required for an inmate who is participating in a service or a program under Division 5 of Part 4 in accordance with the inmate’s case plan until the inmate completes or ceases to participate in the service or program.

(5) In this clause, *earliest possible release date*, in relation to a convicted inmate, means the first date on which the inmate is entitled to be released from custody or becomes eligible for release on parole.

Note. Services and programs are also provided to inmates for whom case plans are not required. See clause 60.

16 Contents of case plan

(1) A case plan for a convicted inmate is to indicate the services and programs in which the inmate should be encouraged to participate.

Note. An inmate’s case plan will also indicate the correctional centre in which the inmate is to be held and the inmate’s classification.

(2) A case plan may deal with any matter relating to the management of the convicted inmate, including the following:

(a) the provision of services and programs to the inmate under Division 5 of Part 4,

(b) the provision of health care services to the inmate,

(c) in the case of an inmate who appears to be at risk of self-harm, a strategy to minimise the likelihood of self-harm occurring,

(d) in the case of an inmate who has a disability, a strategy to minimise any disadvantage suffered by the inmate because of the disability, including in relation to the inmate’s suitability to carry out work,

(e) the provision of pre-release and post-release assistance to the inmate (for example, advice on the availability within the community of financial, accommodation and employment assistance and of medical and counselling services and alcohol and other drug treatment programs).

(3) In preparing a case plan for a convicted inmate, regard is to be had to the matters to which the Commissioner is required to have regard in determining the correctional centre in which an inmate is to be placed.

17 Departmental officers to prepare recommendations

(1) Recommendations with respect to an inmate’s case plan are to be prepared by a departmental officer nominated by the Commissioner (the *nominated officer*).

(2) The nominated officer must take all reasonable steps to enable the inmate to participate in the development of the recommendations.

(3) If inconsistent with the sentencing court’s comments in relation to the inmate, the recommendations must draw attention to, and give reasons for, the inconsistency.

(4) The nominated officer must take all reasonable steps to ensure that the recommendations with respect to an inmate are submitted to the nominated review officer referred to in clause 18 within 21 days after being called on to prepare them.

18 Consideration of recommendations by departmental officers

(1) The recommendations prepared in accordance with clause 17 with respect to an inmate’s case plan are to be reviewed by a departmental officer nominated by the Commissioner (the *nominated review officer*).

(2) The nominated review officer is to prepare a report on the recommendations.
(3) The nominated review officer must take all reasonable steps to ensure that the report with respect to an inmate is submitted, within 28 days after the recommendations are prepared, to:

(a) the Commissioner, and

(b) in the case of a report that relates to a serious offender, or an inmate who has a high security, extreme high security or extreme high risk restricted designation—the Review Council.

19 Consideration of certain case plans by Review Council

(1) The Review Council is to review any report prepared in accordance with clause 18 in relation to a serious offender, or an inmate who has a high security, extreme high security or extreme high risk restricted designation.

(2) The Review Council may give the Commissioner any submissions in relation to the report that it considers appropriate.

20 Adoption of case plan by Commissioner

(1) After considering:

(a) the report prepared in accordance with clause 18 with respect to an inmate’s case plan, and

(b) any advice by the Review Council in relation to the report,

the Commissioner must adopt a case plan for the inmate.

(2) The Commissioner is not bound to follow the recommendations in the report or the advice of the Review Council.

21 Linguistic and cultural factors to be considered

(1) On becoming aware that an inmate who is being interviewed for the purposes of this Part may be disadvantaged by linguistic or cultural factors, an interviewer must take all reasonable steps to ensure that the inmate has the assistance of a person who can act as an appropriate interpreter or provide appropriate cultural guidance.

(2) The person need not be present at the interview so long as he or she is available to the inmate by telephone, closed-circuit television or other electronic means during the interview.

(3) If the interviewer makes a report that assesses an inmate for the purposes of this Part, the interviewer:

(a) must take into consideration any linguistic or cultural factors that may disadvantage the inmate, and

(b) must refer in the report to the extent to which, in the interviewer’s opinion, the factors are significant in relation to the assessment.

22 Case plans for high risk violent offenders

(1) This Division applies, with any necessary modifications, in respect of high risk violent offenders who are not inmates in the same way as it applies in respect of convicted inmates.

(2) For that purpose:

(a) a reference to an inmate includes a reference to a high risk violent offender, and

(b) a reference to the sentencing court includes a reference to the Supreme Court, and
(c) clause 15 (2) does not apply, and
(d) clause 19 applies as if the high risk violent offender were a serious offender.

Division 3  Classification and designation of inmates

23  Classification of inmates
(1) As soon as practicable after an inmate is first received into a correctional centre, the Commissioner is to determine the inmate’s classification in accordance with this Division.
(2) An inmate’s classification is to be reviewed at least once every 12 months and at the other times the Commissioner determines.

24  Classification of male inmates
(1) Each male inmate is to be classified in one of the following categories for the purposes of security and the provision of appropriate development programs:

- **Category AA**, being the category of inmates who, in the opinion of the Commissioner, represent a special risk to national security (for example, because of a perceived risk that they may engage in, or incite other persons to engage in, terrorist activities) and should at all times be confined in special facilities within a secure physical barrier that includes towers or electronic surveillance equipment.
- **Category A1**, being the category of inmates who, in the opinion of the Commissioner, represent a special risk to good order and security and should at all times be confined in special facilities within a secure physical barrier that includes towers or electronic surveillance equipment.

- **Category B**, being the category of inmates who, in the opinion of the Commissioner, should at all times be confined by a secure physical barrier.
- **Category C1**, being the category of inmates who, in the opinion of the Commissioner, should be confined by a physical barrier unless in the company of a correctional officer or some other person authorised by the Commissioner.

74 Visits generally
The general manager of a correctional centre may permit a person to visit the centre, either generally or for the purpose of seeing a particular inmate at the centre.

75 Visiting hours
(1) The periods during which a person may visit a correctional centre are the periods determined by the Commissioner.
(2) The general manager of a correctional centre is to ensure that the visiting hours are clearly displayed on a notice outside the centre.
(3) If it is not practicable for a person to visit during visiting hours, the general manager may permit a visit outside those hours, subject to the convenience of the routine of the correctional centre.
(4) A visit is to be permitted to continue for at least 30 minutes, unless it is terminated or would otherwise extend beyond visiting hours.

76 Number of visits
(1) An unconvicted inmate may be visited once as soon as practicable after reception into a correctional centre and afterwards at least twice weekly.
(2) A convicted inmate may be visited once as soon as practicable after conviction and afterwards at the intervals the general manager determines.
(3) However, an extreme high risk restricted inmate may be visited once a week only, or more often if the Commissioner so determines.
(4) A civil inmate may be visited daily, as often and for as long as the general manager determines.
(5) The general manager of a correctional centre may permit additional visits to an inmate, particularly in the case of an inmate who is dangerously ill.

77 Maximum number of visitors

   (d) a visit by a government official engaged on official duties, or
   (e) a visit by an Official Visitor.

(2) Despite subclause (1), the general manager of a correctional centre may permit an inmate who is confined to cell to receive visits from the inmate’s family and friends if, in the general manager’s opinion, it is appropriate to do so to avoid hardship (for example, if family or friends have travelled a long way to make the visit).

81 Record of visits
(1) The general manager of a correctional centre must ensure a record is kept of all visits to inmates at the centre.

(2) The record must contain the following particulars in relation to each visit:

(1) Visits to an inmate under this Division are not to be restricted in duration or number but must be made during normal visiting hours.
(2) The general manager of a correctional centre may extend normal visiting hours to permit a visit under this Division if, in the general manager’s opinion:
(a) it is convenient and practicable to do so, and

(2) A visitor’s permit:
(a) may be issued by the Commissioner, and
(b) may be issued unconditionally or subject to conditions specified in the permit.

(3) An application for a visitor’s permit is to be made in writing to the Commissioner, and the Commissioner’s decision as to whether or not to grant the permit is final.

(a) the authorised officer must ask for the visitor’s co-operation,
(b) the viewing of the visitor’s face must be conducted:
   (i) in a way that provides reasonable privacy for the visitor if the visitor requests privacy, and

(e) if the visitor is a child under 12 years old and the responsible person for the child requests it—the viewing of the child’s face is to be conducted by a female authorised officer or, if a female authorised officer is unavailable, by another female person at the direction of an authorised officer.

(5) It is sufficient compliance with a requirement made under subclause (3) if only so much of the face covering as prevents the visitor’s face from being seen is removed.

(6) An authorised officer may not require a visitor to remove a face covering under subclause (3) if the visitor establishes, to the officer’s satisfaction, that the visitor has a special justification for not removing the face covering.

Note. A special justification includes having a legitimate medical reason for not removing the face covering.

(7) An authorised officer may refuse to allow a person to visit a correctional centre if the person fails to comply with a requirement under subclause (1) or (3).

(8) In this clause:

(4) The Commissioner may revoke an approval of a person as a visitor to an extreme high risk restricted inmate at any time.

   Maximum penalty: 5 penalty units.

(3) An authorised officer or the principal security officer may confiscate, for the duration of the visit, anything that a visitor has brought into the correctional centre but not left in storage facilities as required by subclause (2).

(4) Any part of the photograph, film, tape or recording that the general manager is satisfied is not likely to prejudice the security of a correctional centre or place anyone’s personal safety at risk must be returned to the person from whom it was taken.

(5) Before returning any photograph, film, tape or recording, the general manager may charge the person for payment of any costs incurred in processing or developing it.

(2) The general manager of a correctional centre may direct that a visit is to be, or is to continue as, a non-contact visit if of the opinion that the visitor is likely:
   (a) to introduce into the centre prohibited goods or any other property that an inmate is not authorised by this Regulation to possess, or
   (b) to act in a threatening, offensive, indecent, obscene, abusive or improper way.

(3) A direction under this clause has effect for the period specified by the direction or, if a period is not specified, from the time it is given until it is revoked by a further direction.

(4) Despite subclauses (1)–(3), a visit to a Category AA male inmate, Category 5 female inmate or an extreme high risk restricted inmate may not be a contact visit unless the Commissioner so approves.

(3) Nothing in this clause limits the operation of clause 100.

104 Termination of visits

(1) An authorised officer may terminate any visit (whether or not the visitor is entitled to make the visit) if of the opinion:

(a) that the visitor has contravened any provision of the Act or this Regulation, or
(b) that the visitor, or inmate being visited by the visitor, is or has been acting in a threatening, offensive, indecent, obscene, abusive or improper way, or
(c) that the continuation of the visit would prejudice the good order and security of the correctional centre, or
(d) that it is in the interests of the visitor, being a visitor who is under the age of 18 years, to terminate the visit.

Note. For example, the Commissioner may terminate a visit by a child who is visiting an inmate convicted of a sexual offence if the Commissioner is of the opinion that it is necessary for the protection of the child.

Note. For example, the Commissioner may direct that a child be prevented from visiting an inmate convicted of a sexual offence if the Commissioner is of the opinion that it is necessary for the protection of the child.

(3) A direction under this clause has effect for the period specified in the direction or, if a period is not specified, from the time it is given until it is revoked by a further direction.

(4) In the case of a letter or parcel from an exempt person, a nominated officer may require the letter or parcel to be opened by the inmate in his or her presence if of the opinion that it may contain prohibited goods and, if it does so, may confiscate the letter or parcel and its contents and deal with them in accordance with the directions of the Commissioner.

evidence may be given of the concentration of alcohol present in the staff member’s
breath, as determined by a device by which a breath test was carried out or by a breath
analysing instrument operated by an authorised person.

(5) The concentration of alcohol so determined is taken to be the concentration of
alcohol in the staff member’s breath when the staff member presented for duty if the

ccentration of alcohol in the staff member’s blood,

(e) that the concentration of alcohol in the staff member’s blood determined by
the analysis and expressed in grams of alcohol in 100 millilitres of blood was

presenting for duty, unless the staff member proves that the prescribed concentration
of alcohol was not present in the staff member’s blood at that time.

(7) The concentration of alcohol so determined is taken to be the concentration of
alcohol in the staff member’s blood while the staff member was on duty if that
sample of blood or non-invasive sample was taken while the staff member was on
duty or within 3 hours of the staff member ceasing to be on duty on the particular day,
