

New South Wales

Water Management (General) Amendment Regulation 2022

under the

Water Management Act 2000

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Water Management Act 2000*.

ANTHONY ROBERTS, MP
Minister for Lands and Water

Explanatory note

The object of this Regulation is to provide that a person who constructs or uses a water supply work smaller in capacity than the water supply work the person is approved to construct or use must notify the Minister of the smaller capacity.

Water Management (General) Amendment Regulation 2022

under the

Water Management Act 2000

1 Name of Regulation

This Regulation is the *Water Management (General) Amendment Regulation 2022*.

2 Commencement

This Regulation commences on the day on which it is published on the NSW legislation website.

3 Amendment of Water Management (General) Regulation 2018

(1) Clause 231 Permanent exemptions from mandatory metering equipment condition

Insert after clause 231(1)—

- (1A) If written notice has been given to the Minister under clause 248A, the capacity of the water supply work notified under that clause is relevant for the purposes of subclause (1).

(2) Clause 248A

Insert after clause 248—

248A Notification of construction or use of water supply work smaller than authorised—the Act, s 400(1)(e)

- (1) A person who constructs or uses a water supply work smaller in capacity than the water supply work for which the person has a water supply work approval must give the Minister written notice of the capacity of the water supply work that has been constructed or is in use.
- (2) Written notice under subclause (1) must be given in a way approved by the Minister.
