

New South Wales

Environmental Planning and Assessment Amendment (State Significant Infrastructure) Order 2023

under the

Environmental Planning and Assessment Act 1979

I, the Minister for Planning, make the following Order under the *Environmental Planning and Assessment Act 1979*, section 5.12(4).

Dated 1 March 2023.

ANTHONY ROBERTS, MP
Minister for Planning

Explanatory note

The object of this Order is to declare development for the purposes of the Cowarra Water Supply Scheme and the Thrumster Wastewater Scheme to be State significant infrastructure.

Environmental Planning and Assessment Amendment (State Significant Infrastructure) Order 2023

under the

Environmental Planning and Assessment Act 1979

1 Name of Order

This Order is the *Environmental Planning and Assessment Amendment (State Significant Infrastructure) Order 2023*.

2 Commencement

This Order commences on the day on which it is published on the NSW legislation website.

Schedule 1 Amendment of State Environmental Planning Policy (Planning Systems) 2021

Schedule 4 State significant infrastructure—specified development on specified land

Insert at the end of the Schedule, with appropriate section numbering—

Cowarra Water Supply Scheme

Development for the purposes of the Cowarra Water Supply Scheme on land in the Port Macquarie-Hastings local government area, including the following—

- (a) the construction of a water treatment facility at Cowarra Dam,
- (b) the construction of a water reservoir,
- (c) the construction of pipelines—
 - (i) between Cowarra Dam and Clearwater Crescent, and
 - (ii) between the water reservoir and water reticulation systems at Thrumster, Port Macquarie and Camden Haven,
- (d) the construction of infrastructure to manage waste generated by the water treatment facility,
- (e) ancillary development.

Thrumster Wastewater Scheme

Development for the purposes of the Thrumster Wastewater Scheme on land in the Port Macquarie-Hastings local government area, including the following—

- (a) construction of a wastewater treatment plant at 433 Fernbank Road, Thrumster,
- (b) construction of sewer rising mains and recycled water mains,
- (c) works at certain existing sewer pump stations for the purposes of reducing sewer load on the existing system,
- (d) ancillary development.
